NEW**Pre-Cut Insulation Kit**

Reduce noise and heat transfer inside your truck with a Pre-Cut Insulation Kit. Each panel has been cut to fit a specific location, and a self-adhesive backing allows for fast and easy installation. Lightweight panels are foil over foam that vary between 2mm and 5mm thick. Pre-cut kits include thermal acoustic panels for the floor, doors and cab wall. A 2" wide roller, sold separately, helps ensure full adhesion.

**38-1726**

PART	DESCRIPTION	APPLICATION	REQD	PRICE
38-1726	PRE-CUT INSULATION KIT-LOW HUMP	CHEVY GMC 67-72	(1)	\$279.95

NEW**LED Tail Light Lens Set**

1967-72 Chevy Truck, Blazer

1967-72 GMC Truck, Jimmy

**LMC
TRUCK
EXCLUSIVE****37-0380**

LED Tail Light Lens Set features a reproduction lens that is patterned like the original lens. The LEDs quickly alerts other drivers of your intentions with LED bulbs that illuminate 140 times faster than conventional incandescent bulbs, which translates to a gain of 20+ feet of reaction distance.

To install LED Tail Light Lenses simply plug them into your existing sockets and screw them into place, it's that easy to add the benefits of LED to your Truck.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
37-0380	LED TAIL LIGHT LENS SET	FLEETSIDE 67-72	(1)	\$89.95
37-0380	LED TAIL LIGHT LENS SET	BLZ JIM 69-72	(1)	\$89.95

We're All Truck Doctors

The Waiting Room

The Patient

The Operating Room

My 6 year old grandson, Bently, was spending the weekend with me. He asked if he was ok to play on the floor behind me while I was fixing lunch. I think he was just warning me not to step on his trucks! I like when my grandkids play nearby and we can talk.

We had just been to Target and had found some new Hot Wheels trucks to add to the collection. He was debating with himself about which truck would get stuck in the mud or is the fastest. We name our trucks and cars, and his parents have The Great White and Fat Girl and Princess D, so the new Hot Wheels trucks were getting named based on how fast they were or well they handled the mud on their long country lane on the rug behind me.

Well, eventually there was a crash, and Bently looked up at me and said, "This truck needs to go to the truck doctor." I sat down on the floor beside him and said, "Ok, let's go to the truck doctor." He looked up at me and said, "But Oma, you are the truck doctor!" Funny, I had never thought of it that way.

But maybe we are the truck doctors. Not just LMC but all of us are truck doctors, keeping them running, so our children and grandchildren can drive a truck that isn't driven by a computer or plugged in the wall. Trucks that have that rumble when you turn them on, that take us through our life adventures, so our grandchildren can give them names. Names that reflect their personality or what they mean to us.

Thank you for letting us be a part of your truck journey and for helping us to Keep'em on the Road for generations to come.

Becky

BAT Battery	OE Original Equipment	
BBL Carburetor Barrel	PNL Panel	
BMC Brake Master Cylinder	PS Power Steering	
BRG Bearing	PWR Power	
BRKT Bracket	REMAN Remanufactured	
	REPRO Reproduction	

If You Can't Find the Part You Need in this Catalog, Here's What You Should Do:

- Check the CLASSIFIED LISTINGS of your local NEWSPAPER (usually the Sunday issue is best) for cars being "parted out" (sold in pieces).
- Check local SALVAGE YARDS. Even if they do not have a truck like yours on hand, most salvage yards have access to a communication network which connects them to other salvage yards in your region of the country. Don't hesitate to ask them if you may use it.
- Check local BODY SHOPS and GARAGES for parts accumulations they may have built up over the years. You might get lucky!
- Check local WELDING and MACHINE SHOPS to see if they might be able to MAKE the part you need.

PART	ILL#	DESCRIPTION	"A"	APPLICATION	REQD	PRICE
38-9568	(1)	TAILGATE-PLAIN		CHEVY GMC 67-72	(1)	\$189.95*

Part Number You Order

-T After a part number means that part must be shipped Truck Freight. The prepaid order will include a \$125.00 charge for delivery in the 48 contiguous United States. Orders outside of the 48 states will be quoted. Additional delivery time required.

-Z Remanufactured Part - Core charge will be applied then refunded after receipt of a rebuildable core.

-R Remanufactured Part - No core charge.

Color Suffixes

-BL Black
 -GR Gray
 -GN Green
 -LL Blue
 -OW Off White
 -RD Red
 -TN Tan

Illustration Reference Number

Product illustrations are for representation purposes only. Products supplied may vary from illustrations.

Description Of Part**Special Note About Part**

On the description line of part you see "A", this means there is a special note about this particular part. At the bottom of the section the part appears on you will find a shadow box that will describe to you what the special note for this part is.

Application

Model and year this part fits, i.e. Chevy GMC 1967-72.

Throughout this catalog, the application line of the part number describes which model of GM Truck that particular part will fit. The models this catalog covers are C5, C10, C15, C20, C25 two wheel drive trucks, K5, K10, K15, K20, K25 four wheel drive trucks, Chevrolet and GMC Suburbans. Because not everyone can identify their truck by these model descriptions, here is an example of what each word and number that appears on the description line stands for:

CHEVY GMC	=	Chevrolet Truck,	GMC	=	GMC Truck, Jimmy
		Blazer, Suburban	BLZ JIM	=	Blazer and Jimmy
		GMC Truck, Jimmy, Suburban	SUBURBAN	=	Suburban
CHEVY	=	Chevrolet Truck, Blazer			

The easiest way to tell if your truck is a 1/2 or 3/4 ton is to look at the bolt patterns on your wheels. Trucks with five or six bolt patterns are 1/2 tons, trucks with eight bolt patterns are 3/4 tons.

Chassis ID numbers are found in the body and dashboard sections. Chassis numbers will also be found in the heating, brake, electrical and other areas where change points were needed. For Chassis ID Numbers See Page 9.

Engine ID numbers are normally found in the engine section; however, they may also be used in other areas of the catalog. For Engine ID Numbers See Page 10.

Required Quantity

Quantity required to purchase for one (1) truck, i.e. one (1) Tailgate is required for one truck.

Sell Price

Sell price you pay for one part. All items in this catalog are priced each. "Kit" and "set" normally do one (1) truck; read "REQD" column to be sure.

Oversize Part Charge Applies

*After the sell price means Oversize Part Charge. Your order will incur a charge of \$20.00 for each oversized part. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery.

1967-72 Chevrolet Truck Chassis Identification

1967-1969 The Vehicle Identification Number is found on the GVW Serial Number Plate located on the left hand door pillar. **1970-1972** The Vehicle Identification Number is found on the combination Vehicle Identification and Rating Plate located on the left hand door pillar.

Vehicle Identification Number (VIN)

C C S 1 4 8 F 100043

Manufacturer (1972 only) _____
C = Chevrolet

Chassis Designation _____
C = Conventional
K = 4 Wheel Drive

Engine Designation _____
S = 6 Cylinder
E = 8 Cylinder

GVW Range _____

How to Identify Your Transmission

TH350 and TH400 Transmissions can be identified by the location of the Modulator and by the shape of the transmission pan.

- TH350 - Modulator is located at the back of the transmission case.
- TH400 - Modulator is located on the side of the transmission case.

Engine Identification

Chevrolet Truck 1967-72

Chevrolet Blazer 1969-72

The 6-cylinder engine numbers are stamped on a pad on the right side of the engine at the rear of the distributor. The V-8 engine numbers are stamped on a pad immediately forward of the right hand cylinder head.

*** 402 big blocks are sometimes referred to as 400 big blocks or the more generic term "396 Big Block".

1967-72 Truck History

1967-1972 Defines an era of Chevrolet pickups that are contemporary classics. The new body style that blended the cab and the bed into one fluid and harmonious design gave this range of trucks a look that was strikingly different when new and modern, even today.

1967 "Chevrolet" letters across on hood and bowtie emblem on grille. GMC letters embossed in center of grille. Small rear window is standard and big window was optional. Steel floor was standard on the Fleetside bed with a wood floor being optional and wood standard on the Stepside. Trim levels available in Standard, Custom and Custom Sport Truck (CST) trim levels. Suburban dropped Carryall from its name and added a 3/4 ton version. 3rd door on passenger side was new and were available with a tailgate or cargo doors. 2nd and 3rd row seats were optional. 250 and 292 inline 6-cylinder engines offered, while a 305 V6 was available only in GMC trucks. V8 engines included 283 and 327. Transmissions available: 3 Speed manual, 3 Speed manual with overdrive on 1/2 ton only, 4 Speed manual and two automatics; Powerglide and Turbo Hydra-matic.

1968 GMC grille lettering moved from grille to leading edge of hood. Small rear window discontinued due to federal regulations. Front and rear sidemarker lamps added. Longhorn Fleetside pickup offered with 133 inch wheelbase and 8-1/2 foot bed. 50th anniversary edition included gold and white exterior and matching interior. Custom Camper 4WD offered with heavy-duty rear springs and shocks, larger tires. 307 V8 replaced 283. 396 V8 optional.

1969 Hood changed to near vertical front face. New grille on Chevrolet models with integrated parking lights. Bowtie emblem moved to hood. Various comfort and appearance packages available. Foot operated parking brake replaced previous hand operated type. Blazer model available as 4WD only. Black or white removable fiberglass top was optional. 2 spoke steering wheel replaced 3 spoke version on all models. Power steering available on 4WD trucks. New 350 V8 replaced 327. 305 V6 dropped midyear.

1970 Tilt steering wheel was optional. 2WD Blazer available, Jimmy introduced in 2WD and 4WD. Optional bed mounted storage compartment on right hand side of trucks. Frame mounted auxiliary fuel tank optional on 3/4 ton Fleetsides. Rear air shocks available on models with rear coil springs. 4WD models could order the Turbo Hydra-matic for the first time. 402 V8 (called the 400) replaced the 396.

1971 Chevy and GMC grilles redesigned. Bowtie moved back to center of grille on Chevrolet models. Parking lights changed to amber and moved to bumper. Chevrolet trim levels were Custom, Custom Deluxe and Cheyenne. GMC trim levels were Custom, Super Custom and Sierra. Front disc brakes replaced drums on all models. Cheyenne Super and Sierra Grande offered. Fuel evaporative system standard on 1/2 ton. Stricter exhaust emissions reduced power and fuel economy.

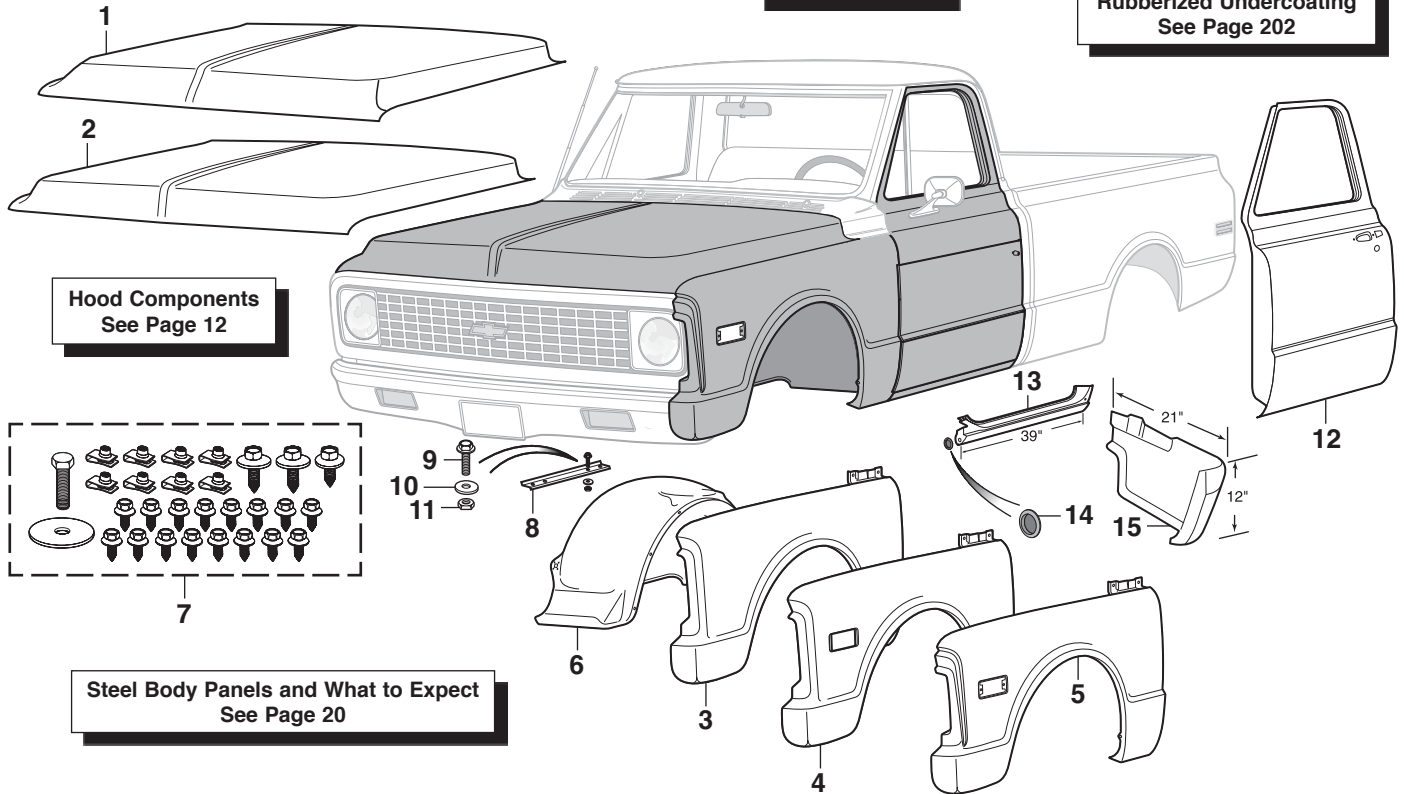

1972 New interior trim package Highlander offered. Molded plastic door trim panels replaced metal type. Interior mirror now attached to windshield. Suburban and 1/2 tons trucks no longer available with 292 engine.

Hood Latch Assembly with Inside Cable Release ... Protection and Convenience for Your Truck

30-1590

30-1591

30-1592

Assembly Includes:

- New hood latch.
- Hood release cable with mounting bracket to attach handle to dash.
- Installation instructions.

Protect the parts under your hood by securing your truck's engine bay with this hood latch with inside release cable! Made from new tooling, these direct replacement hood latches feature a cable actuated lock, just like you would find on late model trucks, to keep would-be thieves out of your engine bay.

Simply pull the cable from inside your cab to release the latch, then squeeze the original style lever on the hood latch to open your hood.

Steel Hood Scoops

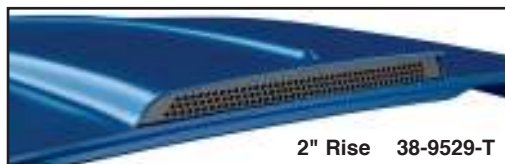

*After the sell price means Oversize Part Charge. Your order will incur a charge of \$20.00 for each oversized part. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery.

PART	DESCRIPTION	PRICE
38-7774	HOOD SCOOP-STEEL 2" RISE	\$159.95*
38-7775	HOOD SCOOP-STEEL 4" RISE	\$159.95*

These 2" and 4" Universal Fit Hood Scoops are stamped from 18-gauge steel and coated with an Electro Deposit Primer (EDP) for a smooth surface. Installation will require cutting and forming the scoop to match the length and curvature of your truck's hood. Welding and body work will be required prior to painting.

Cowl Induction Steel Hoods ... Give Your Truck a High Performance Look

2" Rise 38-9529-T

38-9529-T

38-9527-T

Cowl Induction Steel Hood helps cool the engine for increased airflow and increased performance. The outside cold fresh air carries a denser air/fuel mixture to an engine's combustion chambers than the warm underhood air. Hoods are made from primed high-quality steel with full inner frame that reuses original factory latch and hinges for an easy bolt-on application and must be painted.

-T after a part number means that part must be shipped Truck Freight. The prepaid order will include a \$125.00 charge for delivery in the 48 contiguous United States. Orders outside of the 48 states will be quoted. Additional delivery time required.

Heat-resistant textured ABS Hood Insulation Kit covers up the underside of your hood and is available with or without officially licensed logo. Each kit includes pre-cut foil-backed insulation material, 14 oz. spray adhesive, 1 roll of aluminum tape, center punch, drill sleeve, mounting hardware and illustrated instructions. Drilling may be required on models not originally equipped with hood insulation.

POR-15 Restoration Products

POR-15 is a high-performance rust preventative black paint designed to extend the life of new and rusted metal surfaces. It dries to a rock-hard, non-porous finish that will not rust, chip, crack or peel.

Dries in 2 to 5 hours; body fillers and paint can be applied over POR-15. For maximum effectiveness, degrease metal surfaces with Cleaner Degreaser, then prime with Metal-Prep.

Approximate product coverage:
1 pint = 48 sq. ft.; 1 quart = 96 sq. ft.

Dry Time Accelerator reduces the cure time of POR-15 by 30-50% without affecting the final physical properties of the paint. One 8 ounce bottle treats 64 pints or 32 quarts of POR-15.

PART	DESCRIPTION	PRICE
37-8411	POR-15 SEMI-GLOSS-1 PINT	\$34.95
37-8412	POR-15 SEMI-GLOSS-1 QUART	\$52.95
37-8408	POR-15 GLOSS-1 PINT	\$34.95
37-8409	POR-15 GLOSS-1 QUART	\$52.95
37-8418	DRY TIME ACCELERATOR	\$29.95

High Temp Paint is an extreme temperature finish that maintains color without burning off or discoloring on manifolds and headers. Withstands high temperatures up to 1200°F and resist cracking, chipping and peeling. It is weather-, salt- and moisture-resistant. Available in gray or aluminum color; can be brushed or sprayed on. Recommend sandblasting for optimal surface preparation.

Approximate coverage: 8 oz. covers a set of big block V8 headers with two coats.

PART	DESCRIPTION	PRICE
37-8484	HIGH TEMP PAINT-GRAY 8 OZ	\$21.95
37-8485	HIGH TEMP PAINT-ALUM 8 OZ	\$21.95

Metal-Prep provides adhesion for POR-15 on any metal surface. Gently etches metal, neutralizes rust and creates an ideal anchor for coatings such as POR-15, while leaving a zinc phosphate finish to ensure chemical bonding of paint and steel. Metal-Prep must be used on galvanized metal, aluminum, stainless steel and smooth, polished or new metal surfaces prior to applying POR-15. Metal-Prep is water-based so it is not caustic, corrosive, toxic or flammable.

PART	DESCRIPTION	PRICE
37-8415	METAL-PREP 1 QUART	\$18.95
37-8416	METAL-PREP 1 GALLON	\$36.95

Cleaner Degreaser cleans and degreases in one application without messy residues, noxious fumes or flammable solvents. Removes grease, oil, mildew, algae, musty odors, soap films and wax from canvas, vinyl, plastics, nylon, wood, fiberglass and all metal surfaces.

Cleaner Degreaser should be used as a surface prep prior to using Metal-Prep and POR-15.

PART	DESCRIPTION	PRICE
37-8413	CLEANER DEGREASER 1 QUART	\$12.95
37-8414	CLEANER DEGREASER 1 GALLON	\$24.95

POR-15 Self Etch Primer is a quick drying and easy-to-apply coating which enables a restorer to quickly topcoat POR-15 Rust Preventive Coating and other basecoats. You can even topcoat POR-15 that's been in place for months or years. This Self Etch Primer is NOT a high-build primer, it can be sprayed on almost any painted surface and can be top coated in 15 - 30 minutes. It bonds incredibly well to POR-15 Rust Preventive Coating, and all topcoats bond incredibly well to POR-15 Self Etch Primer. It can be sanded lightly, and, if desired, multiple coats may be applied.

PART	DESCRIPTION	PRICE
37-8401	SELF ETCH PRIMER-GRAY	\$32.95

37-8402

37-8403

37-8404

PART	DESCRIPTION	PRICE
37-8402	TOP COAT-CLEAR	\$24.95
37-8403	TOP COAT-GLOSS BLACK	\$24.95
37-8404	TOP COAT-CHASSIS BLACK	\$24.95

POR-15 Top Coat can be applied directly to a clean prepped metal surface, but when used as a top coat over POR-15 Rust Preventive Coating it provides the toughest, most permanent protection against rust and corrosion. It has exceptional long-term gloss and color retention when exposed to sunlight and the elements, non-porous, extremely scratch and chip resistant, won't crack, peel or chip. Can be applied directly to metal substrates, with no need for a primer or undercoat, and is formulated to form a robust barrier that sheds moisture.

Chassis Black has a semi-gloss appearance. For maximum durability Chassis Black should be clear coated.

Bed Liner is a water-based, rubberized coating ideal for protecting truck beds, and all other metal, aluminum, fiberglass and wood surfaces exposed to impacts and scuffs. It is UV stable and offers superior adhesion, impact resistance and flexibility. Features a textured semi-gloss black finish for good looks. Prior to application, surfaces should be degreased with Cleaner Degreaser and metal surfaces should be treated with Metal Prep. Bed Liner can be applied over POR-15.

Shortbed trucks - 1 gallon for two coats on bed floor, sides and tailgate. Longbed trucks need an additional quart.

Approximate product coverage:
1 quart = 25-30 sq. ft.; 1 gallon = 100-120 sq. ft.

PART	DESCRIPTION	PRICE
37-8480	BED LINER 1 QUART	\$32.95
37-8481	BED LINER 1 GALLON	\$119.95

Fuel Tank Sealer coats the inside of your tank to stop rust and seal pinholes and weld seams. It's a non-porous, flexible film that is resistant to all fuels, alcohols and fuel additives. This environmentally safe sealer does not contain the harmful chemical Methyl Ethyl Ketone (MEK) and is non-flammable. Cleaner Degreaser and Metal-Prep must be used to prep fuel tank prior to using fuel tank sealer.

Approximate product coverage:
1 pint = to 12.5 gal tank; 1 quart = to 25 gal tank

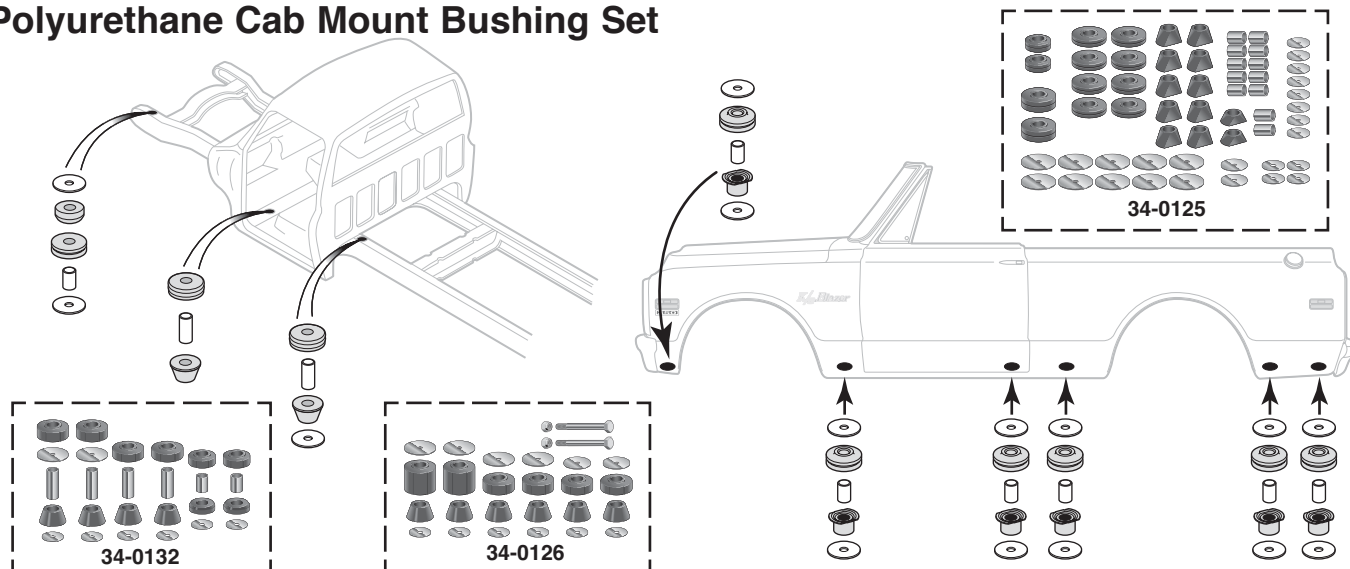

PART	DESCRIPTION	PRICE
37-8488	FUEL TANK SEALER 1 PINT	\$26.95
37-8489	FUEL TANK SEALER 1 QUART	\$44.95

POR-15 Stop Rust Kit is designed to stop and/or prevent rust on metal surfaces and ensures the best results when applying POR-15 Rust Preventive Coating. The kit contains everything you need for the 3-step process, 8 ounce bottle of POR-15 Cleaner Degreaser, 8 ounce bottle of POR-15 Metal Prep, 4 ounce can of POR-15 Gloss Black, two paint brushes, 1 pair of latex gloves, and detailed instructions and tips. The kit is ideal for small projects such as sub-frames, axle replacements, control arms, brake shields and much more! There is enough material in this kit to cover a 6 sq. ft. area with two coats.

38-8245	PANEL & TRIM TOOL SET-5PC	\$9.95

Spot Weld Cutter

Quickly drills out spot welds on body panels. Features 1/4" arbor and double-ended 3/8" diameter cutting blade with retractable pilot to ensure accurate cuts without damage to underlying panel.

PART	DESCRIPTION	PRICE
38-1307	SPOT WELD CUTTER-3/8"	\$9.95
38-1396	REPL HEAD-3/8"-3 PACK	\$11.95

Hand Riveter Set ... Makes Rivet Installation Easy

The Hand Riveter Set works great for body clips, door components, ID plates and sheet metal repairs. Comes with four nosepieces (3/32", 1/8", 5/32" and 3/16") and a wrench inside the gun's handle. 60 blind rivets included.

The Heavy-Duty Hand Riveter Set features extra long handles to give you more leverage setting rivets. A collection bottle keeps the workplace safe and clean. Includes 3/32", 1/8", 5/32", 3/16" nosepieces, plus 1/4" for larger projects like installing brackets and window regulators. Comes with a wrench and 50 blind rivets.

PART	DESCRIPTION	PRICE
38-1239	HAND RIVETER SET	\$8.95
38-1289	HAND RIVETER SET-HD	\$19.95

Plug Weld Pliers

Spot weld your new rockers or other body panels with ease and have a factory style weld to show for it. The Plug Weld Pliers feature locking jaws and a replaceable copper alloy pad to prevent burn through. Replacement pads sold below.

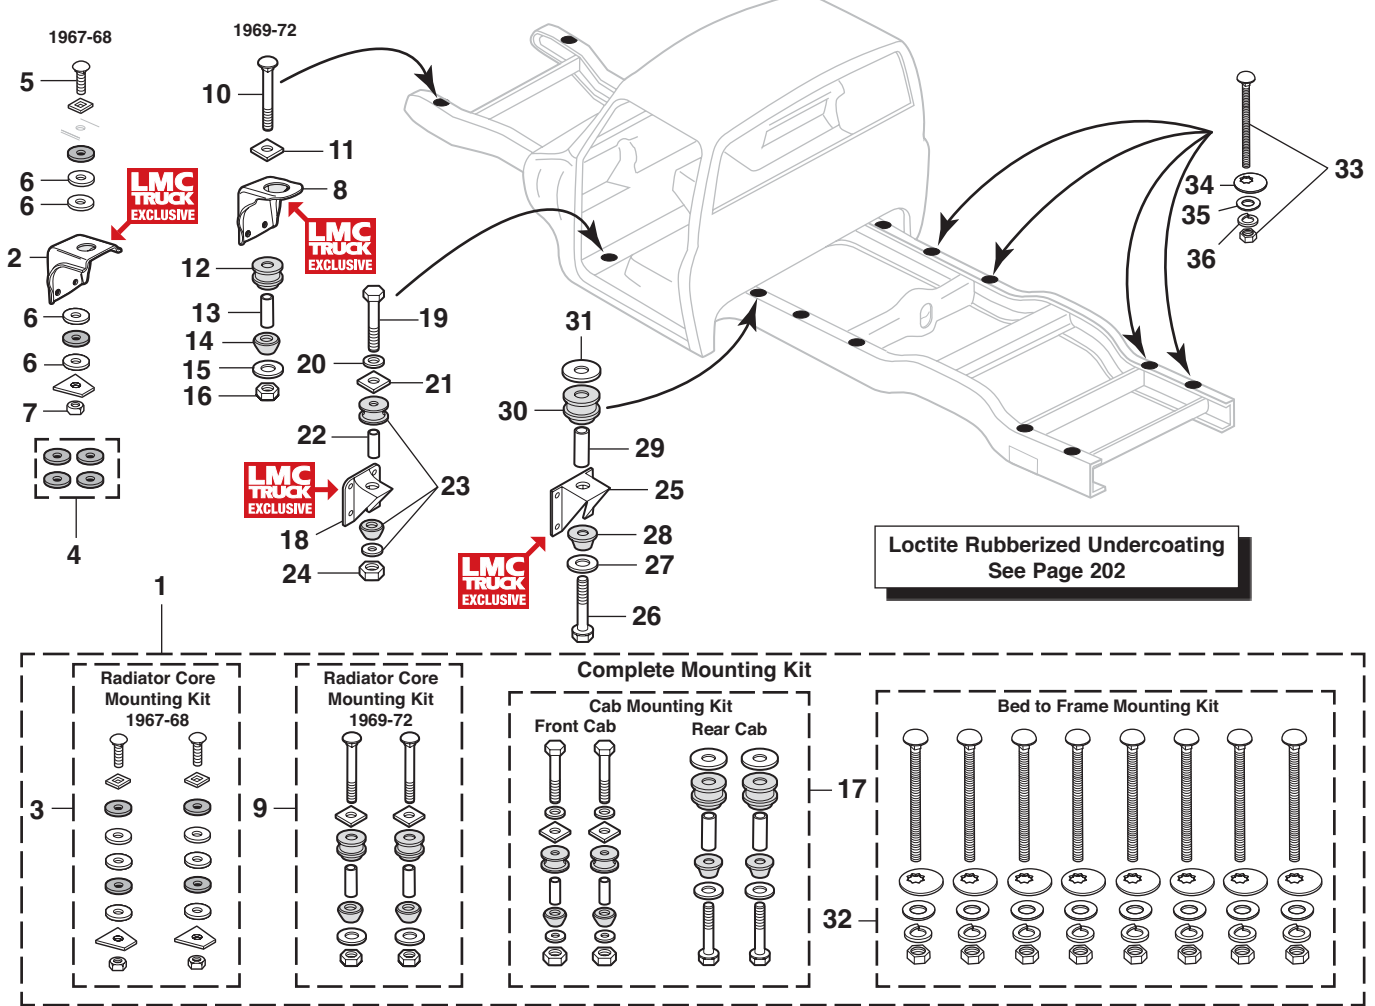

PART	DESCRIPTION	PRICE
38-1318	PLUG WELD PLIERS	\$25.95
38-1319	REPLACEMENT PAD	\$8.95

Radiator Core Support / Cab / Bed Mounting Hardware

2WD 1/2 Ton Models

1967-72 Chevy & GMC Truck

The Complete Mounting Kit includes the Radiator Core Support Mounting Kit, Front and Rear Cab to Frame Mounting Kit and the Bed to Frame Mounting Kit. These rubber cushions are made like original and provide a smooth ride while maintaining proper cab-to-bed alignment.

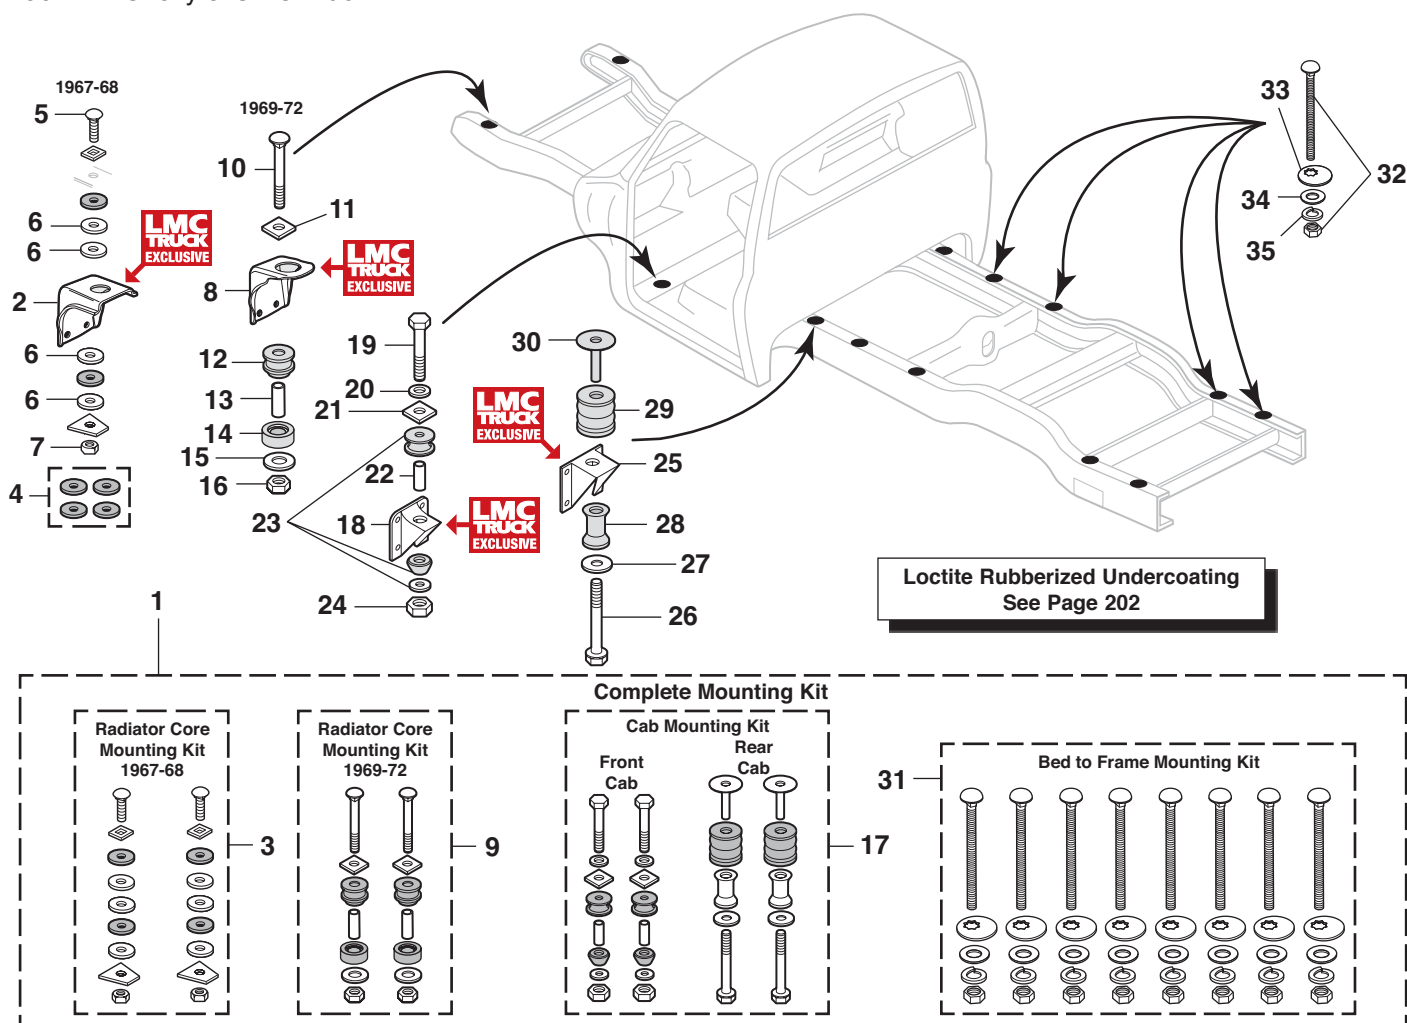

Parts are sold separately, priced each. "Set" means will complete one vehicle, Req'd (1). If a (4) is in the Req'd column then four must be purchased to do one vehicle.

Steel Body Panels and What to Expect

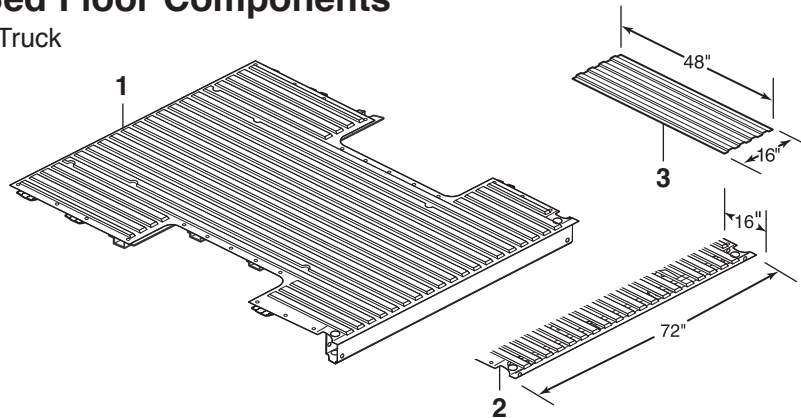

All sheet metal is inspected before it is shipped and careful steps are taken to package parts so there is no damage during shipping. Due to the nature of the product, sheet metal is easily damaged and scratches, dents, dings and other imperfections are normal and not considered damaged. These kinds of imperfections should be expected and can be easily fixed during installation and the paint preparation, sanding and priming stages of your restoration. It is recommended you inspect all sheet metal that is delivered before the delivery driver leaves. Test fitting of all panels before installation is recommended and the use of alignment shims and other adjustments during the install may be required.

-T after a part number means that part must be shipped Truck Freight. The prepaid order will include a \$125.00 charge for delivery in the 48 contiguous United States. Orders outside of the 48 states will be quoted. Additional delivery time required.

*After the sell price means Oversize Part Charge. Your order will incur a charge of \$20.00 for each oversized part. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery.

Fleetside Steel Bed Floor Components

1967-72 Chevy & GMC Truck

Seam Sealer
See Page 202

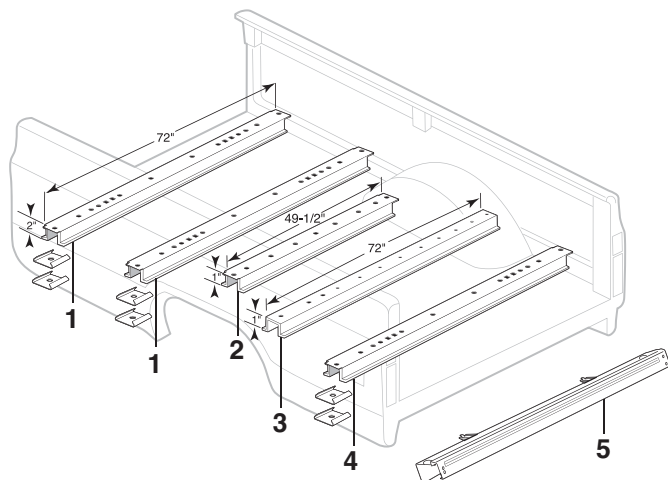

Fleetside Steel Bed Floor Assembly

Produced from new tooling, this new bed floor is a direct replacement and comes complete with cross sills, tail pan and reinforcements. It is ready to bolt into place using new LMC Truck hardware, sold separately. Steel bed floor offers a sturdy base for those sagging bedsides. A professional EDP (Electro Deposit Primer) coating offers a smooth surface for favorite finishes.

PART	ILL#	DESCRIPTION	APPLICATION	REQD	PRICE
Free Shipping does not apply to Bed Floor Assemblies. The prepaid order will include a \$250 charge for truck freight delivery in the 48 contiguous United States. Orders outside the 48 states will be quoted. You must call 1-800-562-8782 to order Bed Floors.

Tie Down Anchors ... Easy to Use In and Out

38-3239

38-3237

38-3238

These heavy-duty, steel anchor points have a unique "C" clamp design allowing installation where needed; just clamp to bed rail and secure the load. Point and plate are vinyl coated and will not rust or scratch the truck's finish. Can be used with "under the rail" style bed liners.

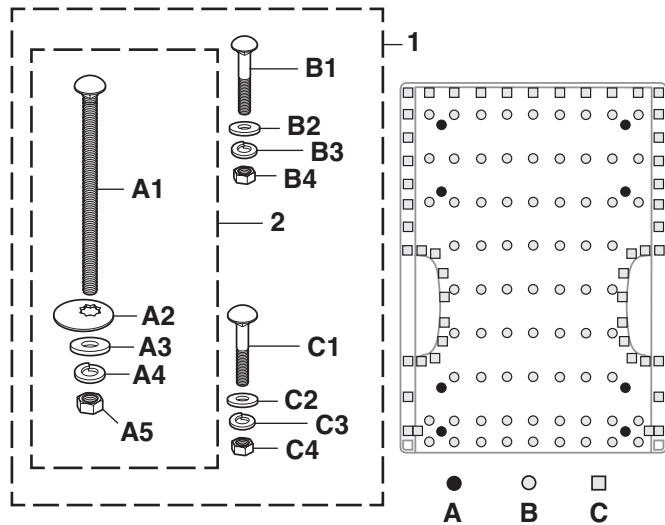

PART	DESCRIPTION	APPLICATION	REQD	PRICE
38-3239	MOVABLE ANCHOR POINT	FLEETSIDE 67-72	(AR)	\$6.95

Tie Down Anchors install and uninstall in minutes with no tools required. Insert heavy-duty Tie Down Anchor into stake pocket hole and turn the eyebolt to expand the rubber block. Two loop styles to choose from: chrome-plated loop #38-3237 or standard zinc-plated loop #38-3238. Both styles have metal top plates and a rubber liner underneath to protect the truck's finish. Sold individually.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
38-3237	TIE DOWN ANCHOR-CHROME LOOP	CHEVY GMC 67-72	(AR)	\$6.95
38-3238	TIE DOWN ANCHOR-ZINC LOOP	CHEVY GMC 67-72	(AR)	\$4.95

Polished Stainless Steel Bed Hardware Kits

1967-72 Chevy & GMC Truck

Finish off the look of your wood bed with a Bed to Frame Mounting Kit and Bedside Hardware Kit. The Bed to Frame Mounting Kit includes the hardware to attach the bed wood to the frame. The Bedside Hardware Kit comes with the hardware to attach the bedside and wheel housing (on Fleetside models) to the bed. Kits include stainless steel hardware with polished bolt heads and offset washers.

PSS = Polished Stainless Steel

3-in-1 Truck Ties

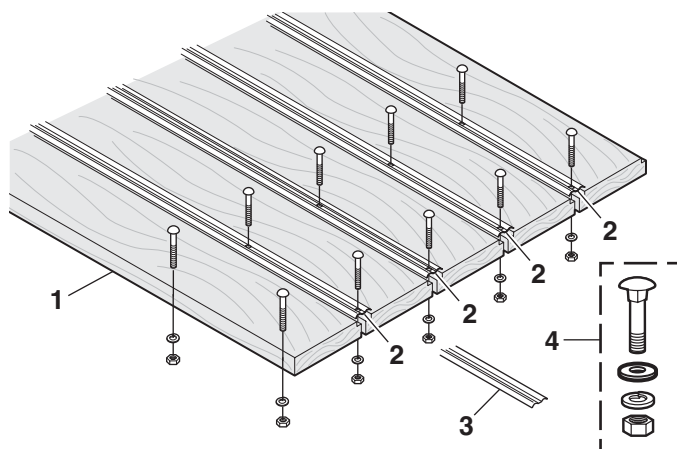

Tested to -20°F and 165°F, these 3-in-1 Truck Ties are made in the USA from durable nylon plastic and are designed to fit into the stake pockets of your truck in three different ways: by installing with the ring side facing the truck bed so multiple cargo straps can be used; with the cleat side facing the truck bed to keep tension in the rope each time it is looped around the tie; or by covering the load with a tarp over the stake pockets and inserting the truck ties into the stake pockets over the tarp (rated for highway speeds).

Ties can be installed and removed with no drilling or modifications necessary.

Steel Body Panels and What to Expect

All sheet metal is inspected before it is shipped and careful steps are taken to package parts so there is no damage during shipping. Due to the nature of the product, sheet metal is easily damaged and scratches, dents, dings and other imperfections are normal and not considered damaged. These kinds of imperfections should be expected and can be easily fixed during installation and the paint preparation, sanding and priming stages of your restoration. It is recommended you inspect all sheet metal that is delivered before the delivery driver leaves. Test fitting of all panels before installation is recommended and the use of alignment shims and other adjustments during the install may be required.

-T after a part number means that part must be shipped Truck Freight. The prepaid order will include a \$125.00 charge for delivery in the 48 contiguous United States. Orders outside of the 48 states will be quoted. Additional delivery time required.

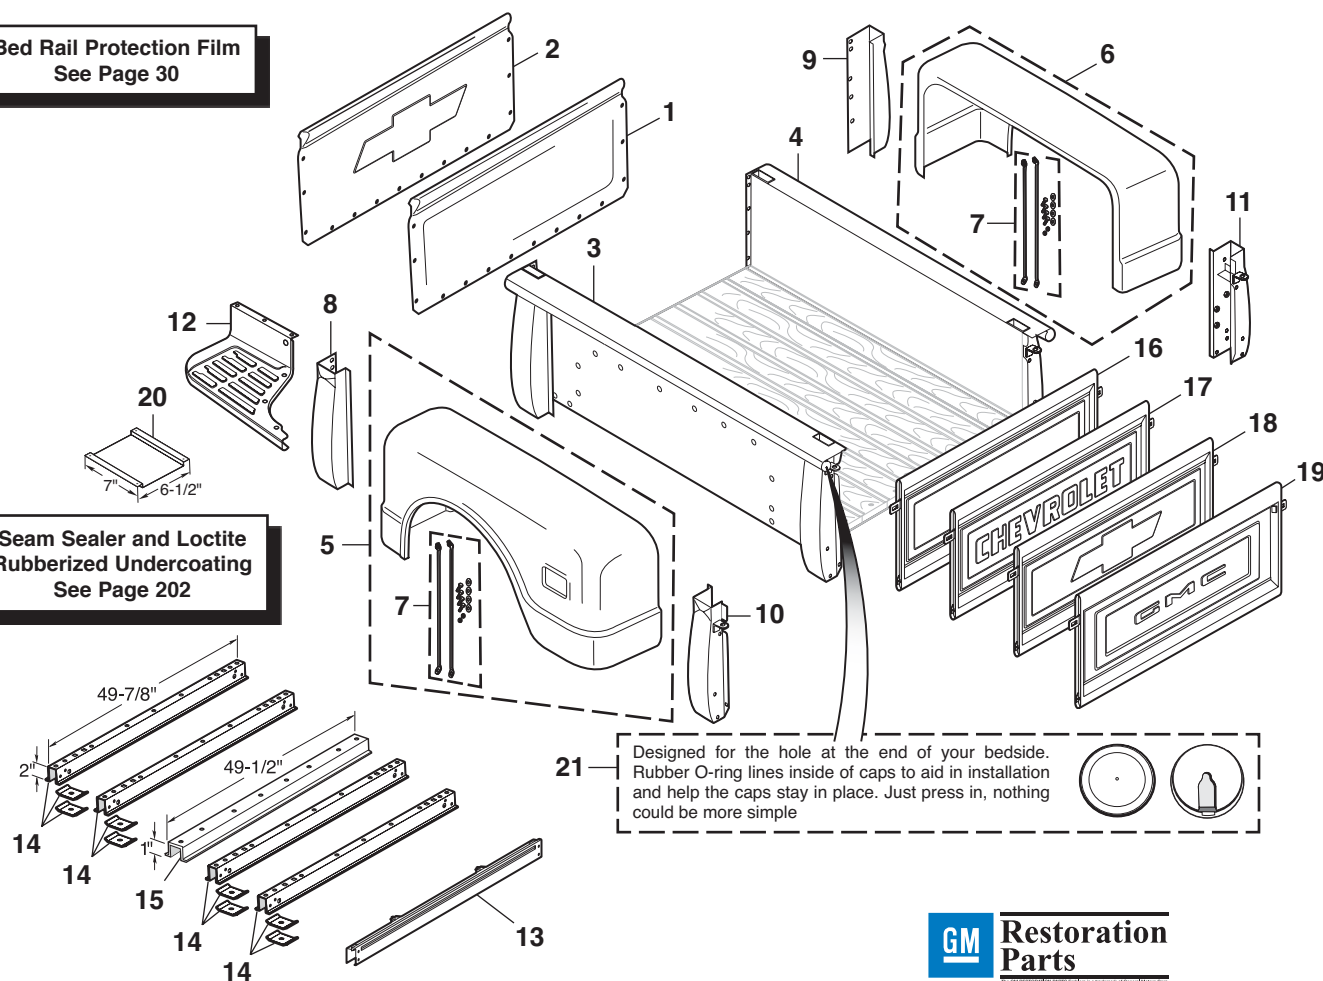

*After the sell price means Oversize Part Charge. Your order will incur a charge of \$20.00 for each oversized part. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery.

GM Restoration Parts

OE Quality Tailgate Reproductions
Parts #38-9687 and #38-9361

Reproduction Tailgates are produced from new tooling with 18-gauge OE quality steel, as original, for strength and durability. The sturdy tailgate base outperforms current collision-damage tailgates. Professional EDP (Electro Deposit Primer) coating offers a smooth surface. GM Officially Licensed Products purchased from an authorized GM Service Parts Operator (GMSPO) Licensee.

Stepside Bed Wood Kits

1967-72 Chevy & GMC Truck

Bed Wood Kits are unfinished and do not come with pre-drilled holes. Washers should be countersunk when installed. All Bed Strip Kits and Angle Strip Sets are pre-cut to fit and include pre-punched square holes. Hardware is not included and must be purchased separately.

Angle Covers bolt directly over the existing angle strip, allowing you to renew the appearance of your angle strips without removing the old ones. *Holes are not pre-punched.*

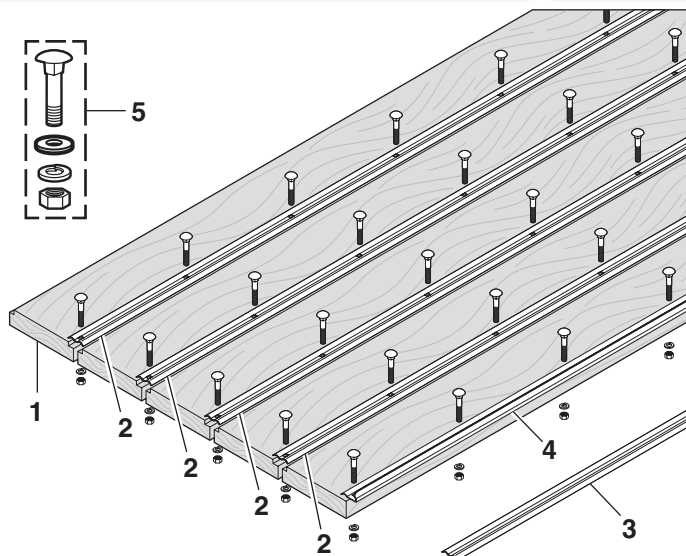

Polished items in Bed Bolt Kits are carriage bolt heads. Kits may differ from illustration depending on application.

Bed to frame hardware is not included in Bed Bolt Kit - See Pages 18 & 19

*After the sell price means Oversize Part Charge. Your order will incur a charge of \$20.00 for each oversized part. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery.

Rail-Guards Provide Protection for Your Truck's Bed Rails

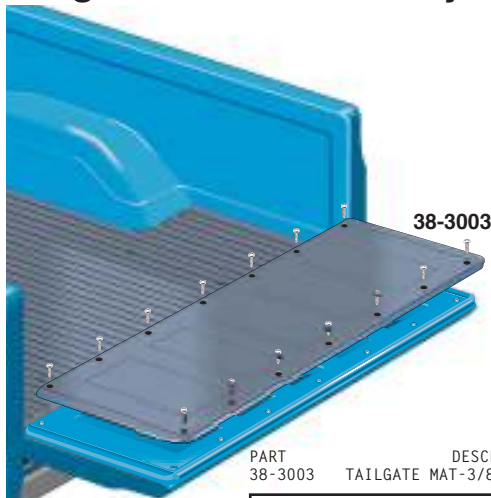

Rail-Guard is made of impact absorbing heavy-duty vinyl to protect your truck's bed rails. No drilling required. The full width 3M™ adhesive

over the entire backside ensures maximum holding and means no condensation and dirt under the Rail-Guard. Can be used on running boards, rocker panels and in other applications where an attractive protection strip is needed.

Rail-Guard Set is a 22 foot roll of 3-3/4" wide vinyl for bedsides and tailgate with a 6 foot roll of 1" extrusion for the front bed panel. Tailgate Guard is a 6 foot roll of 3-3/4" material. Must be sized and cut to fit.

Tailgate Mat ... Exceptional Toughness and Durability

38-3003

This rugged, virtually indestructible Tailgate Mat is made with 3/8" thick cord-reinforced rubber for optimum tear strength and protects the tailgate against dents, scratches and chemical spills.

The knobby underside promotes aeration and drainage to keep the tailgate dry. This is a custom molded mat with no trimming necessary. Includes mounting hardware. Requires minimal maintenance; cleanup is easy with soap and water.

EXCLUSIVE

Stepside Shortbed Tonneau Cover ... Velcro for Easy Installation and Removal

Fits Stepside Shortbed models only.

Durable and easy to use, Tonneau Cover is installed over the truck's bed using Velcro. The Velcro covers the full truck bed's perimeter. No drilling required. The "loop" is sewn to the Tonneau and the Velcro attaches to the bed with extra strong peel-and-stick adhesive.

Tonneau is designed to fit around and under the rolled sides and comes with a small tab at the back corners to seal the gap between the high outside edge and low rear gate.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
38-3019	VELCRO TONNEAU-BLACK	SHORTBED STEPSIDE 67-72	(1)	\$199.95
38-3028	REPLACEMENT VELCRO KIT-BED RAIL		(1)	\$26.95

Tonneau Covers Save Gas and Protect Your Cargo

*After the sell price means Oversize Part Charge. Your order will incur a charge of \$20.00 for each oversized part. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery.

Tonneau Cover is made from heavy-duty vinyl attached to a black enameled aluminum frame which clamps to the truck's bed. No drilling needed. Frame does not attach to the tailgate so it can be opened as needed. Vinyl cover comes with a 10-year warranty and the frame has a lifetime warranty. Smooth, aerodynamic profile improves gas mileage by as much as 10%.

Tonneau Covers feature special reversible snaps, which allows adjustable tension to compensate for weather conditions. Position the snap stud low for a tight fit in hot weather or reverse the snap stud to high for looser fit in cold weather. Corners and snaps are backed with thick polymer. Strong and durable fiberglass reinforced nylon snaps will not break.

The large, adjustable bows help keep rain and snow out and are easily removed and reinstalled when hauling bulky items. Locking corners allow easy removal of the tail rail to haul longer loads.

Hinged Tonneau Cover design enables full access to the bed without unsnapping the entire cover. Simply unlock the polymer covered locking handles and lift the tonneau cover. Aluminum frame features stainless steel and brass snaps and locking corners allowing easy removal. The quick release front hinge makes removal of the entire cover and frame easy; or if the frame cannot be left, roll up the vinyl cover and secure with the convenient straps, then remove the bows and tail rail to haul that bulky load.

Tuff Truck Bag

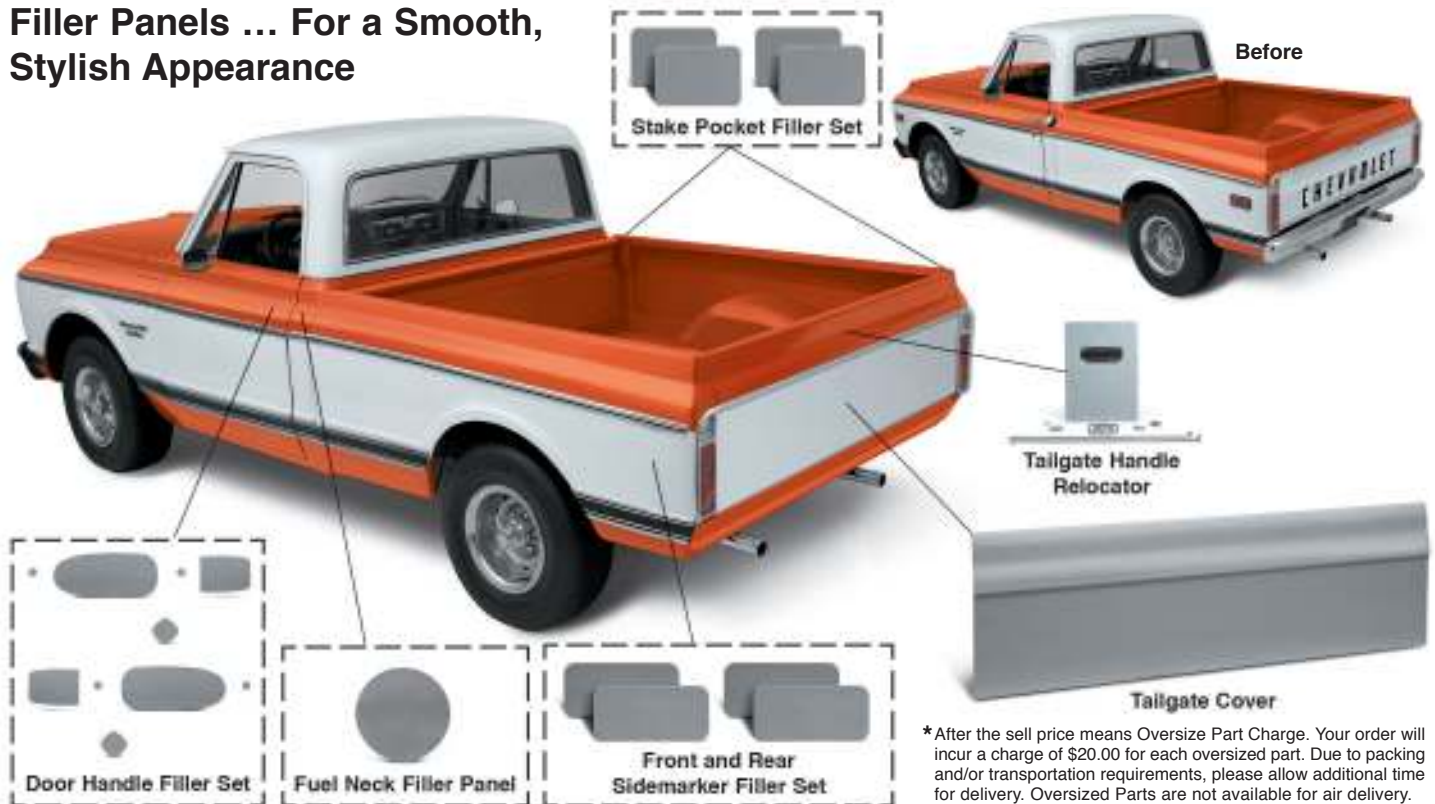

PART	DESCRIPTION	REQD	PRICE
38-3058	TUFF TRUCK BAG-BLACK	(1)	\$169.95

Tuff Truck Bag is heavy-duty to withstand the elements for all-season cargo protection yet lightweight and collapsible to allow for easy storage when not in use. Tuff Truck Bag can be set up and loaded into any truck bed within minutes, unlike the time required for a camper shell or tonneau cover installation.

- Made from weatherproof, waterproof, non-breathable PVC material with heat fusion epoxy sealed seams along all edges.
- Heavy-duty, commercial-grade zipper and waterproof PVC triple-fold flap that covers the zipper.
- Heavy-duty metal rings in all four bag corners (top and bottom) to retain the bag to the truck.
- Includes storage tote bag and four adjustable bungee cords.
- Provides 26 cubic feet (40"x 50"x 22") of waterproof storage for any truck bed.
- Can be used alone or in addition to existing storage boxes.

Filler Panels ... For a Smooth, Stylish Appearance

Filler Panels

Smooth made easy! No more fabricating filler panels by hand; get a custom look for your truck with these pre-formed Filler Panels. Made from 18-gauge steel and shaped to match the contour of your truck, they just weld in and grind smooth.

#38-7622 Sidemark Filler Set is legal for show, competition and off-road use only.

LMC Truck Cover ... Who Knew Protecting Your Vehicle's Finish Could Be So Inexpensive!

LMC universal fit truck covers provide protection from the elements and are not affected by temperature extremes. In summer a cover keeps the interior cooler and helps protect from the sun's damaging rays, which can cause fading and deterioration. In winter it can keep the snow and ice off your glass and finish.

Fabric will not stretch, shrink, rot or mildew. Elastic is sewn in front and rear hems to ensure snug fit. Call or go online and order your truck cover today.

Antenna must be removed or an antenna grommet attached to your cover before use. See below for more information on antenna grommet.

LMC 1000 **\$59.95** **GOOD** each

For Moderate Weather Conditions

Durable synthetic fabric has the look and feel of more expensive covers. Water resistant, yet breathable and features double-stitched seams for maximum strength.

Exterior Rubber Kit and Components

1967-72 Chevy & GMC Truck

Five Piece Exterior Rubber Kit Contains:

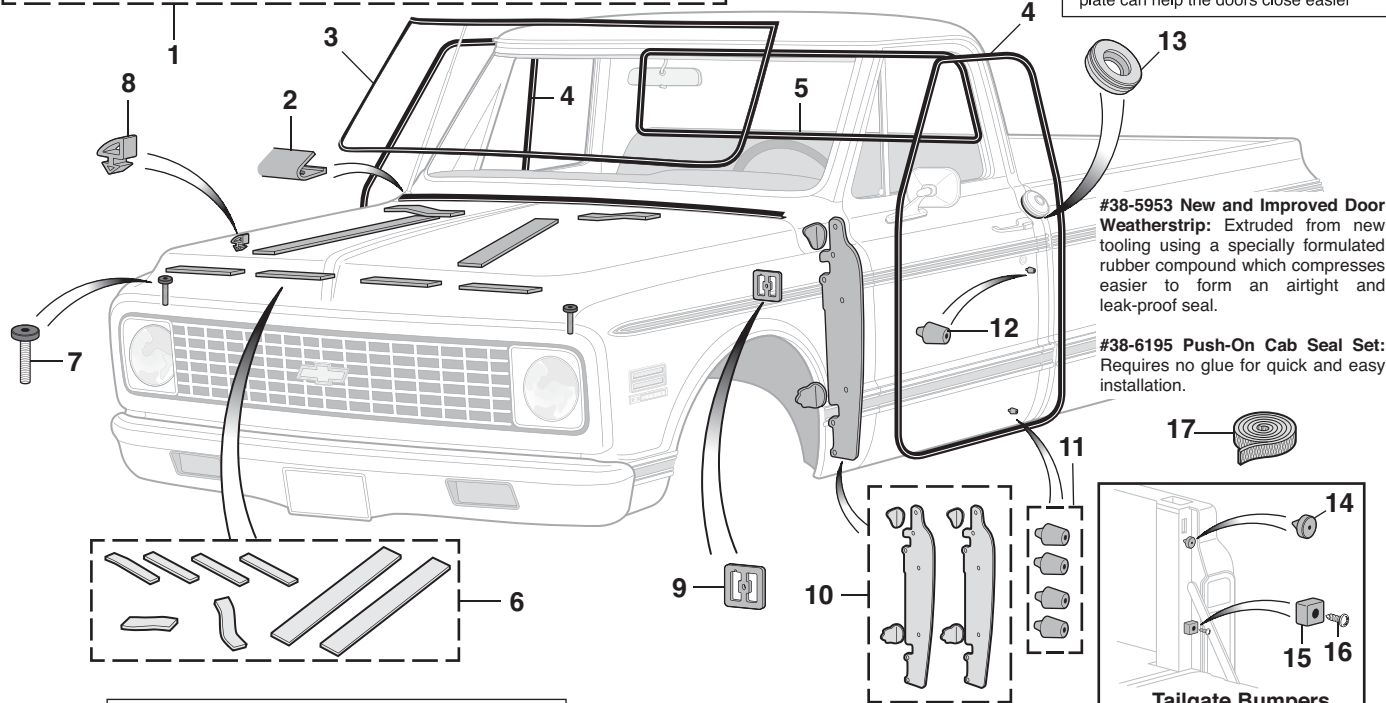

- 1 Hood Cowl Seal
- 1 Windshield Seal
- 2 Cab Seals (Glue on)
- 1 Rear Window Seal

#38-0792 Weatherstrip Adhesive is fast drying, high strength and waterproof. It is great for bonding all types of truck parts. Dries black.

Tech Tip

A notch in the door rubber under the sill plate can help the doors close easier

Standard Rubber Seals do not have a groove for trim.
Custom Rubber Seals do have a groove for trim.

#38-5953 New and Improved Door Weatherstrip: Extruded from new tooling using a specially formulated rubber compound which compresses easier to form an airtight and leak-proof seal.

#38-6195 Push-On Cab Seal Set: Requires no glue for quick and easy installation.

Body Gap Filler Set

Body Gap Filler Set covers the gap between the frame and the bed of the truck. Body Gap Filler Set creates a clean backdrop for your wheels and is also used to cover the opening created by a body lift kit. Made from 3/16" thick industrial rubber, each piece measures 33-1/2" long by 4-3/4" wide and must be sized and cut to fit. Drilling is required for installation. Mounting hardware and installation instructions are included.

PART	DESCRIPTION	PRICE
30-2440	BODY GAP FILLER SET-REAR	\$19.95

In-Bed Tire Carrier

Tire carrier features sturdy construction with a rust-resistant black powder coat finish. Can be used on 14" to 16.5" diameter wheels with a maximum rim width of 7". Some drilling required.

PART	DESCRIPTION	APPLICATION	PRICE
38-3196	TIRE CARRIER-IN BED	14"-16.5" WHEEL	\$34.95

Spare Tire Cover ... Finishing Touch that Adds Protection for Your Spare

Measure your tire diameter and width before ordering.
Small: Width 6" to 8-3/4" Diameter 26-1/2" to 29"
Medium: Width 8-3/4" to 10" Diameter 29-1/2" to 31"

Spare Tire Cover is made from heavy-duty vinyl-coated polyester with a lock-stitched seam construction and a drainage seam located at the bottom, making it durable under all weather conditions. Features a strong built-in shock cord with no-rust clips for easy attachment.

Spare Tire Cover is Only Available in Black

PART	DESCRIPTION	APPLICATION	PRICE
48-2600-C	SPARE TIRE COVER-SMALL	BLACK	\$59.95
48-2601-C	SPARE TIRE COVER-MEDIUM	BLACK	\$64.95

Deluxe Polishing Kit

38-1232

Deluxe Polishing Kit can be used on aluminum, brass, copper, iron, steel, stainless steel and chrome, wood or even plastic. Kit includes: six 4-ounce bars of assorted polishing compounds, 12 assorted buffing wheels with 1/4" diameter shank to allow use with any standard electric drill and instructions with color-coded chart.

Replacement Compound Bars sold separately. Call or go online and order yours today!

PART	DESCRIPTION	APPLICATION	PRICE

"B" Fits models with double wall top

Exterior Rubber and Components

1967-72 Chevy & GMC Suburban

Standard Rubber Seals do not have a groove for trim.
Custom Rubber Seals do have a groove for trim.

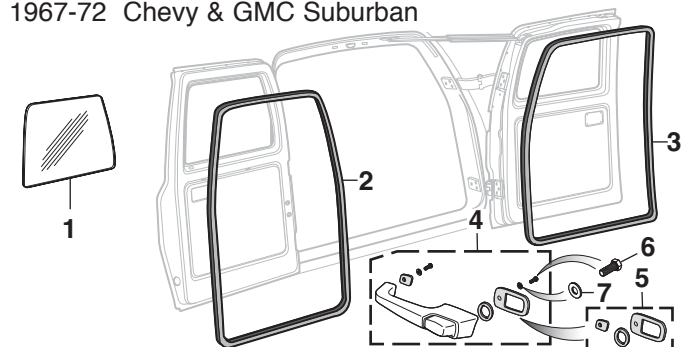

A notch in the door rubber under the sill plate can help the doors close easier.

Cargo Door Gas Strut Conversion Kit

1967-72 Chevy & GMC Suburban

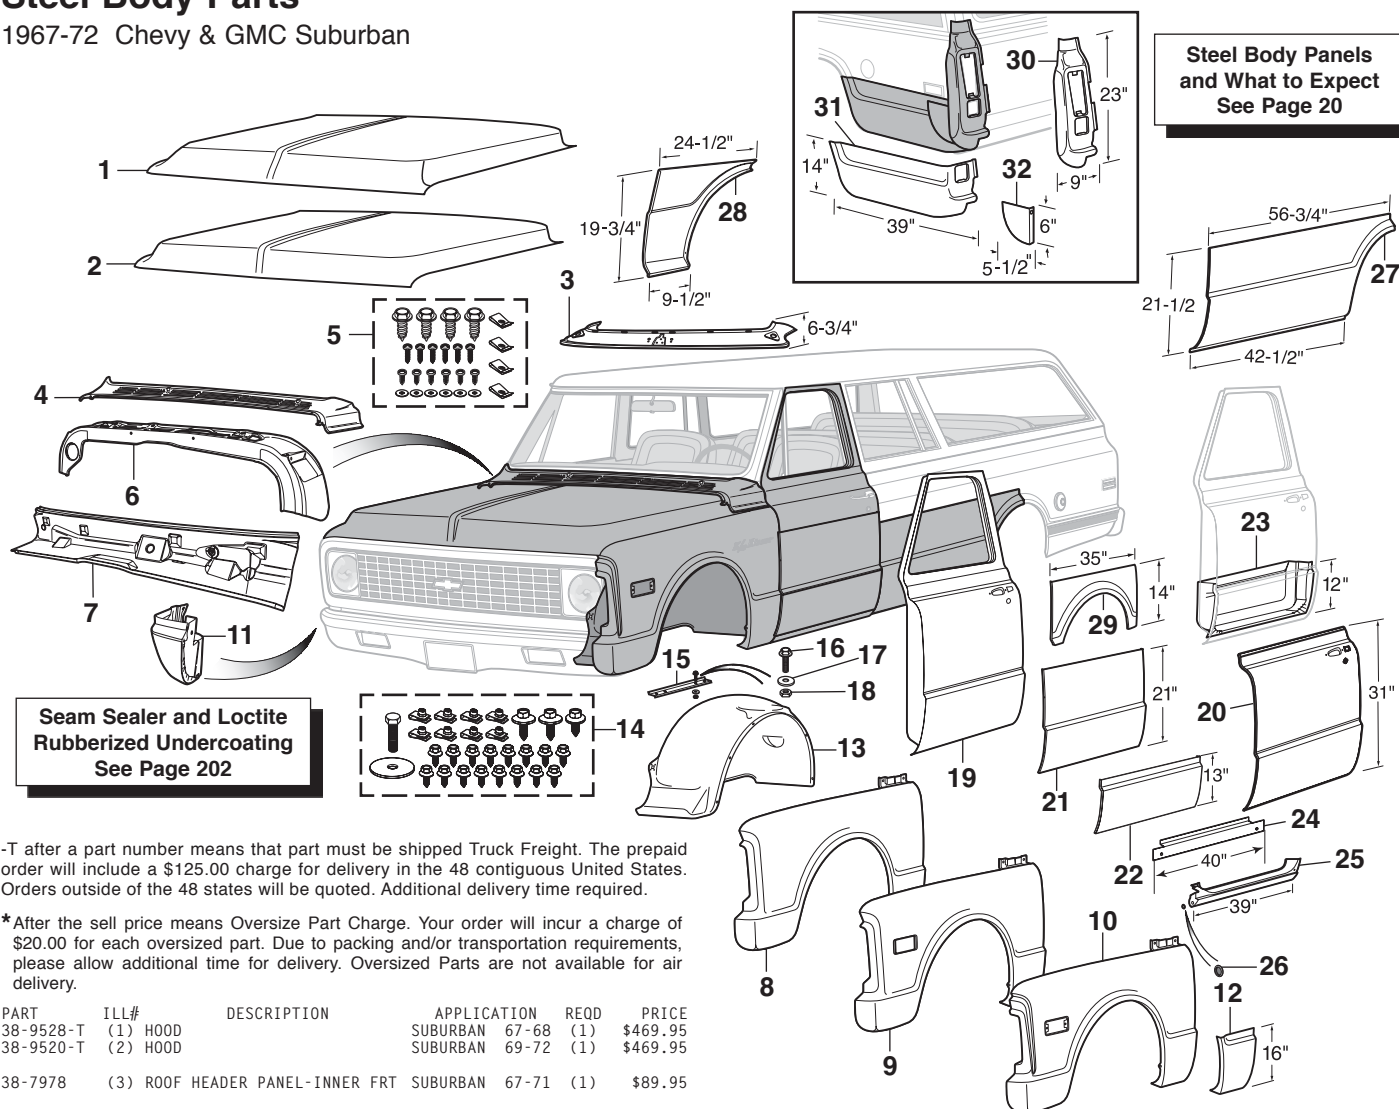

Bolt-in Gas Strut Conversion Kit replaces the binding, bulky original cargo door slide supports with the smooth, silent and strong performance of gas charged lift supports. Ball studs install into existing holes for a no-drill installation. The lift supports simply snap onto the ball studs. Call or go online and order yours today!

Restoration
PartsOE Quality Grille Shell Reproductions
Parts #38-4033 and #38-3982

#38-4033 Custom Chrome Steel Grille Shell has been stamped from new tooling and is made from OE-quality steel for strength and durability. Grille shells are buffed and polished to achieve a smooth, defect-free plating surface. A Triple Nickel plating process gives these grille shells an exceptionally smooth surface before final chrome plating for a high-quality, mirror-like finish. 5 Year Limited Warranty on defects in material and workmanship.

1967-72 4MM Billet Grille Sets for GMC

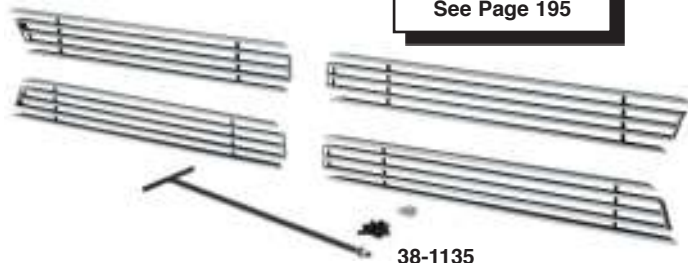

Billet Grille Set is made from the highest quality materials for durability. Face edges of the billet are polished for a brilliant look; sides and back have an EDP (Electro Deposit Primer) finish for resilience and to enhance the design. Billet crossbars have been individually drilled and support rods have been manually laced through the bars to give the grilles strength without the unsightly welds found on some aftermarket inserts. Billet Aluminum Grilles come with a 2 Year Warranty.

LMC
TRUCK
EXCLUSIVE

Billet Grilles include all mounting hardware and hood release T-Rod. T-Rod mounts behind the grille shell and bumper and connects to the hood latch release handle. T-Rod allows for easy access when opening the hood.

1967-70 Custom Chrome Front Bumper Lighted

For More Information on Superwhite Bulb
Set See Page 196

Custom Front Bumpers are stamped from new tooling using OE-quality steel for strength and durability. Bumper is buffed and polished for a smooth defect-free plating surface. The Triple Nickel Plating process creates a brilliant, high-quality mirror-like finish. Bumper has a 5 Year Limited Warranty on rust-through perforations. Lights are installed in the bumper, complete with all necessary wiring and installation instructions.

Features include two halogen fog lights, one illuminated rocker switch and one 12 volt relay. Lights have an aluminum die-cast housing and three-tier protective finish coating, which makes the housing corrosion free. State-of-the-art reflector, in combination with a strong semi-hardened crystal glass lens, gives you maximum light output from a

3-3/4" diameter light. Lights use a high efficiency halogen 12V 55W replaceable bulb and are OE quality, DOT and SAE approved. Lights come with a 3 Year Limited Warranty on light assemblies (excluding bulb).

For added style, replace the white halogen bulb with a halogen blue-coated bulb. The blue-coated bulb creates an intense white light which is popular in today's new cars and trucks. Get the cool look of HID (high intensity discharge) lighting without the high price; call or go online and order yours today!

Chrome Rear Bumper with Exhaust Cutouts

1967-72 Chevy Truck, Blazer, Suburban
1967-72 GMC Truck, Jimmy, Suburban

Add a modern look to your classic truck with a new Chrome Rear Bumper with Exhaust Cutouts. This factory-style bumper has two notches cut for a rear exit dual exhaust.

Tailpipes will have to be custom bent to align with the 42-1/4" on center cutouts. The cutouts are designed to accommodate a 3-1/2" exhaust tip making the LMC Stainless Steel Tips a perfect fit to create that custom, high-performance look. Bumper does not fit Stepside models.

Premium Chrome Bumper

- Bumper is stamped from new tooling using OE-quality steel for strength and durability.
- Bumper is buffed and polished to achieve a smooth defect-free plating surface.
- The Triple Nickel Plating process creates a brilliant, high-quality mirror-like finish.

Blunt Tip

Angle Tip

- 5 Year Limited Warranty on rust-through perforations.

Stainless Steel Exhaust Tips

Made from 16-gauge 304 grade stainless steel for longer life. They are 15" long with 3-1/2" diameter outlets. Two inlet sizes are available; 2-1/4" made to fit 2-1/4" outer diameter exhaust pipes and 2-1/2" made to fit 2-1/2" outer diameter exhaust pipes.

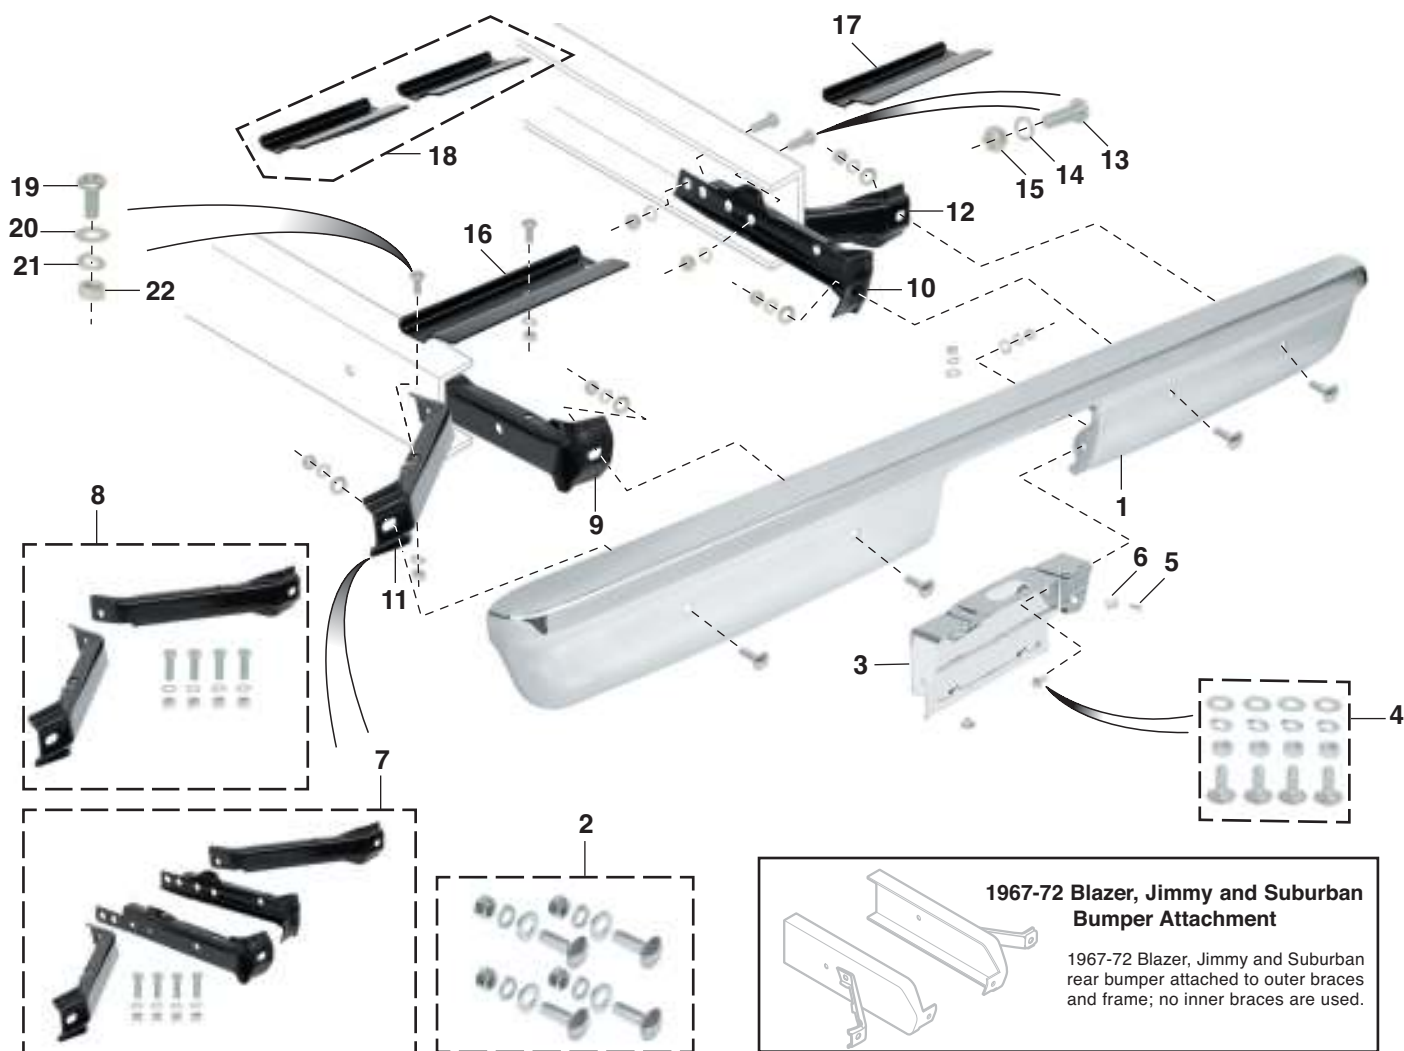

Exhaust Tips can be welded on for a smooth fit, or clamped on with #31-0560 or #31-0561 Stainless Steel Exhaust Clamps. Clamps are not included with tips and must be purchased separately, see page 168.

*After the sell price means Oversize Part Charge. Your order will incur a charge of \$20.00 for each oversized part. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery.

EXCLUSIVE

Chrome Rear Star-Lite Step Bumper

38-9734

38-9737

Backup Light Wiring Kit

36-0735

Backup Light Wiring Kit includes a separate switch, enabling you to turn the lights on and off, eliminating the need and danger of having to leave the vehicle in reverse to utilize the lights. Kit also includes a 30 amp relay, 15 amp in-line fuse, connectors and wires.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
36-0735	BACKUP LIGHT WIRING KIT	FLEETSIDE 67-72	(1)	\$19.95

Replacement Backup Light

36-4416

Lights can be spliced into existing backup light wires so they come on each time you shift into reverse. *However, in some cases factory wiring may not transfer enough power to properly illuminate the lights.* For full illumination install a Backup Light Wiring Kit (sold separately, #36-0735).

36-0227	REPLACEMENT BULB-CLEAR	FITS 36-4416 LIGHT	(2)	\$.95

Chrome Rear Step Bumpers give your truck the ability to tow up to 800 pounds tongue weight and 8,000 pounds trailer weight. These bumpers offer the ease of bolt-on installation, the convenience of a step and come complete with rear license plate lamps. Do not exceed truck manufacturer's recommended towing capacity. A Bumper Mounting Kit #30-2099 is required when installing these rear bumpers.

Made Exclusively for LMC Truck, this Chrome Rear Star-Lite Step Bumper has a diamond tread on top for sure footing when bumper is used as a step.

For more traction, #38-9737 features a step pad made from molded polymer to protect the bumper from scratches while the grid pattern adds more grip for sure footing. The internal mounted Backup Lights look great and make it safer to back up truck by illuminating a larger area, making it easier to see hazards.

Custom Flexible Chrome Trim ... Design it – Cut it – Install it

Rocker Panel
Trim Kit

Add design accents and trim on your vehicle in traditional patterns or create a unique custom look with Flexible Universal Chrome Trim. Available in four widths, any combination of the kits can be used to achieve a desired look. Chrome ABS Trim is scratch resistant, UV coated with a bright chrome finish and easily cuts with sharp scissors and features 3M™ adhesive peel-off backing. Pattern material is included for design and fitment of the flexible chrome laminate. Use provided sandpaper to clean up any edges or corners. Always double-check all measurements of materials needed for your design for your vehicle against available sizes of kits.

Note: "A" Fits models without lower side molding.
"B" Fits models with lower side molding.

Flexy-Flares™ ... To Cover Those Wide Tires

Flexy-Flares™ provide protection from mud, dirt, gravel and salt and are a necessity in many states where wide tires must be covered by a fender. Constructed from EDPM synthetic rubber, they won't crack, peel or droop in extreme temperatures. These heavy-duty flares use a wire insert on outer edge for extra strength and added rigidity, and the built-in curvature allows the flare to fit the fenderwell without wrinkles or buckling. Flexy-Flares™ come with complete hardware packs for easy installation. **Set of 4**

38-1942	CHROME TOW HOOK 10,000 LB CAPACITY	\$9.95

Door Edge Peep Mirror

A Chrome Door Edge 4" Peep Mirror adds style and extra rear visibility to your truck. Attaches to the left or right side of the outer edge on the door window frame. A Chrome Convex 4" Peep Mirror provides a wider field of view than flat mirrors. A Chrome Peep Mirror Extension is available separately and adds 1-1/2" of length to the mirror arm for increased visibility. Reduce glare with a stainless steel 4" Peep Mirror Visor; sold separately.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
38-5815	PEEP MIRROR-FLAT	CURVED ARM	(AR)	\$11.95
38-5813	PEEP MIRROR-CONVEX	CURVED ARM	(AR)	\$14.95

Your Truck ... Your Story

**SHARE YOUR
TRUCK
JOURNEY™**

Windshield and Rear Window Installation Tips:

1. Fit your new window rubber to your cab first, then install the window glass.
2. Use a rubber friendly lubricant such as WD40 and the Windshield Stick (#38-0796) to ease installation and avoid damaging your window rubber.
3. Window rubber shrinks; your new window rubber may appear slightly larger than the original prior to installation.

STANDARD = Standard Rubber Seals do not have groove for trim.
CUSTOM = Custom Rubber Seals do have a groove for trim.

GREEN TINT Window has a full light green tint to glass.

SHADED Window has a full light green tint with a dark band at the top of glass.

38-0783

PART
38-0783

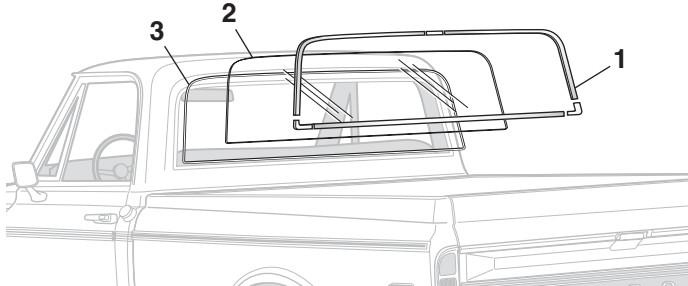

Windshield and Glass Sealant is silicone and seals windshields, windows, sunroofs and more. Flows into leaks like water but dries to form a flexible, tough, clear seal resistant to extreme temperatures, vibration, shock and most chemicals.

DESCRIPTION
GLASS SEALANT 1.5 OZ TUBE

PRICE
\$5.95

Rear Window and Seal

1967-72 Chevy & GMC Truck

Glass Tools

38-0796
\$.95

Windshield Stick A glass installer's most useful tool! Can be used to install or remove windows or window rubber. This plastic tool measures 8" in length for an easy grip.

38-0763
\$8.95

Hook Tool helps remove and install rubber mounted glass. The tool has an angled end for easier fitting of the glass inside the rubber seal. Features a round steel ball on the tip to protect against damage to the rubber seal, glass and painted surfaces.

38-0762
\$11.95

Rope-In Tool inserts 1/4" diameter nylon rope through its stem and seats it in the groove of the seal as it is pulled around the perimeter of the seal. With the glass properly positioned on the vehicle, simply pull the rope and the seal then pops over the pinchweld to hold the glass firmly in place. Includes enough rope to fit around even the largest truck windows.

**Sliding Rear Windows ...
Easy Single Hand Access**

*After the sell price means Oversize Part Charge. Your order will incur a charge of \$20.00 for each oversized part. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery.

Sliding Rear Windows are self-latching and the rocker design enables single hand operation to open or close window. Premium pile weatherstripping keeps elements out and provides smooth sliding operation. Contoured frame is designed for a secure fit and won't obstruct rear view. Glass is 1,000°F heat tempered and meets DOT and SAE specifications. Available in dark gray tinted windows.

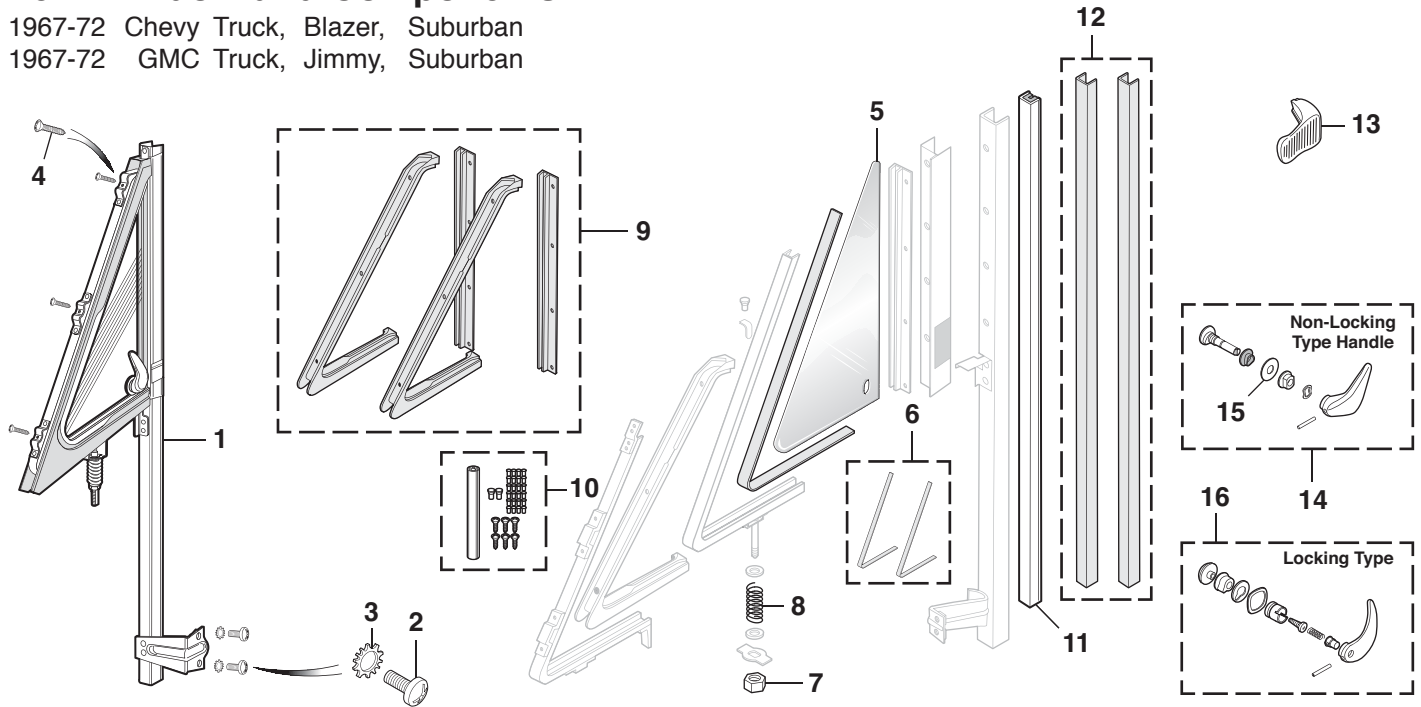

Large sliding rear windows have a 14" x 60" black frame with a 19-3/8" x 11-1/4" opening size. Cab to rear window seal is NOT included, see above.

Dark Brown Carpet Pieces Will Complement the Look of LMC Signature Series Two-Tone or Dark Brown Interior Parts

Dark Brown Molded Carpet

Shiftrod and Steering Column
Holes are Not Pre-cut

Molded Carpet is made from 100% nylon loop pile carpet with heavy 36-ounce jute padding under the front passenger area to help insulate against heat and reduce road noise. Dark brown original style heel pad is attached, and an easy-to-install dimmer switch grommet is also included. The color coordinated vinyl binding helps prevent fraying and adds the finishing touch.

Carpet covers the floor from the firewall to the back of the cab. Trimming will be necessary on trucks with an in-cab gas tank.

Highliner with Built-In Speakers ... For a Stereo System Above the Rest

1967-72 Chevy & GMC Truck

Highliner uses four built-in, uniquely placed speakers which guarantee true stereo separation as well as less distortion and ensures clarity at lower volume levels by neutralizing the echo effect found in most pickups. Radio console is designed to accept optional aftermarket stereo cassette players, CD players or CB radios.

Highliner is manufactured from high-impact, leather-grained, black ABS plastic and can be painted to match the color of the interior. It installs easily and includes four 4" air suspension speakers with a 5.8 ounce magnet, which handles up to 10 watts of power. Features high-temperature resistant voice coils and comes with foam speaker baffle and suppression pads, antenna extension cable, bezel plate, installation hardware and instructions.

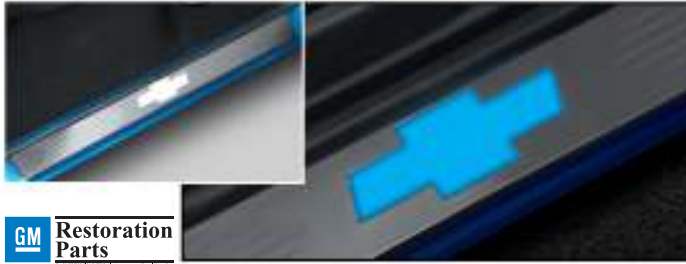

*After the sell price means Oversize Part Charge. Your order will incur a charge of \$20.00 for each oversized part. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery.

Threshold Plate Sets with LED Bowtie

GM Restoration Parts

37-8044

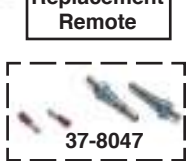

Multi-Colored LED Bowtie

37-8038

Replacement Remote

37-8047

Officially GM licensed custom threshold plates are made from high-quality stainless steel with a brushed finish and etched accents. The long-lasting LED illuminated bowtie in the center glows when either door is opened and turns off when closed and can be wired to an existing courtesy light switch or one can be purchased separately.

Threshold Plate Set requires no drilling and installs using pre-attached 3M™ tape strips. Threshold Plate Set and Courtesy Light Switch Kit include instructions and come with everything needed to install.

37-8044 glows a steady blue. 37-8038 can be changed to one of 20 static colors with adjustable brightness or set to one of 22 dynamic modes that cycles between all the colors that can be sped up or slowed down to your liking. All this can be done from the included wireless remote control.

Sun Visor Installation Tip:

If your sun visor is loose on the rod and won't stay in the up position, bend the rod slightly to tighten the sun visor on the rod.

The mirror is 3-1/2" x 10" and clips onto the inside of both the passenger and driver side sun visor.

Threshold Plate Sets

1967-72 Chevy Truck, Blazer, Suburban
1967-72 GMC Truck, Jimmy, Suburban

Polished or Black Aluminum or Stainless Steel Threshold Plate Sets protect thresholds from scuffs and scrapes. Can be used alone or as a great complement to running boards. Aluminum Thresholds are engraved with Bowtie or GMC logo. Sold as a set of two. Includes hardware.

LMC TRUCK EXCLUSIVE Center Console with Cup Holders

Replacement console is the same dimensions as the original. Its one-piece construction is made of durable, black molded polyethylene, and mounts in original location. It also features a locking lid with one set of keys. Cup holders accommodate containers with a diameter of up to 3-1/4" and has convenient storage space between the cup holders for a garage door opener or cell phone. Use existing hardware or purchase new mounting screws below. Fits trucks with bucket seats.

Due to the nature of polyethylene, painting is not recommended.

This is a replacement console, not a reproduction of the OE center console. The original upper compartment metal trim cannot be used with this console.

3 Point Retractable Seat Belt Kit and Seat Belt Extender

3 Point Retractable Seat Belt Kit features a quick release push-button buckle and is constructed of OE-quality herringbone webbing. Seat belt kits are a simple, direct bolt-in installation using the original seat belt mounting holes. Mounting hardware for the retractor to floor bracket and for the shoulder belt is included. Reuse existing hardware to mount the retractor and the buckle to the floor or purchase new bolts; see below. Federal regulations require seat belts in all trucks manufactured after July 1971.

Seat Belt Extender provides an extra 12" in length for added comfort. Instructions and hardware are included. For use with 3 Point Seat Belt Kits shown above.

New Vintage USA Gauge Clusters

Period-styled and themed gauges for your classic truck. New Vintage USA gauge clusters easily interface with original engines as well as high-tech late-model engines, ignition systems, PCMs and speed sensors including GPS. All parts are direct fit designs that fit the stock gauge mounting locations without any cutting or modification required. Gauge arrangement can be changed to your desired preference. Made in Detroit, Michigan and backed by a 5-year warranty.

38-8179

Each gauge cluster contains:

- Programmable speedometer (0-140mph) with trip meter and standard odometer.
- Tachometer (0-8,000 rpm), fuel, oil pressure, coolant temperature and voltmeter gauges.
- Sending units for oil pressure, coolant temperature and vehicle speed.
- Works with factory fuel sending unit.
- Exclusive dead-fronted LED indicators for turn signals, high beams and auxiliary warning lamps which are hidden when off.
- Easy-to-follow, detailed installation instructions included.

GPS Speed Sending Unit

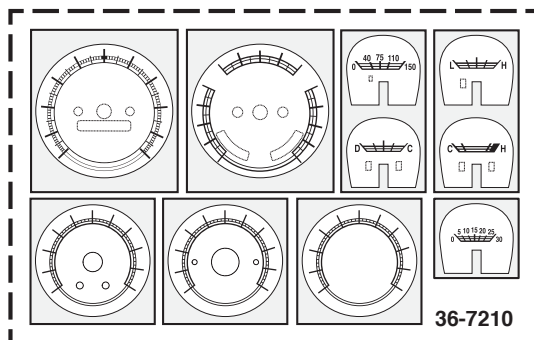

38-8188

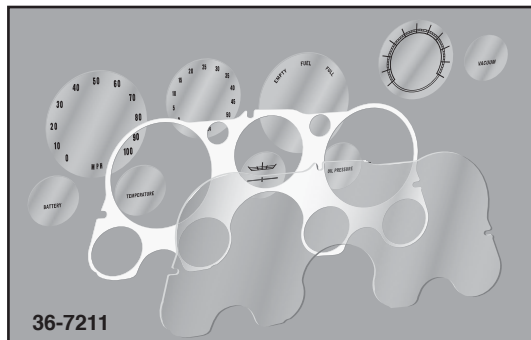

Make speedometer calibration a thing of the past, with the GPS Speedometer Sending Unit for your New Vintage USA Gauge Cluster. No longer will you have to recalibrate your speedometer after tire or differential gearing changes, as the GPS signal updates quickly and provides a precise reading for your speedometer to display. Can be mounted under your dash.

White Face Gauge Overlays

36-7210

36-7211

White Face Gauge Overlays are computer printed on vinyl and pre-cut for a precise fit. They install easily over stock gauge faces without removing the gauge needles (except clock) and use the stock gauge lighting. No worries of broken needles or need for recalibrating

PART	DESCRIPTION	APPLICATION	REQD	PRICE
36-7210	WHITE GAUGE OVERLAY SET	CHEVY GMC 67-72	(1)	\$29.95
36-7211	LENS KIT W/BLACK LETTERING	CHEVY GMC 67-72	(1)	\$59.95

gauges. Overlays will not wrinkle or bubble in hot or cold temperatures and can be removed with direct heat. To complete the full effect of the white face gauges, the factory metal gauge housing will need to be painted white. Installation instructions included.

Improve the visibility of a white gauge conversion with the optional lens kit. Lens kit includes black lettering for easier gauge reading over a white background.

Classic Instrument Gauge Clusters

7 Year Warranty

Clusters feature a 4-5/8" Speedometer and Tachometer, 3-3/8" Clock, and 2-1/8" Fuel (0-90 OHM), Oil, Temp and Volt gauges. A blue LED high beam indicator is installed in the speedometer. The set includes the dash bezel, pre-wired electrical connections, mounting hardware, all necessary sending units (excluding fuel) and a wiring harness constructed of automotive grade TXL wire, machine-crimped terminals, tech-flex sleeving and Molex main connectors.

Clusters also include Zeus Speedometer Technology (ZST). ZST provides calibration at the touch of a button and ensures smooth pointer operation. ZST accepts any known speed signal such as a pulse generator, VSS, ECM, or GPS without the need for an additional interface.

Numeric Instruments

Numeric Instrumentation for your classic truck removes the guesswork of reading engine vitals. Gone are the days of guessing your charging amps, coolant temperature and oil pressure. Each gauge features an exact numeric scale that's perfectly matched to the factory sending units and wiring, allowing a plug and play installation, no modifications required.

Speedometer Cables

1967-72 Chevy Truck, Blazer, Suburban
1967-72 GMC Truck, Jimmy, Suburban

Before ordering Speedo Cables read note below.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
36-2020	SPEEDOMETER CABLE-UP TO 38"	2WD 67-69	(1)	\$19.95
36-2021	SPEEDOMETER CABLE-UP TO 63"	CHEVY GMC 67-72	(1)	\$12.95
36-2026	SPEEDOMETER CABLE-UP TO 80"	CHEVY GMC 67-72	(1)	\$19.95
47-2022-C	SPEEDOMETER CABLE-UP TO 83"	CHEVY GMC 67-72	(1)	\$17.95
36-2023	SPEEDOMETER CABLE-UP TO 100"	CHEVY GMC 67-72	(1)	\$17.95
36-2024	SPEEDOMETER CABLE-UP TO 120"	CHEVY GMC 67-72	(1)	\$17.95

Speedometer Cable Note: Due to the number of different speedometer cables Chevrolet used, it is necessary for you to measure your cable to select the correct replacement. If the replacement cable is longer, take a less direct route to your connections, keeping the cable away from hot exhaust and moving parts. Do not kink the cable during installation. Be sure to compare the end lower fittings of the cable you are replacing with the ones shown.

Ashtray Drink Holder Conveniently Replaces Ashtray

Ashtray Drink Holder is finished in leather grain black vinyl with a sturdy high-density black plastic cup holder insert to securely hold beverages. Simply remove ashtray insert and slide in the drink holder. To return to a factory look, slide out the drink holder and replace it with the original ashtray. Some applications may need to remove top mounting plate.

Classic dual drink holder holds most cans and cups from 12 oz. to 20 oz. Cups measure 2-3/4" diameter and 2-3/4" deep.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
38-8200	DUAL DRINK HOLDER	BLACK CHEVY GMC 67-72	(1)	\$29.95

PART	DESCRIPTION	PRICE
38-0761	GAUGE NEEDLE PAINT-ORANGE	\$9.95

Dash Protector ... Prevents Fading and Cracking

38-2620-LL

5 Year Warranty

Dash Protector eliminates dash replacement and provides preventative care for the undamaged dash. Made from soft, velvety velour that has special UV inhibitors to block the sun and resist shrinking and fading. They are custom cut to fit your dash, and have pre-cut allowances for defrost vents, which makes installation easy using self-adhesive Velcro tabs.

Dual Voice Coil Speaker

38-8564

Chevy GMC 67-72
\$69.95

1 Year Warranty

Dual Voice Coil Speaker looks like original design but features today's cutting edge technology. It provides the best possible sound from the original speaker location and is pre-wired to plug into the radio instantly. It connects both channels of the stereo to one speaker and has 70% more cone area than dual cone speakers, allowing better sound quality especially in lower bass frequencies. Features large cobalt ferrite magnets and foam surrounds and can handle 120 watts of power.

Dual Front Speakers

38-8516 Chevy 67-72
38-8526 GMC 67-72
\$44.95

1 Year Warranty

Dual Front Speaker Assembly installs in original single speaker location and is pre-wired to plug in instantly to the radio, providing quality stereo sound to your truck. It features large cobalt ferrite magnets, foam surrounds and high frequency response that can handle 30 watts of power. Base plate is made of duron with coaxial speakers riveted in place and is cloth covered. *For use on models not originally equipped with stereo.*

Full Range Speaker Set

38-8599
\$199.95

Full Range Speaker Set is the perfect upgrade to add more thump behind the seat. Speaker enclosure is wedge shaped, made from MDF and protected by durable carpet. Enclosures are a mirror image of each other with each box containing one 8" woofer with port and a soft dome tweeter for 175 watts power handling, 60-22,000 Hz frequency response and 4 ohms impedance. Acoustic batting is used to increase sound quality and performance. Chrome spring loaded terminals for easy wire installation. Dimensions: 16-1/4" wide, 13-1/2" high, 7-1/2" deep at bottom, 3-3/4" deep at top.

8" Powered Subwoofer

38-8527
\$199.95

1 Year
Warranty

This 8-inch powered subwoofer is housed in a rigid die-cast aluminum chassis for better heat dissipation and powered by a built-in 100-watt amplifier with 200 watts max output. Has frequency response of 35-100Hz and total harmonic distortion of 0.08%.

Features include a fully adjustable crossover network between 50-100Hz, independent gain (volume) and 0 or 180-degree phase control. Subwoofer can be connected to radio with low level input RCA connectors or wired directly to radio through the high level input using supplied wiring harness. Includes mounting brackets, wiring harness and wired remote bass control. Compact 9" x 2.75" x 13.75" size weighing 9 lbs.

RetroSound Radios ... Original Looks with Modern Features

Look New Again ... The Easy Way!

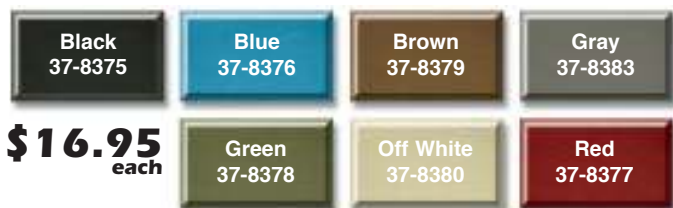

Now You Can Be Sure All Your Interior Colors Match

ColorBond permanently changes the color of your interior. Sprays on and dries to the touch in 45 seconds, forming a complete bond in 10 minutes. Original grain pattern is never altered or hidden, no matter how many times ColorBond is applied. Will not crack, flake, peel or rub off from solid or flexible materials because the color becomes part of the surface.

ColorBond can be used on:

- Vinyl
- Leather
- ABS Plastic
- PVC
- Polyurethane
- Polycarbonate
- Lexan
- Acrylic
- Recycled Plastics
- Carpet
- Cloth Upholstery

\$16.95
each

ColorBond is a semi-gloss finish that is OEM approved, UV stable and colorfast. Each 12 ounce can will cover 7 square feet. ColorBond Prep/Cleaner should be used prior to applying ColorBond.

37-8396 ColorBond Satin Clear Coat provides a protective finish that won't wash off. Protects against fading, cracking and heat deterioration.
12 oz Can \$16.95

37-8395 ColorBond Adhesion Promoter is required for the use of ColorBond on materials such as Polypropylene, Thermoplastic Elastomer, Polyolefin, Fiberglass and metal.
12 oz Can \$16.95

Spitshine Tire Black and Silver Rally Wheel Paint ... Bring Back the Shine

ColorBond Spitshine Tire Black is a specially formulated paint, not a clear silicone dressing, designed to restore a military shine to faded and scuffed tires for a minimum of two months. Spitshine is not greasy or tacky, so it won't attract unsightly dirt and dust. Each 12 ounce can is easy to apply; first, clean tires of any existing dressings, silicones and dirt with ColorBond Prep/Cleaner. Mask the wheel or rim and apply in light coats. Reapply Spitshine Tire Black if tires become scuffed.

Not for use on tires with white lettering or sidewalls.

ColorBond Rally Wheel Paint is a specially formulated acrylic lacquer that provides a brilliant silver finish to the original rally wheels and withstands temperatures up to 250°F. Each 12 ounce can covers 6 square feet. ColorBond Prep/Cleaner should be used prior to applying ColorBond.

Black Underhood Paint

37-8367
Black
\$16.95

Black Underhood Paint's specially formulated acrylic lacquer restores the finish of brackets, core supports, heater boxes and all underhood components. Withstands temperatures up to 250°F but is not designed to be applied to engine, manifolds or headers. 12 ounce can covers 6 square feet. Call or go online and order yours today!

Prep/Cleaner

37-8399
12 oz Can
\$11.95

ColorBond Prep/Cleaner is a fast drying, non-solvent, multi-surface cleaner. It cleans and prepares the surface for use of ColorBond.

EVA Sound Deadener and Heat Shield Kits

1967-72 Chevy & GMC Truck

EVA Sound Deadener Kit

The EVA Sound Deadener Kit is die cut for easy installation. Made from OE type, 1/16" thick Ethyl Vinyl Acetate (EVA) which is an asphalt based material used for sound dampening. Applies directly to the cab floor. Reduces road noise and cab harmonics to give you a quieter ride and also helps to insulate against heat and cold. To further insulate against heat and cold, use in combination with the Heat Shield Kit.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
38-2885	EVA SOUND DEADENER KIT-4PC	CHEVY GMC 67-72	(1)	\$49.95

Heat Shield Kit

Heat Shield Kit is die cut to match the EVA Sound Deadener Kit for easy installation. Consists of 1/4" thick, 24 ounce needle punched jute padding on one side which insulates against heat and cold. The other side has two layers of fiber reinforced aluminum foil reflecting up to 97% of radiant heat which helps to keep you warm in the winter and cool in the summer.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
38-2903	HEAT SHIELD KIT-4PC	CHEVY GMC 67-72	(1)	\$49.95

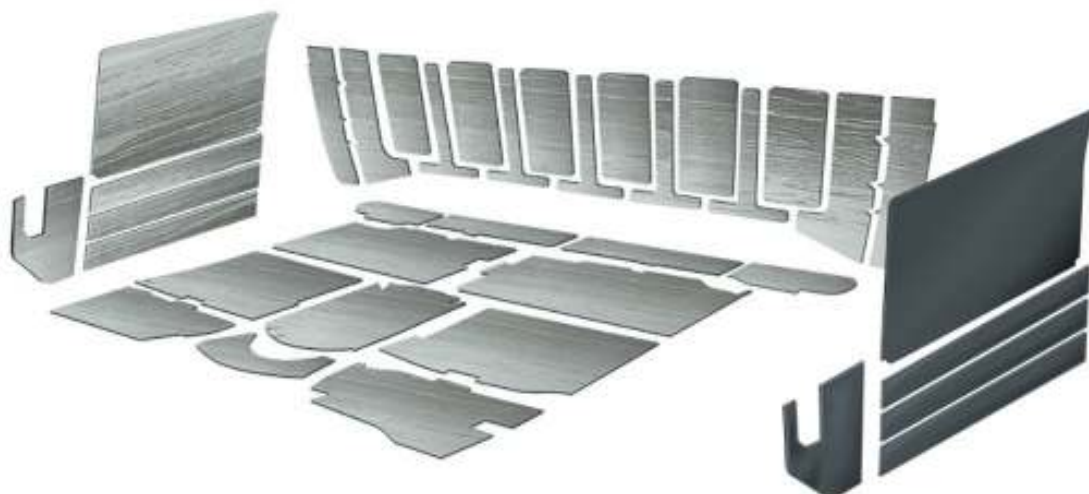

38-2903

Installation Tip: To reach the maximum level of sound dampening and insulation, use Multi-Purpose Insulation #38-2829 to cover any areas not protected by the EVA Sound Deadener and Heat Shield Kits. Use #38-0798 Spray Adhesive, #38-0792 Weatherstrip Adhesive and #38-0716 Aluminum Tape to install sound deadener, heat shield and insulation.

NEW

Pre-Cut Insulation Kit

38-1726

Reduce noise and heat transfer inside your truck with a Pre-Cut Insulation Kit. Each panel has been cut to fit a specific location, and a self-adhesive backing allows for fast and easy installation. Lightweight panels are foil over foam that vary between 2mm and 5mm thick. Pre-cut kits include thermal acoustic panels for the floor, doors and cab wall. A 2" wide roller, sold separately, helps ensure full adhesion.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
38-1726	PRE-CUT INSULATION KIT-LOW HUMP	CHEVY GMC 67-72	(1)	\$279.95
38-1727	PRE-CUT INSULATION KIT-HIGH HUMP	CHEVY GMC 67-72	(1)	\$279.95

Multi-Purpose Heat and Sound Insulation

Uses Space Age technology to insulate against heat, cold and noise under hoods, carpeting, headliners, door panels, firewalls or seats as well as other household uses. This 4-foot x 6-foot sheet is made of 3/8" sound deadening fiber padding. Highly reflective aluminum is bonded on one side to achieve 97% reflection of radiant heat. Use this Multi-Purpose Insulation with Sound Control Mat for maximum sound deadening. Call or go online and order both today!

Use #38-0798 Spray Adhesive and #38-0716 Aluminum Tape or #38-0792 Weatherstrip Adhesive to easily install Insulation Material.

Low and High Hump Transmission Tunnel Cover Identification 1967-72 Pickups

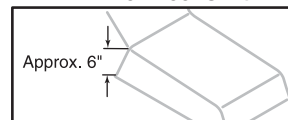

1967-72 pickup Carpet Kits, Rubber Floor Mats and MIP Mats are often defined as "Low Hump" or "High Hump" or "Small Transmission, Large Transmission." This refers to the size of the Transmission tunnel hump in the floor of the cab. Models originally equipped with 4 wheel drive or floor shift have a larger hump than 2 wheel drive, column shift models. The illustration to the right is a guide to help you verify the type of floor your truck is equipped with.

Most high hump tunnel covers are bolted to the floor.

Low Hump (Small Transmission)
2WD Column Shift

High Hump (Large Transmission)
4WD or Floor Shift

Molded Carpet ... Fits and Looks Like Original

1967-72 Chevy Truck, Blazer, Suburban

1967-72 GMC Truck, Jimmy, Suburban

Pickup Carpet

Loop pile carpet is molded from the original floor pan for a perfect fit that covers the entire floor. It's made from 100% nylon with an OE type heel pad. The heavy 36 ounce jute padding under the front passenger area helps insulate against heat and reduces road noise.

Color coordinated original style heel pad is attached and an easy-to-install dimmer switch grommet is also included. The color coordinated vinyl binding helps prevent fraying and adds the finishing touch.

IMPORTANT: Before choosing a floor covering, check the floor pan configuration of your vehicle. Was your vehicle originally equipped with an Automatic (Low Hump) or Manual (High Hump) transmission? Selecting the correct floor pan configuration is an important part of ensuring that your floor covering fits properly.

Chevrolet and GMC Pickup Molded Carpet

Molded carpet covers the floor from the firewall to the back of the cab. Trimming will be necessary on trucks with an in-cab gas tank.

Sound Control Mat

Black

Silver

Sound Control Mat reduces noise, vibration and heat created from the engine, road and structure of your vehicle. Can be applied to any interior surface area; cover as little as 25% of an area for a noticeable reduction. Each 2mm thick sheet consists of butyl rubber with a top layer of heat resistant aluminum that is easy to cut and conform to contoured surfaces, just peel and stick. Available in silver and black, each sheet measures 21" x 29".

3-in-1

Roller

3-in-1 Sound Control Mat combines the vibration absorption and heat resistant capabilities of the 2mm thick Sound Control Mat with an additional 5mm thick layer of foam for more efficient sound deadening. This makes it our most effective product for eliminating road noise and vibrations in your truck. Each sheet is 7mm thick and measures 19" x 31".

Heavy-duty Molded Industrial Polyvinyl (MIP) Floor Mats are made of durable 1/8" thick industrial Polyvinyl and are resistant to moisture and temperature; therefore, they will not dry rot or crack and last longer than rubber. They are vacuum molded from the original floor pan to cover the entire floor, making installation easy.

Mats are easy to clean and protect your interior from water, snow, mud and most chemicals. The MIP Floor Mat includes pre-cut 36 ounce jute padding under the passenger areas to provide a higher level of insulation against heat, cold and road noise.

Installation Tip: Allow mats to lay unfolded for 48 hours at room temperature of 72° or more to help remove creases caused by packing. Test fit prior to making any permanent installations (some trimming may be necessary).

Gas Tank and Components

1967-72 Chevy & GMC Truck

Replacement gas tanks #32-5922 and #32-5923 are 1967-71 design. They can be used on 1972 models but require the use of 1967-71 gas caps only. Both tanks are equipped with 2" filler necks.

How to Identify Your Gas Tank:
Tanks with Evaporative Emission Control (EEC) have vent outlet on fuel neck. Tanks without EEC do not.

MT = Manual Transmission

AT = Automatic Transmission

W/EEC = Tanks with Evaporative Emission Control

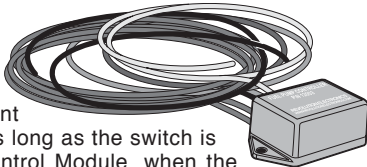

W/O EEC = Tanks without Evaporative Emission Control

*After the sell price means Oversize Part Charge. Your order will incur a charge of \$20.00 for each oversized part. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery.

Fuel Pump Control Module

Updating your truck to an electric fuel pump? Wiring the pump to an on-off switch or to a simple ignition switched source isn't the best idea. If an accident occurs, your pump would run as long as the switch is active. With the Fuel Pump Control Module, when the key is turned, the fuel pump turns on to prime the system in a three-second cycle, just like modern vehicles. Then the module uses the tach signal so the pump only runs when engine is running, giving you quicker start-ups and improved operating safety.

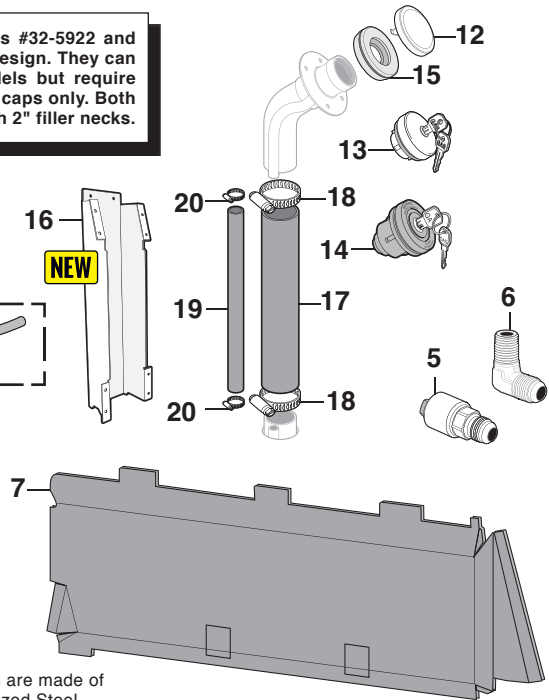

PART	DESCRIPTION	PRICE
36-0906	FUEL PUMP CONTROL MODULE	\$64.95

Gas Tank Lock Ring Tool

Gas Tank Lock Ring Tool easily removes and installs the lock ring on the gas tank when servicing the fuel sending unit. Helps prevent damage to the gas tank caused by improper tools.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
32-4145	GAS TANK LOCK RING TOOL	CHEVY GMC 67-72	(1)	\$17.95

Fuel Tanks are made of Galvanized Steel

Tanks have a 1/4" NPT bung that can be used for a fuel return line on trucks that have been modified with a fuel injected engine. Sending unit #32-4052 is also available to make the conversion easier with a quick connect fitting on the fuel feed outlet.

Tank has a 1/4" NPT bung that can be used for a fuel return line on trucks that have been modified with a fuel injected engine. Sending unit #32-4057 is also available to make the conversion easier with a quick connect fitting on the fuel feed outlet.

Gas Tank includes 21 gallon tank, lock ring gasket, mounting straps and j-bolts.

Rear Mount Gas Tank

1967-72 Chevy & GMC Truck

Carpet for Models without In-Cab Gas Tank
See Page 109

Relocating the gas tank to the rear of the truck moves the fuel's weight to a more optimal location, frees up interior room and eliminates gas fumes inside the cab. Gas tanks are made from galvanized steel and fit wood or steel bed trucks. Includes lock ring, gasket, mounting straps and hardware. Tanks have a 1/4" NPT bung that can be used for a fuel return line on trucks modified with a fuel injected engine. Sending units #32-4056 and #32-4057 are available with a quick connect fitting on the fuel feed outlet.

Top fill tank lets you fill the 17-gallon tank easily on the bed floor. When installed, the filler neck is located 3" from the left of the bed centerline. On wood bed trucks this places the filler neck in the center of the wood plank, so no modifications are required to bed strips.

Side fill tank has a capacity of 21 gallons and places the filler neck above the left frame rail for multiple filler options. Requires removal of spare tire support and notching of cross sill.

Additional parts will be necessary to complete the installation. You will need to add a gas filler neck, filler hose and gas cap; extend the fuel feed line and sending unit wires; and relocate the frame-mounted spare tire. *Custom fitting and fabrication will be required. Instructions are not available.*

Gas Tank Dimensions:

17 Gallon: 12" H x 19" W x 30" L

Note: "A" 1972 models require the use of #38-4708 Throttle Bracket.

These dependable carbs are made of durable components with no plastic parts or power valves to blow. Their two-piece design with no gaskets below the fuel level means no leaks and easy adjustments without taking the carb off of the motor.

**Stage 2 Quadrajets Carburetors****38-4535****40-0223-C****30-1057**

JET Performance starts with a complete disassembly of a hand-selected Quadrajets carburetor core that has been cleaned and inspected. The casting plugs are sealed with epoxy to prevent leak-down into the intake manifold. All circuits are checked for proper sizing and the calibration is checked for proper jets, primary metering rods and secondary metering rods. The carburetor is then reassembled using the highest quality components with a new float, choke pull-off and bronze throttle shaft bushings.

All Stage 2 Quadrajets carburetors undergo the following upgrades: fully recalibrated idle, off idle, main, accelerator pump and high speed circuits to match any modifications done to the engine such as intake manifold, headers, ignition or mild cam change. A Stage 2 carburetor delivers improved idle quality, instant throttle response and maximum torque and horsepower.

Holley Sniper EFI**NEW**

38-4514

NEW

38-4515

Holley Sniper EFI provides one of the best and most economical ways to update the performance and drivability of your classic truck. Put an end to cold start issues, hesitations, vapor lock and poor throttle response. Sniper EFI gives you all the power and reliability of electronic fuel injection with none of the tuning issues commonly associated with carburetors.

With the self-tuning abilities of the Holley Sniper EFI, installation is as simple as removing your carburetor, installing the EFI, running fuel lines, answering a few simple setup questions on the handheld tuner, starting the truck and letting the EFI tune itself as you drive.

Wiring doesn't get any easier. It's a simple four-wire connection, and you don't have to be a computer whiz to use it. You don't even need a laptop. Just answer a few simple questions about your engine, and the Sniper EFI system automatically creates the base map and starts tuning on its own.

Features an integrated ignition timing control and coil driver. A high resolution, color 3.5" touchscreen is used for initial setup, tuning, and gauge display. Includes all necessary sensors, brackets and wiring, along with a thoroughly detailed instruction manual to ease installation and setup. Available in black or shiny, ceramic finish.

38-4514 and 38-4515: Fits 2 barrel 6 cylinder and V8's that came with a Rochester 2GC small bore carburetor. Supports up to 350 horsepower with two injectors. Installs directly to the factory Rochester 2GC intake manifold, no adapter required. The Sniper EFI air cleaner flange matches the Rochester 2GC so it accepts most factory air cleaners.

38-4508 and 38-4509: Fits 4 barrel V8's and supports 250-650 horsepower with four injectors. Features dual bolt patterns for square and spread bore manifolds. Adaptor plate #38-4450 is recommended for spread bore intake manifolds.

38-4450: Allows the Sniper EFI to mount directly to a spread bore manifold and seal properly. Includes metal plate and two gaskets.

A high pressure fuel delivery system is required for operation of the Sniper EFI; #38-4510 Inline Fuel Delivery Kit is sold separately.

Not legal for use on pollution controlled vehicles.

Holley In-Tank Retrofit Fuel Modules

With over 100 years of expertise in fuel systems, Holley is unrivaled in the industry. Holley In-Tank Retrofit Fuel Modules allow you to easily convert your truck's original fuel tank into a fuel-injection compatible tank with basic tools and no complexity. The universal, return-style systems fit fuel tanks up to 12" deep, and Holley's brilliant HydraMat (included) virtually eliminates any chance of fuel starvation or poor running conditions due to air entering the fuel system. The innovative billet bracket system ensures a corrosion-free life in a low-profile design that can be rotated to fit in any position needed for your application. Available with either a 255 or 450 lph (liters per hour) fuel pump.

Performance Sway Bars Give You Bolt-On Handling and Control ... Drive Faster Through Turns with Improved Traction

34-2501

34-2503

34-2512

Without a sway bar, a vehicle with coil spring suspension will exhibit excess body roll on cornering, which puts extreme limits on its ability to hold the road, resulting in poor handling and excessive tire wear. Performance Sway Bars are fully forged from hardened, high carbon steel and powder coated black for durability and provide improved balance and stability in all driving conditions. Kits include urethane end link bushings, urethane frame bushings, mounting brackets (for use on stock height and lowered vehicles) and hardware.

3" Body Lift Kit ... Makes Room for Larger Tires

1967-72 Chevy Truck, Blazer

1967-72 GMC Truck, Jimmy

KYB
Shock Absorbers
See Page 124

PART	DESCRIPTION	APPLICATION	REQD	PRICE
37-6500	3" BODY LIFT KIT	CHEVY GMC 67-72	(1)	\$209.95

Read This: Installation of a body lift will change the center of gravity and the handling characteristics of the vehicle. Because of the higher center of gravity and larger tires, the vehicle will handle and react differently both on and off road. You must drive it safely! Extreme care must be taken to prevent vehicle rollover or loss of control, which could result in serious injury or death. Avoid sudden sharp turns or abrupt maneuvers and always make sure all vehicle occupants have their seat belts fastened.

A Body Lift spaces the body away from the frame to make room for larger tires without altering the suspension. Body Lift Kit includes reinforced nylon spacers, compression tested to 50,000 psi and plated grade 5 hardware. Since the stock suspension is not affected, and larger tires are normally part of the plan, new shocks are recommended.

Front Suspension - 2 Wheel Drive

1967-72 Chevy Truck, Blazer, Suburban

Tubular Front Control Arms

Tubular Control Arms are made of fully welded, heavy-wall tubing that is much stronger than the original design. New ball joints, bump stops, preassembled cross shafts and self-lubricating bushings are included. The upper control arms have 5° of additional caster for a more positive road feel and quicker return to center steering. The lower control arms provide increased ground clearance and work with end-link style sway bars. Control arms are a simple bolt-in installation and can be installed with either factory uppers or lowers, or as a full set.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
37-8472	TUBULAR UPPER CONTROL ARM SET	67-70 2WD 1/2T	(1)	\$329.95
37-8475	TUBULAR LOWER CONTROL ARM SET	67-70 2WD 1/2T	(1)	\$529.95

37-8476	TUBULAR LOWER CONTROL ARM SET	71-72 2WD 1/2T	(1)	\$529.95

Tubular Rear Trailing Arms

#37-8478 Fits Chevrolet trucks with rear coil springs only.

Rear Tubular Trailing Arms feature a rock solid 2" DOM tubular design to avoid twisting under load like the factory stamped trailing arms. Bushings are made of a self-lubricating material that offers long life and a remarkably quiet, comfortable ride. Trailing Arms will bolt up as a direct replacement for the original trailing arms and can be used with the original crossmember, rear axle and coil springs.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
37-8478	TUBULAR REAR TRAILING ARM SET	67-72 2WD 1/2T	(1)	\$599.95

*After the sell price means Oversize Part Charge. Your order will incur a charge of \$20.00 for each oversized part. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery.

Shock Mount Reinforcing Kit

Eliminate a potential source of frame damage by strengthening the front upper shock mounts with a Shock Mount Reinforcing Kit. Kit includes left and right shock mount brackets, mounting hardware and instructions. Requires two mounting holes per bracket to be drilled. Call or go online and order yours today!

38-1704

Frame Hardware Kit

A Frame Hardware Kit includes bolts to replace rivets that attach spring hangers, frame brackets and crossmembers. Replaces twenty 3/8" diameter rivets with high-quality grade 8 bolts, flat washers and torque lock nuts.

Coil Spring Compressor

Remove and install coil springs with convenience and safety. Features safety U-bolt set, Acme threaded rods and ductile alloy cast hooks for safe and easy operation.

Front and Rear Suspension Kit ... Makes the Job Easier and Saves You Money!

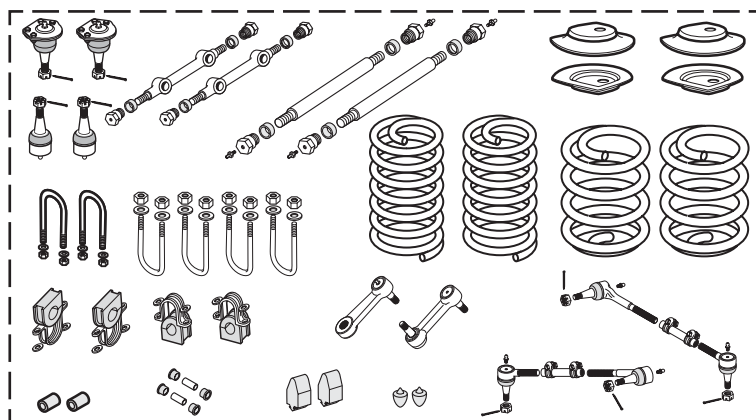

1967-72 Chevy Truck, Blazer, Suburban

1967-72 GMC Truck, Jimmy, Suburban

Each Suspension Kit Contains:

- 2 Upper Ball Joints
- 2 Lower Ball Joints
- 2 Upper Control Arm Shafts
- 2 Lower Control Arm Shafts
- 2 Rear Axle to Control Arm U-Bolts with Washers & Nuts
- 4 Lower Control Arm Shaft U-Bolts with Washers & Nuts
- 2 Front Coil Springs (Stock Height)
- 2 Rear Coil Springs (Stock Height)
- 4 Rear Coil Spring Clamps
- 1 Polyurethane Sway Bar Bushing Set
- 1 Polyurethane Rear Control Arm Bushing Set
- 1 Polyurethane Rear Tracking Arm Bushing Set
- 2 Upper A-Arm Rubber Bumpers
- 2 Lower A-Arm Rubber Bumpers
- 1 Idler Arm
- 1 Pitman Arm
- 2 Outer Tie Rod Ends
- 2 Inner Tie Rod Ends
- 2 Tie Rod Adjusting Sleeves

Variable Rate Coil Springs adjust to the load conditions in the truck providing a stabilized ride loaded or unloaded plus improved handling.

Note: "A" Must reuse original casing from bushing.
"B" For trucks with 1 3/16" outer diameter tracking arm bushing.
"C" For trucks with 1 3/8" outer diameter tracking arm bushing.
"D" For models with rear coil spring.
"E" For models with rear leaf spring.
"F" Mounting hardware NOT included with shock.

Shock Absorbers ... Driving Control, Even Ride and Performance Handling

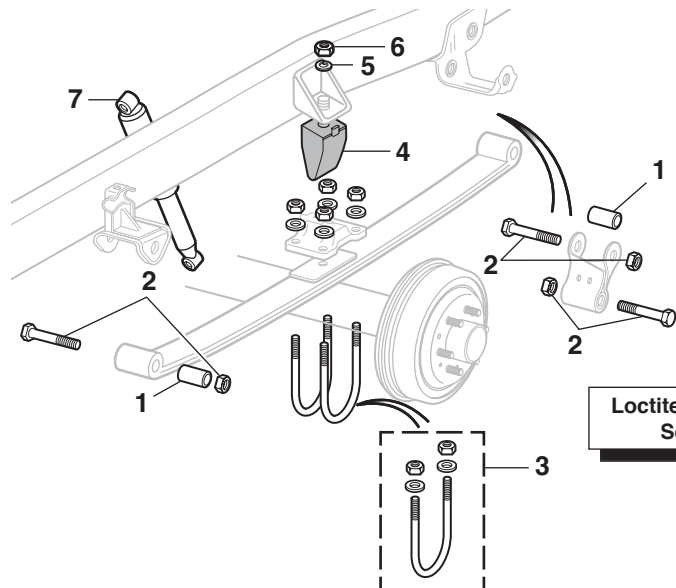

Gas-A-Just Shock Absorbers: Features higher gas pressure to provide unsurpassed control on even the most demanding roads. Eliminates the age old problem of performance fade by eliminating aeration and foaming, a problem with other shocks that use two-tube construction that allows air to mix with fluid.

GR-2 Gas Shock Absorbers: Features lower pressure for riding comfort with improved handling and response only gas shocks can provide at an economical price. The economical way to step up from hydraulic shocks to the quality ride and control of gas.

Front End Suspension Kit

1967-72 Chevy Truck, Blazer, Suburban

1967-72 GMC Truck, Jimmy, Suburban

Front End Suspension Kit saves money and provides better handling and a smoother ride.

Kit contains:

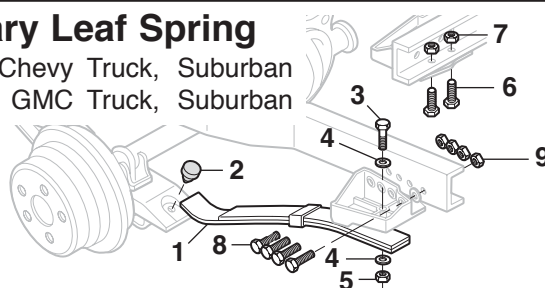

- 1 Polyurethane Sway Bar Bushing Set
- 2 Upper Ball Joints
- 2 Upper A-Arm Rubber Bumpers
- 2 Lower Ball Joints
- 2 Lower A-Arm Rubber Bumpers
- 2 Outer Tie Rod Ends

Polyurethane Transmission Mounts

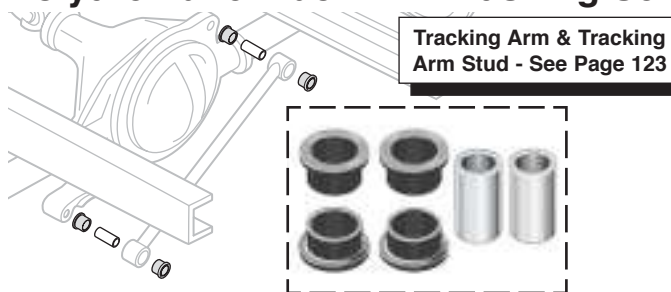

Transmission Mounts are soft enough for smooth operation on the street, yet strong enough for use at the drag strip, off-road or circle track.

#34-0360 has a unique built-in safety locking feature, for added confidence. This Transmission Mount will work for trucks that have a single stud that mounts to the crossmember or two studs that mount to the crossmember.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
34-0360	TRANSMISSION MOUNT	2WD 67-72	(1)	\$34.95
34-0361	TRANSMISSION MOUNT	4WD 68-72	(1)	\$69.95

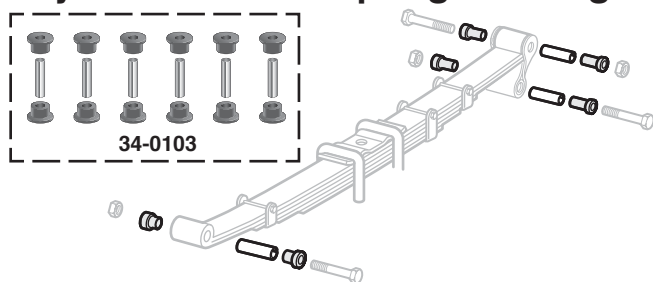

Polyurethane Track Arm Bushing Set

Tracking Arm Bushings prevent the rear end from switching left to right on trucks with coil springs. This polyurethane bushing set does not include outer metal shells; your originals must be reused. #34-0130 is for trucks with a 1-3/16" outer diameter tracking arm bushing.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
34-0130	BUSHING SET-TRACKING ARM	2WD 1/2T 67-72	(1)	\$14.95
34-0192	BUSHING SET-TRACKING ARM	2WD 3/4T 67-72	(1)	\$16.95

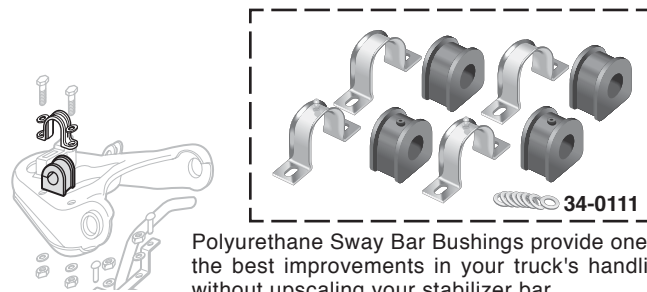

Polyurethane Leaf Spring Bushings

The combination of heavy-duty Leaf Springs and Polyurethane Spring Bushings allows proper suspension function in take off, cornering, braking and bumps. #34-0103 is for trucks with 1,700-2,800 lb. rating, a 1-1/2" outer diameter frame shackle bushing and a 1-1/2" main eye bushing.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
34-0115	BUSHING SET-FRONT LEAF SPRING	4WD 67-70	(1)	\$49.95
34-0106	BUSHING SET-FRONT LEAF SPRING	4WD 71-72	(1)	\$49.95
34-0103	BUSHING SET-REAR LEAF SPRING	4WD 67-72	(1)	\$49.95

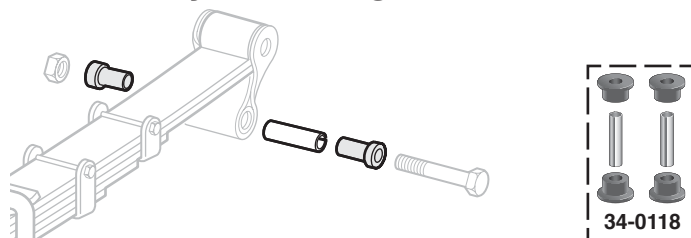

Polyurethane Sway Bar Bushing Set

Polyurethane Sway Bar Bushings provide one of the best improvements in your truck's handling without upscaling your stabilizer bar.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
34-0111	BUSHING SET-SWAY BAR	2WD 67-72	(1)	\$39.95

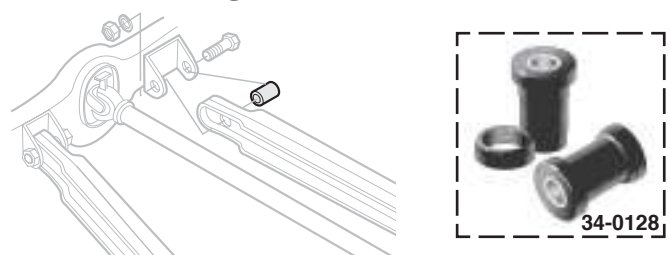

Polyurethane Front / Rear Frame Shackle Eye Bushing Set

Set contains four bushings and two sleeves. Improve your truck's suspension and call or go online and order yours today.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
34-0107	BUSH SET-FRONT SHACKLE	4WD 71-72	(1)	\$16.95
34-0118	BUSH SET-RR SHACKLE 1-1/2" EYE	4WD 1/2T 67-72	(1)	\$16.95

Polyurethane Rear Control Arm Bushings

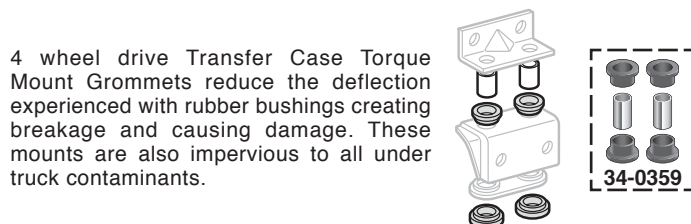

Rear control arm bushings on GM four link systems are a must for controlling wheel hop and increased control on cornering.

#34-0128 does not come with shells. You must use your existing outer shells.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
34-0128	BUSHING SET-REAR CONTROL ARM	2WD 67-72	(1)	\$18.95

Polyurethane Transfer Case Torque Mount Grommet Set

4 wheel drive Transfer Case Torque Mount Grommets reduce the deflection experienced with rubber bushings creating breakage and causing damage. These mounts are also impervious to all under truck contaminants.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
34-0359	GROMMET SET-TRANSFER CASE MOUNT	4WD 67-72	(1)	\$19.95

Crossmembers ... For Lowered Trucks

Tubular Transmission Crossmember is designed specifically for lowered trucks with stock or custom exhaust systems. Crossmember bolts into existing holes on lower frame rail and matches up to all factory engine and transmission combinations. Low-profile design provides plenty of room to tuck exhaust up over the crossmember and keep it from hanging below the frame rail. Made with a durable black powder coat finish and includes installation hardware. Crossmember is lighter and stronger than original and is perfect for upgrading an old 3- or 4-speed manual transmission to a more popular TH350, TH400 or TH700-R4 automatic transmission.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
37-8583	TUBULAR TRANSMISSION CROSSMEMBER	CHEVY GMC 67-72	(1)	\$79.95

Adjustable Trailing Arm Crossmember

The Adjustable Trailing Arm Crossmember improves the rear suspension geometry on lowered trucks by allowing multiple trailing arm mounting heights to correct pinion angles. Bolts in at top and side of frame, with a raised center section to help eliminate driveshaft interference. The crossmember tucks up tighter to the frame to allow better ground clearance. Dual exhaust ports allow up to 3" exhaust to pass through the crossmember, rather than underneath it. Carrier bearing mounts will need to be reused from stock crossmember.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
37-8482	ADJ TRAILING ARM CROSSMEMBER	CHEVY GMC 67-72	(1)	\$249.95

Lowering Block Kits

1967-72 Chevy & GMC Truck

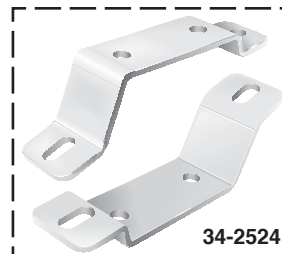

Lowering Blocks are an easy way to lower the rear of your truck without affecting ride quality. Includes solid aluminum blocks with new u-bolts and hardware.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
37-8586	LOWERING BLOCK KIT 1"-REAR	2WD 1/2T 67-72	(1)	\$79.95
37-8587	LOWERING BLOCK KIT 2"-REAR	"A" 2WD 1/2T 67-72	(1)	\$79.95

Note: "A" Not recommended for trucks with 15" wheels.

Front Sway Bar Bracket Set

When lowering the front of your truck 3" or more, a Front Sway Bar Bracket Set is required to keep the proper front sway bar angle. With these brackets, the sway bar is less likely to bind when under heavy cornering in a lowered truck.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
34-2524	FRONT SWAY BAR BRACKET SET	2WD 1/2T 67-72	(1)	\$27.95

Rear Shock Relocation Kit

When lowering the rear end of your truck 3" or more, a Rear Shock Relocation Kit is used to keep the proper rear shock angle for a smoother ride.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
37-8543	REAR SHOCK RELOCATION KIT	2WD 1/2T 67-72	(1)	\$69.95

3 Ways to Lower Your Truck

Factory Truck Stance

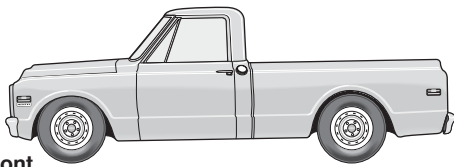

Drop is based on the original factory ride height as measured from the top of the wheel arch to the ground. Original ride height is approximately 2" higher in the rear. The stance (difference in height between the front and the rear) is not affected when you lower the front and rear an equal amount. To make your truck look level you need to lower the rear approximately 2" more than the front.

-1" front

-3" rear

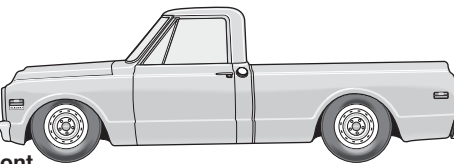

LOWER - Lower your truck with shorter Drop Coil Springs in the front and rear. This is the most economical way to lower your truck. Use rear springs that are 2" shorter than the front to level out your truck.

-2-1/2" front

-4" rear

DROP - Drop the front of your truck with Drop Spindles and the rear with Drop Coil Springs. Drop Spindles are the best way to lower your truck because they do not affect other suspension components. Original front suspension geometry and ride quality are maintained.

-4-1/2" front

-5" rear

SLAM - Combine front Drop Spindles and Springs with rear Drop Springs and a Frame C-Notch Kit to take your truck as low as possible. We have the parts you need to slam your classic truck for a great look and a smooth ride. Take your truck to the maximum possible "lowness".

Drop Shocks ... For Lowered Trucks

1967-72 Chevy & GMC Truck

37-8581

If dropping the front of a truck 2" or more with coil springs then shorter front shocks are needed. Drop Spindles do not affect suspension and do not require shorter shocks. If dropping the rear 4" or more then shorter rear shocks are needed.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
37-8581	DROP SHOCK-FRONT	2WD 1/2T 67-72	(2)	\$59.95
37-8591	DROP SHOCK-REAR	2WD 1/2T 67-72	(2)	\$59.95

Drop Spindle Sets ... Lower Your Truck and Convert to Disc Brakes

1967-72 Chevy & GMC Truck

Drop Spindles are the best way to lower the front of a truck without changing or affecting other components. Original ride quality, wheel offset and suspension geometry are retained. Drop Spindles can be used with Drop Coil Springs for an even lower ride.

1967-70 Drop Spindles are made for disc brakes. A disc brake system from a 1971-72 GM truck can be used or order one of the Disc Brake Kits on page 137.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
37-8502	DROP SPINDLE SET-2-1/2"	2WD 1/2T 67-70	(1)	\$299.95
37-8503	DROP SPINDLE SET-2-1/2"	2WD 1/2T 71-72	(1)	\$299.95

Drop Coil Spring Sets

1967-72 Chevy & GMC Truck

Drop Coil Springs are a quick and easy way to lower a truck. Use just coils or combine with Drop Spindles for an even lower ride. If dropping the front 2" or more with coil springs then shorter front shocks are needed. If dropping the rear 4" or more then shorter rear drop shocks, Frame C-Notch Kit and Adjustable Tracking Arm are needed.

37-8510

37-8514

Frame C-Notch Kit and Adjustable Tracking Arm

1967-72 Chevy & GMC Truck

37-8544

37-8541

Frame C-Notch Kit provides additional clearance for rear axle travel on lowered trucks. C-notches are required on rear drops of 4" or more. Requires cutting and drilling your frame. C-notches are made from thick, 1/4" steel plates and include bump stops, grade 8 hardware and instructions.

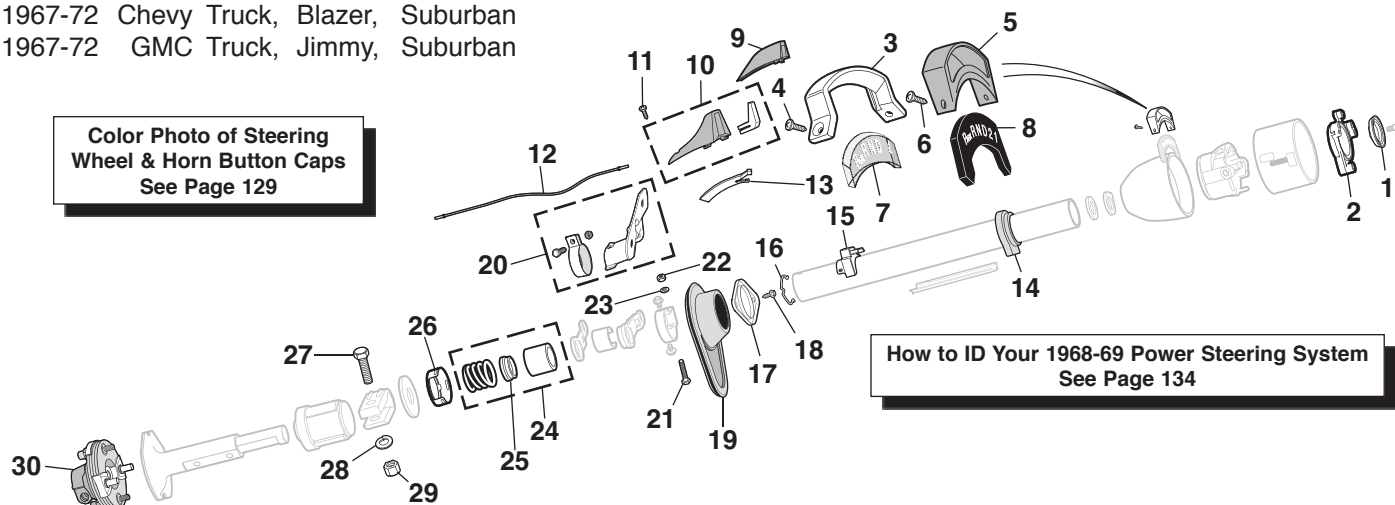

Adjustable Tracking Arm keeps the rear axle in proper alignment on trucks that have been lowered in the rear. Double adjustable arm allows easy adjustments without removing the arm from the truck. Polyurethane bushings included.

PART	DESCRIPTION	APPLICATION	REQD	PRICE

Steering Column Installation Kit

A Column Installation Kit is recommended if you are adding a tilt-column to your truck. The kit includes a u-joint to connect to the tilt column, a collapsible shaft and a coupler to connect to the steering gear.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
38-4780	COLUMN INSTALL KIT-MANUAL	3/4" X 36 SPLINE	(1)	\$144.95
38-4781	COLUMN INSTALL KIT-MANUAL	3/4" X 30 SPLINE	(1)	\$139.95
38-4782	COLUMN INSTALL KIT-POWER	13/16" X 36 SPLINE	(1)	\$139.95

Add the convenience and reliability of a new adjustable tilt wheel steering column built specifically for your truck. This is not a universal column that requires modification. Larger casting design and larger shafts and bearings provide more strength and stability in the column. Improved bearing seat with thicker 16 gauge steel and a superior welded head attachment will never loosen.

These steel columns are available in a ready-to-paint brushed finish or show-quality chrome. All columns include self-canceling turn signals, hazard warning flasher switch, knobs and handles, wiring harness, and adaptor. All of these features add strength and reliability, and every column is backed by a 3 year warranty.

Your original 1967-72 steering wheel will not fit this tilt steering column, you must use one of the Classic Foam or Classic Wood Steering Wheels on page 130 or an OE steering wheel for a 1974-94 GM truck.

Paintable steering columns are bare steel and must be painted to protect from rust.

A Steering Wheel & Installation Kit and Shift Indicator are required for installation of the Steering Column.

Note: "A" Only fits models equipped with 3 or 4 speed automatic transmissions.

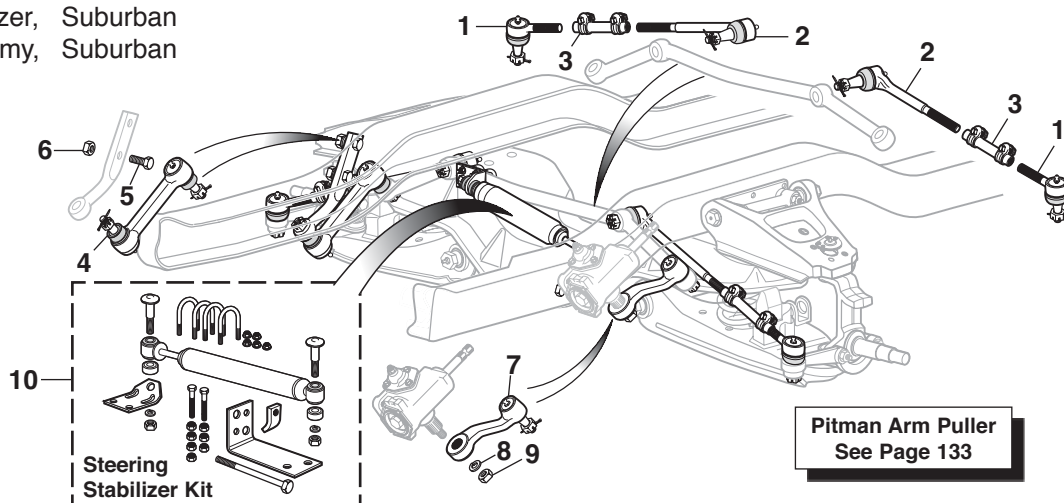

Order the steering shaft that matches the size and splines on your steering gear.

Steering Controls - 2 Wheel Drive

1967-72 Chevy Truck, Blazer, Suburban

1967-72 GMC Truck, Jimmy, Suburban

A Steering Stabilizer Kit is basically a horizontal shock absorber that helps to stabilize the steering system. The kit not only helps to stabilize the steering, but can also help in the prevention of "Bump Steer", when the steering wheel jerks suddenly as a result of hitting a pothole or object in your path. These kits will also help to reduce normal wear on vital suspension pieces and make tires last longer. This kit is especially helpful for trucks whose original equipment tires have been replaced by larger or wider ones.

Replacement Tilt Steering Column

Replacement Tilt Steering Column comes fully assembled from all-new parts with a 5-way adjustable tilt and a durable chrome or black powder coat finish. Levers, switches and floor seal are included.

Column shift tilt steering column fits models with an automatic transmission. Shift indicator housing, pointer and indicator lenses for 3 and 4 speed transmissions are included.

Tilt columns can be used with original, reproduction or aftermarket steering wheels.

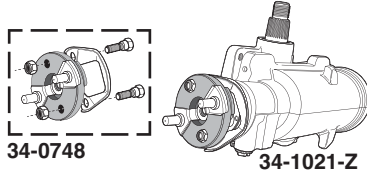

1967-68 models without power steering require the use of #38-4849 intermediate shaft and coupler for installation.

Quick Ratio Power Steering Gear

1968-72 Chevy Truck, Blazer, Suburban
1968-72 GMC Truck, Jimmy, Suburban

Improve the steering response and handling of your truck with a Quick Ratio Power Steering Gear. The Quick Ratio Gear only requires 3-1/4 turns lock-to-lock compared to the factory gear that requires 4-1/2 turns.

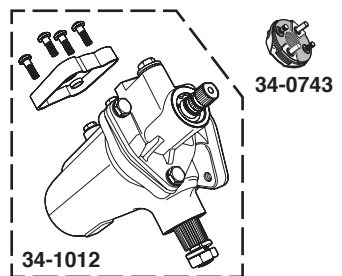

Remanufactured from an original style power steering box and includes a new steering coupler for a bolt-in installation.

Core Refund Information - Steering Gear: A rebuildable core will have no excessive wear. No disassembled units. No worn, broken, scored, damaged, cracked, frozen or rusted housings. No broken or damaged mounting points. If it does not meet the above standards, it is not rebuildable and will not be refunded. DO NOT send a non-rebuildable core.

PART	DESCRIPTION	APPLICATION	REQD	PRICE

34-0748	STEERING COUPLER-REPLACEMENT		(1)	\$29.95

All New Quick Ratio Power Steering Gear

The 500 series power steering gearbox is manufactured using all new components and features a 14:1 sport ratio to provide superior directional control, steering response and road feedback. A nice performance upgrade from the stock 800 series power steering box, it requires only 3-1/4 turns lock-to-lock vs. 4-1/2 turns for the stock gearbox. Bolt-on installation works with the stock pitman arm and power steering hoses. Requires use of steering coupler #34-0743, sold separately, see below.

Power Rack and Pinion Steering Kit

34-0991

34-0978 34-0979 Power Rack and Pinion Steering Kit is bolt-on with the rack mounts using the same mounting location as the original steering gear and idler arm. The rack has been made with the correct ball center dimension to eliminate bump steer, reduce steering effort and greatly improve handling and overall feel. Kits are designed to fit 1/2 ton 2WD trucks with small block Chevy V8 engines with short water pump. Trucks originally equipped with manual steering will need a double groove water pump pulley, sold separately below.

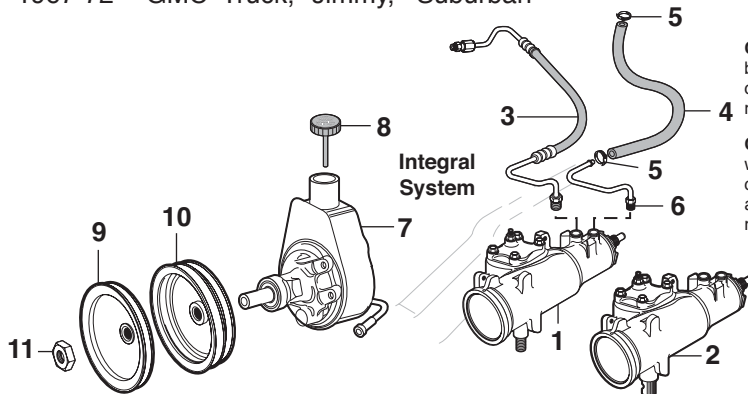

Kits include Power Rack and Pinion with mounting bracket; Outer Tie Rod Ends; Power Steering Pump Kit which includes pump, mounting brackets, remote reservoir and hoses; Steering Shaft Kit which includes steering shaft and U-joints; mounting hardware and instructions.

Core Refund Information - Power Steering Pump: A rebuildable core will have no broken or stripped mountings, no damaged port threads and the housing must not be cracked. If it does not meet the above standards, it is not rebuildable and will not be refunded. DO NOT send a non-rebuildable core.

Core Refund Information - Steering Gear: A rebuildable core will have no excessive wear. No disassembled units. No worn, broken, scored, damaged, cracked, frozen or rusted housings. No broken or damaged mounting points. If it does not meet the above standards, it is not rebuildable and will not be refunded. DO NOT send a non-rebuildable core.

OM = Original Material
SS = Stainless Steel
W/O AC = Without Air Conditioning
W/AC = With Air Conditioning
W/O BB = Without Big Block

How to I.D. Your 1968-69 Power Steering System:
Integral System: Power steering pump is connected to the steering gear by two hoses.
Linkage System: Power steering pump hoses connect to the control valve, not the steering gear.

Note: "A" Models with 11-5/32" front brakes.

"B" Models without locking hubs; wheel cylinder has 7/16" opening.

"C" Fits models with locking hubs; wheel cylinder has 3/8" opening.

"D" Models with 11" rear drums.

Opening Size

Front Disc Brake Kit ... No More Front Drums

Disc Brake Kit contains parts needed to convert from front drum brakes when using new spindles. (Stock height or drop type available.) A new #37-8588 Brake Master and Booster Kit is needed, see below.

Requires use of 17-inch or larger diameter wheels originally designed for use with disc brakes.

Kit includes 12" brake rotors; calipers and semi-metallic pads; hoses and hardware; and bearings and seals.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
37-8550	DISC BRAKE KIT 5 LUG	2WD 1/2T 67-70	(1)	\$399.95
37-8551	DISC BRAKE KIT 6 LUG	2WD 1/2T 67-70	(1)	\$399.95
34-3320	DISC BRAKE PAD SET-STANDARD	FOR 37-8550	(1)	\$19.95
34-3340	DISC BRAKE PAD SET-PERFORMANCE	FOR 37-8550	(1)	\$46.95
34-3220	DISC BRAKE ROTOR 5 LUG	FOR 37-8550	(2)	\$79.95

PART	DESCRIPTION	APPLICATION	REQD	PRICE
34-3320	DISC BRAKE PAD SET-STANDARD	FOR 37-8551	(1)	\$19.95
34-3340	DISC BRAKE PAD SET-PERFORMANCE	FOR 37-8551	(1)	\$46.95
34-3223	DISC BRAKE ROTOR 6 LUG	FOR 37-8551	(2)	\$99.95

Disc Brake Spindle Set ... Convert Your Truck to Disc Brakes

Spindle Set keeps your truck at stock height and is made for disc brakes. Get the safety and reliability of front disc brakes on your truck that came with front drums. A disc brake system from a 1971-72 GM truck can be used or order one of the Disc Brake Kits listed above.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
37-8500	SPINDLE SET-STOCK HEIGHT	2WD 1/2T 67-70	(1)	\$299.95

Disc Brake Master and Booster

Brake Master and Booster for use with Spindles and Disc Brake Kits, above and below. Boosters require a minimum of 16" of vacuum and will not work with radical cams or blowers where there is not enough vacuum. Measure your vacuum before ordering. Brake Booster Kit includes proportioning valve for front disc and rear drum brake applications.

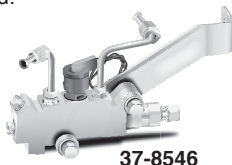

PART	DESCRIPTION	APPLICATION	REQD	PRICE
37-8588	BRAKE MASTER & BOOSTER KIT-11"	2WD 1/2T 67-70	(1)	\$279.95

Rear Disc Brake Conversion Kit

Rear Disc Brake Conversion Kit converts rear drums to 12" rotors with single piston calipers. Rear disc brakes improve your truck's braking system and provide reliable, all-weather performance. Kits are available with either standard or cross drilled/slotted rotors for better performance, longer life and cooler braking temperatures.

Rear Disc Brake Kit will work with 15" or larger wheels. Disc Brake Proportioning Valve #37-8546 is also required.

Kit contains 11" standard or performance cross drilled/slotted rotors, single piston calipers with semi-metallic pads, parking brake cable extenders, brake hoses, pre-bent rear brake lines, mounting brackets and hardware.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
37-8467	DISC BRAKE KIT-STANDARD 5 LUG	2WD 1/2T 71-72	(1)	\$899.95
37-8466	DISC BRAKE KIT-PERFORMANCE 5 LUG	2WD 1/2T 71-72	(1)	\$999.95

Hydraulic Brake Assist Kit

37-8456

Replace your manual or vacuum-assisted brakes with a powerful and compact modern hydraulic assist unit that puts out 1,800 psi at the wheels for improved braking performance and safety. Kit will work on any motor with a power steering pump, since vacuum to the booster will no longer be required.

Not for use on models with front drum brakes.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
37-8456	HYDRAULIC BRAKE ASST KIT-STREET	CHEVY GMC 67-72	(1)	\$829.95
37-8457	HYDRAULIC BRAKE ASST KIT-SHOW	CHEVY GMC 67-72	(1)	\$979.95

37-8457

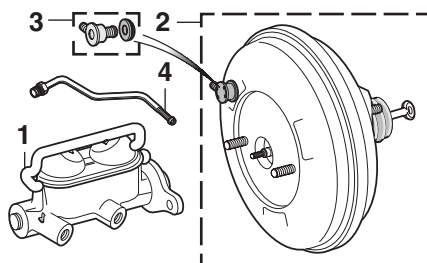

Street Beast Kit contains a direct fit hydraulic brake assist unit, master cylinder, external adjustable proportioning valve, firewall mounting bracket, high pressure and return lines, pedal rod and mounting hardware.

Show Stopper Kit includes a direct fit hydraulic brake assist unit, chrome accumulator cover, chrome aluminum master cylinder with integral adjustable proportioning valve, billet aluminum firewall mounting bracket, braided stainless high pressure hoses, rubber return hose, pedal rod and mounting hardware.

Disc Brake Proportioning Valve Components

1971-72 Chevy Truck, Blazer, Suburban

1971-72 GMC Truck, Jimmy, Suburban

The Proportioning Valve helps prevent premature rear wheel slide by limiting the amount of increase in hydraulic pressure passed to the rear brakes. This prevents the rear brakes from locking up before the full effective braking effort is produced by the front disc brakes.

Stainless Steel Brake Hose Sets

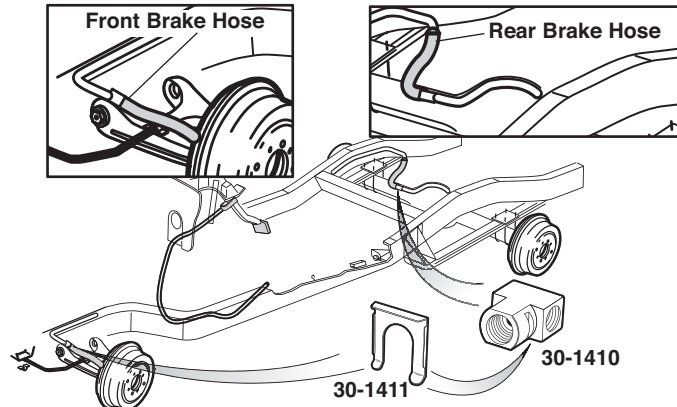

Stainless Steel Brake Hoses feature stainless steel braided hose with factory assembled, zinc-plated fittings. These hoses increase braking performance and reduce pedal travel by eliminating hose expansion common to rubber hoses. Each set comes with all necessary hardware and fittings.

Illustration Shown is for 1972 Brake Lines. Brake Line Kits Will Vary from Illustration Depending on Your Truck's Model and Year.

NotchHead Line Clamps

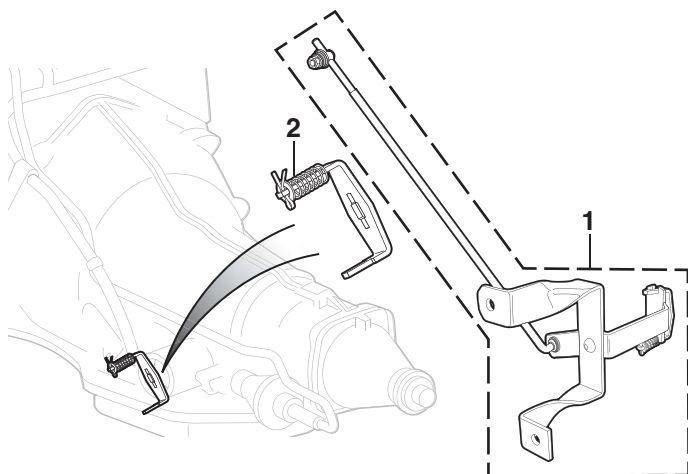

NotchHead Line Clamps organize both hard and soft lines and clamp them in place to keep from being chafed on sharp edges or crushed under moving components. Easily secure lines without marring paint. Can also be used as separators for running hoses in parallel by bolting two line clamps together. Flexible lines easily snap in for quick installation and mock-ups. Mounting hardware included in each kit.

PERFECT TORC Transmission Controller

Made in the USA.

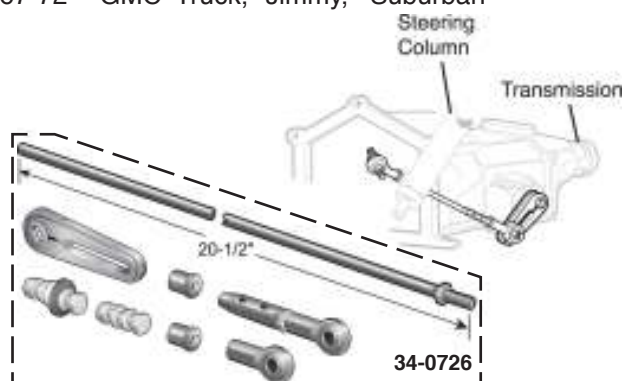

The PERFECT TORC Transmission Controller is the stand-alone electronic transmission control unit you've been waiting for. Installation and initial setup is easy, and the controller is supplied with base calibrations for your transmission type, so you can be up and running immediately after installation. The PERFECT TORC Transmission Controller can be tuned using the provided calibration software and a Windows-based laptop, and basic tuning options are available without ever plugging into a laptop. With a digital display, two separate shift tables, and the ability to perform on-the-fly calibrations, the ultra-reliable and vibration-resistant controller supports paddle and simple push button shifting. The system is designed to work seamlessly with GM 4L60/65E and 4L80/85E transmissions on fuel-injected, carbureted, and diesel engines.

Note: GM 4L60E transmission must be 1996 or newer. GM 4L80E transmissions must be 1995 or newer.

Transmission Shift Linkage Kit

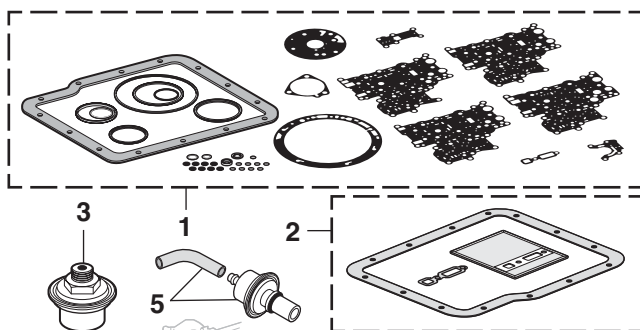

1967-72 Chevy Truck, Blazer, Suburban
1967-72 GMC Truck, Jimmy, Suburban

The Transmission Shift Linkage Kit is ideal for vehicles that have undergone a steering column swap, transmission swap or simply need to upgrade from the old binding or sloppy automatic transmission shift linkage. Kit includes stainless steel shift rod, splined selector shaft bushings, fully adjustable linkage arm, spherical rod ends, hardware and instructions. For use on GM TH350, TH400 and TH700R4 transmissions.

Auxiliary Transmission Oil Cooler

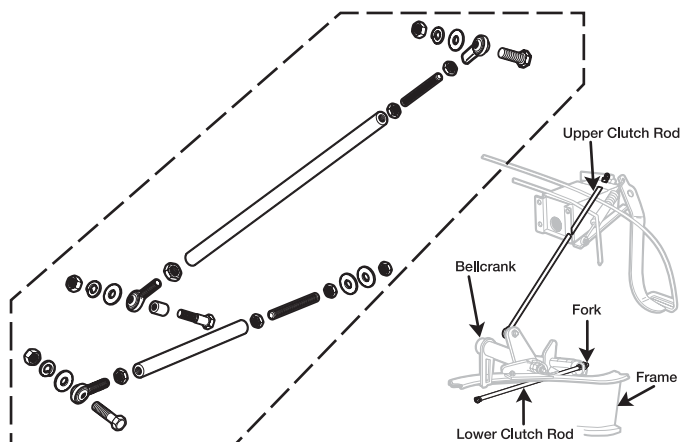

Auxiliary Transmission Oil Cooler reduces the operating temperature and extends the life of a truck's transmission. Pressure tested at 150 PSI with ultrasonically soldered aluminum tube and fin construction for reliability, this transmission cooler is compatible with OEM cooler systems and has an 18,000 lb. GVWR capacity when installed in line with existing transmission cooler. Features 3/8" push-on hose barb connections for quick and easy installation. Core dimensions are 7-1/2" x 8-3/4" x 3/4". Includes mounting hardware, hose and clamps.

Rod End Clutch Linkage Kit

1967-72 Chevy Truck, Blazer

1967-72 GMC Truck, Jimmy

A new Rod End Clutch Linkage Kit replaces a worn factory clutch linkage that has failed due to metal-to-metal contact. Adjustable linkage rods feature a spherical bearing end for smooth and maintenance-free clutch operation. The durable, teflon-lined bearings are self-cleaning and require no lubrication.

For off-road applications, the rod end design allows up to 15 degrees of pivot to accommodate for frame flex, thus reducing the risk of the clutch bellcrank coming off of the factory pivot points. Kit includes upper pushrod, lower pushrod, hardware and instructions. Call or go online and order yours today!

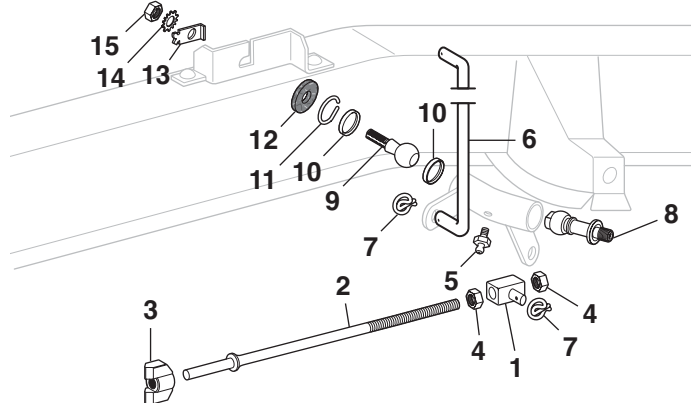

PART	DESCRIPTION	APPLICATION	REQD	PRICE
32-6162	CLUTCH LINKAGE KIT	"A" CHEVY GMC 67-72	(1)	\$119.95

Note: "A" For models with exhaust manifolds only.

How to ID a DANA-SPICER Axle

All Spicer axles are identified with a manufacturing date and Bill of Material Number stamped on the right or left hand tube. The axle model number will be cast into one of the webs as shown or it can be on the nose.

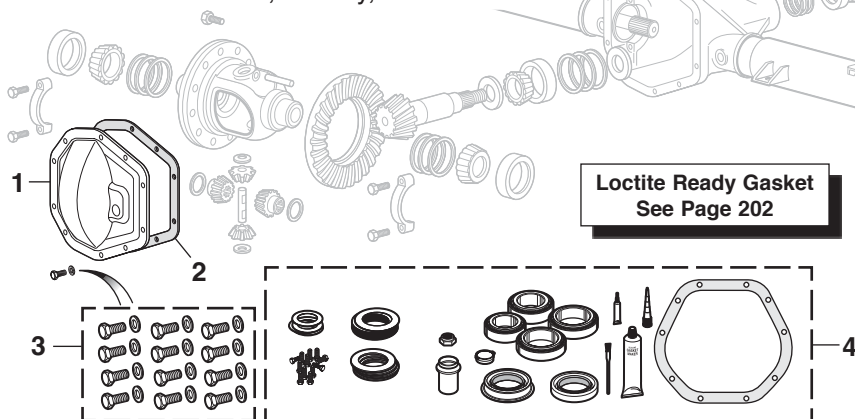

The Bill of Material Number will always contain six digits followed by a dash number. Bill of Material Numbers are listed where necessary for axle identification. When a Bill of Material Number is listed, it means the item will only fit axles stamped with that Bill of Material Number, e.g. 610320-1.

Numbers Noted as Being Spicer are Original Equipment Spicer Parts

NEW

Rear Axle Conversion Kit

If you've upgraded your truck's front end to 5 lug disc brakes, now is the time to upgrade the rear. This Rear Axle Conversion Kit will convert your 6 lug rear end to 5x5, giving you a lot more wheel options to choose from. Rear axle conversion kit includes 5 lug axles and brake drums, 1/2" wheel studs and a 12 bolt differential gasket. Axles have a 3.1" diameter center hub. Existing brake hardware can be reused.

Mile Marker Hub

Mile Marker Hubs have superior quality and are built to exacting standards with improvements over the latest patents to give years of trouble-free service. Limited Lifetime Warranty on Street Master and Supreme Locking Hubs.

Street Master Hub - Features a contrasting look of chrome with a virtually unbreakable black nylon reinforced fiberglass dial.

Supreme Stainless Hub - Features a "full metal jacket" cap with stainless steel exposed to the elements. Made using a new process of die-casting aluminum into a pre-made stainless jacket, it provides strength, is lightweight and corrosion-resistant.

Supreme Hub - Features the latest patented technology and decidedly smooth operation making it the ultimate in style and service.

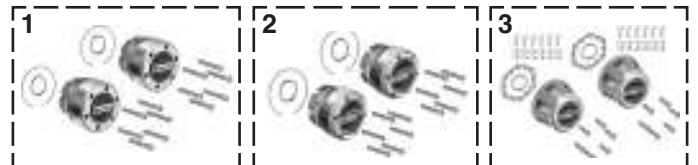

Supreme Stainless Hub

Rear Differential - 12 Bolt with 8-7/8" Ring Gear and 30 Spline Pinion

1967-72 Chevy Truck, Blazer, Suburban
1967-72 GMC Truck, Jimmy, Suburban

How to choose the correct Ring & Pinion:
Each ring and pinion gear set sold below is for replacement use only. Gear ratio changes are possible as long as the ratio selected is within the range of ratios available for the carrier. See chart below for carrier/case breaks by differential model.

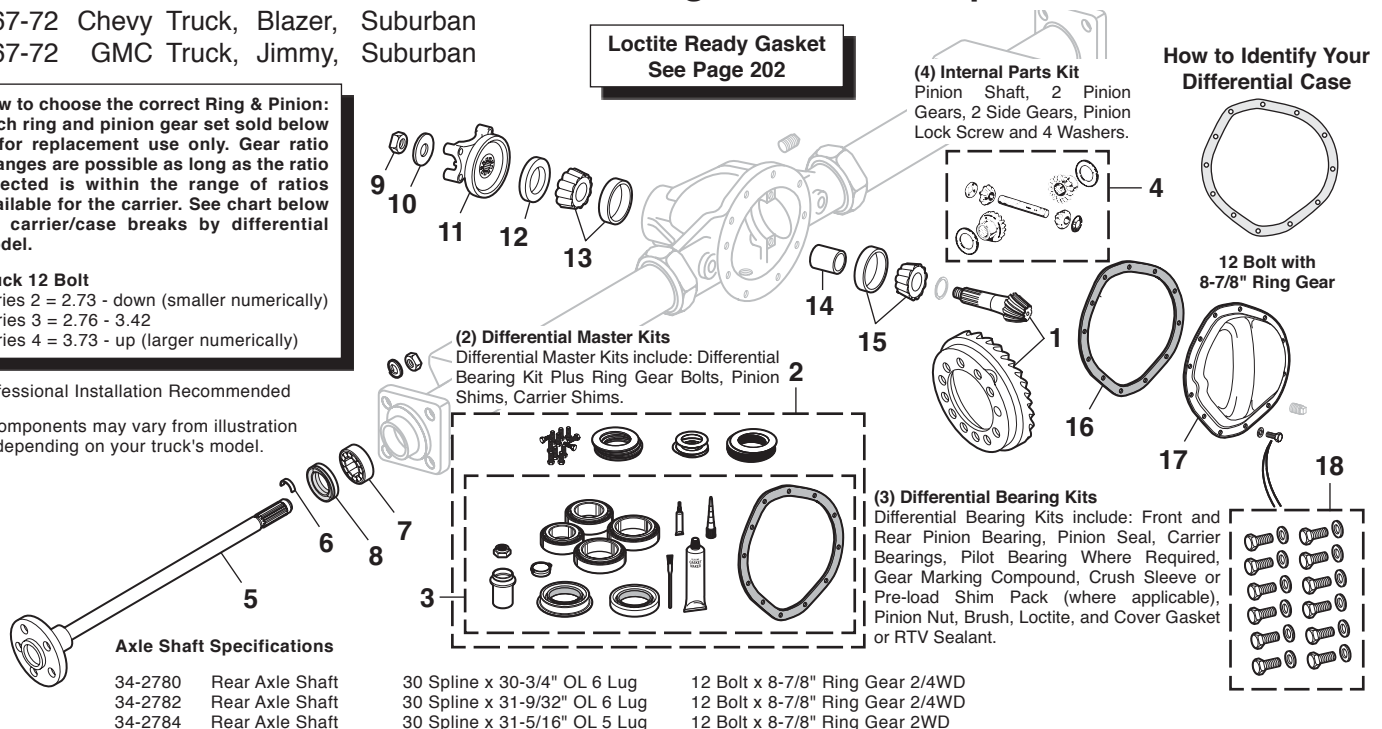

Truck 12 Bolt
Series 2 = 2.73 - down (smaller numerically)
Series 3 = 2.76 - 3.42
Series 4 = 3.73 - up (larger numerically)

Loctite Ready Gasket

Switch-Ball™ Set

37-7433

Switch-Ball™ Set - Constructed from premium grade steel with nickel-chrome plating, the Switch-Ball™ Set has an exclusive 'J' Groove design that ensures that the ball is installed on the shank and engaged by a coupler, making the hitching system safe and secure. Weight bearing capacity rests on shank to relieve stress away from the ball, thus freeing the coupler from friction and binding for a smoother and safer towing.

Change between three different trailer hitch ball sizes quickly and easily. No attachment pin to remove or tools required to switch ball sizes. Weight ratings for each hitch ball size are: 1-7/8" = 3,500 lbs., 2" = 6,000 lbs. and 2-5/16" = 8,000 lbs.

Flo-Tek Aluminum Performance Cylinder Heads

With Flo-Tek Aluminum Cylinder Heads, you no longer have to choose between performance, quality and price. Out of the box, these heads deliver exceptional flow numbers – power ideal for the street and strip. Cylinder heads include phosphorous bronze valve guides, high-quality valves with high-nickel valve seats, and premium springs. Heads are drilled and tapped for accessories.

Flo-Tek premium alloy castings are inspected and assembled in the USA.

Note: Chevy small block heads are a straight plug design and tapped for use on valve covers with either center bolt or perimeter bolt pattern.

Edelbrock Aluminum Performance Intake Manifolds

PERFORMER RPM: A dual-plane, high-rise manifold designed with a 180° firing order produces incredible top-end horsepower while retaining great throttle response. Their larger plenums and runners match high-lift cams, free flowing exhausts and other modifications of a performance engine. Great for street or strip.

RPM AIR-GAP: The RPM Air-Gap offers the same proven qualities of the Performer RPM but with the addition of Edelbrock's patented Air-Gap. The Air-Gap design features an open air space that separates the runners from the hot engine oil for a cooler, denser charge for more power.

LS-Series Engine and Drivetrain Swap Components

Two of the more challenging aspects of an engine swap are engine mounting and exhaust routing. Worry no more. The Adjustable LS Engine Mount Plate Set and the Hedman LS Swap Headers are designed to work together to eliminate a lot of the guesswork of component selection when installing a Chevy LS1/LS6 or Vortec 4.8/5.3/6.0L V8 into a 2WD truck.

Adjustable LS Engine Mount Plate Set

34-0302

The Adjustable LS Engine Mount Plate Set (#34-0302) allows installation of an LS series engine into a truck originally equipped with a small block Chevrolet V8. The engine mount plates are slotted to allow for 1-7/8" of adjustment in mounting position to provide for better weight distribution, additional clearance for engine driven accessories (allows for low mounted A/C compressor) and oil pan to crossmember clearance. Engine Mount Plates accept small block Chevrolet engine mounts, sold separately.

34-0302	ADJUSTABLE ENG MOUNT PLATES	2WD CHEVY GMC 67-72	(1)	\$109.95

Gauge Sending Unit Adaptor Kit

34-0344

Gauge Sending Unit Adaptor Kit provides the necessary adaptors for connecting gauge sensors when swapping to an LS-Series engine.

Kit contains 12mm x 1.5 to 1/8" NPT adaptor for water temperature; low profile water temperature sensor; 16mm x 1.5 to 1/8" NPT adaptor for oil pressure; resistor for tachometer correction; and detailed instructions.

LS Swap Header Set

36-6075

The LS Swap Header Set is available in a black painted, shortie, block-hugger design and an uncoated mid-length design, both allowing for easier installation and exhaust routing. The block-hugger headers feature 1/4" thick mounting flanges and 1-5/8" primary tubes flowing into a 3" flange type collector. The mid-length headers feature 3/8" thick mounting flanges and 1-3/4" primary tubes flowing into a 3" weld-on ball and socket-type collector. They are supplied complete with mounting hardware, gaskets and installation instructions. O2 sensor bungs are available separately. Not legal for sale or use on pollution controlled vehicles. **Limited Lifetime Warranty**

36-6078

PART	DESCRIPTION	APPLICATION	REQD	PRICE
36-6075	LS HEADERS BLOCK-HUGGER	2WD CHEVY GMC 67-72	(1)	\$419.95

36-6078	LS HEADERS MID-LENGTH "A"B"	2WD CHEVY GMC 67-72	(1)	\$349.95

Note: "A" Fits models with floor shift linkage. Column shift linkage may require modifications for clearance.
 "B" Installations using 4L80 transmission require bell housing tabs to be trimmed for header clearance.

Crankshaft Spacer and Flexplate

The crankshaft spacer, flexplate and flexplate bolts, listed above right, allow you to retain your existing automatic transmission when swapping to an LS-series engine. For use with GM Powerglide, TH350, TH400, 200-4R and 700R4 automatic transmissions.

LS Swap Exhaust Manifolds

These cast iron LS Swap Exhaust Manifolds are available in a black painted finish. The low-profile design allows much easier fitment than conventional tubular swap headers, while retaining the ability to support up to 500 horsepower. Exhaust Manifolds come complete with cylinder head to manifold gaskets and exhaust flanges.

36-6077

Will not fit LS7, LS9 or aftermarket LSX454 engines.

Stand-Alone LS / Vortec Swap Engine Harnesses

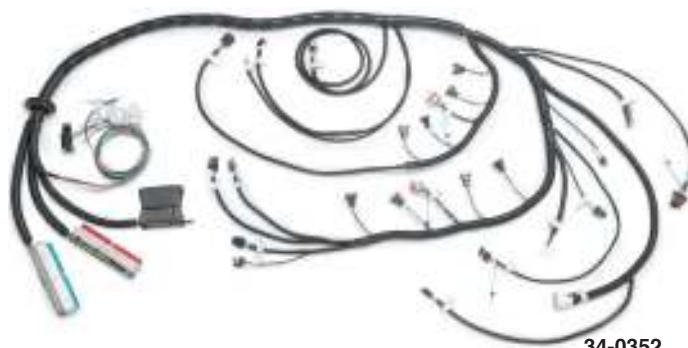

W/O Trans means without electronic transmission or with manual transmission.

Simplify your 4.8, 5.3, 5.7 or 6.0L swap with a new Stand Alone LS Swap Wiring Harness from BP Automotive. Eliminates hours spent sorting through a used wiring harness or tracking down components to build your own harness.

Every BP harness is color coded to factory colors and includes labeled factory-style connectors, convoluted tubing, firewall grommet and heat wrap where needed. After making a few simple chassis connections, it's truly as easy as laying out the harness and plugging it in. Harnesses do not have provisions for EGR, A.I.R, EVAP or rear O2 sensors. Made in the USA.

Note: "A" For models with drive by cable throttle body.

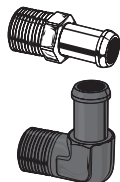

34-0352

LS1 Swap Harnesses are optimized for a 5.7 LS1 engine, with LS1 intake manifold and engine accessories.

Vortec Swap Harnesses are optimized for a 4.8-6.0 engine, with truck intake manifold and engine accessories.

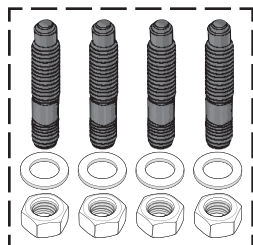

Heater Hose Fittings, Carburetor Stud Kits and Pipe Plugs

These often overlooked items are always a good idea to have on hand when working on intake, carburetors, engine plumbing or vacuum accessories.

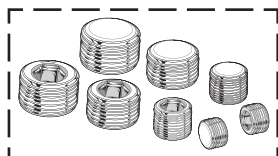

High-quality **Aluminum Heater Hose Fittings** are available in clear or black anodized finish with straight or 90 degree bends. The threaded NPT (National Pipe Thread) fitting ensures a leak-free seal and the single-barbed outlet allows proper hose connection.

Oil Pump Priming Tool

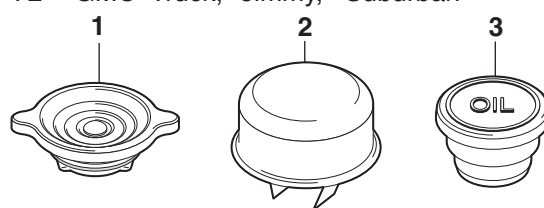

Before starting a new or rebuilt motor for the first time, it's critical to prime the lubricating system to prevent premature wear. Failure to pressurize the oil could result in a dry start that can cause camshaft, bearing and/or piston ring failure. An Oil Pump Priming Tool makes this process easy — just remove the distributor, insert the priming tool and turn it clockwise with a 3/8" drill. The tool has a machined aluminum collar that simulates the distributor and helps to eliminate damaging side loading of the oil pump drive while priming.

EZ Oil Drain Valve

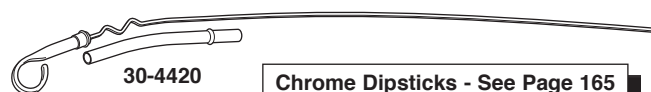

EZ Oil Drain Valve allows quick oil changes with little to no mess. Compact design has no lever to catch on obstacles. Adaptors are not required and easily installs with socket or wrench. Aluminum crush washer (included) ensures tight, leak-free seal. Easy to locate orange top has a knurled surface for slip-free operation.

Simple operation; push in cap, twist to the right and drain. Once drained, push in and twist to left to close. Spring-tensioned, double o-ring seal guarantees a long, leak-free life.

Manifold Vacuum Fittings and Plugs

Manifold Vacuum Fittings are used to connect to engine vacuum operated components such as power brake booster, transmission modulator, vacuum advance, HVAC components, etc. These are often overlooked or broken during attempted transfer when swapping engines or intake manifolds. Manifold Vacuum Fittings are available in a 90° or T-style fitting. The 90° fitting has a single 3/8" vacuum port and the T-style fitting has a 3/8" and 1/4" vacuum port. Both styles are available in zinc-plated steel or chrome-plated aluminum.

For those simply needing to plug the vacuum port in the intake manifold, order part #30-1434. To plug the water ports in the intake manifold or water pump, order part #30-1435.

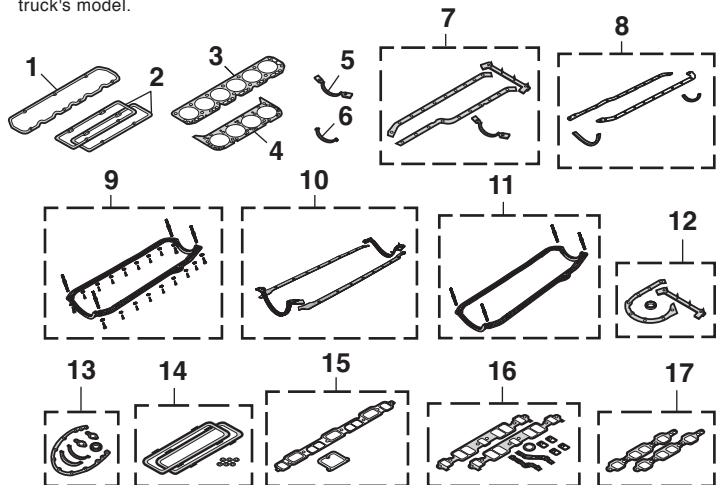

PART	DESCRIPTION	APPLICATION	REQD	PRICE
30-1430	90 DEGREE FITTING-ZINC	(AR)		\$8.95

Air Filter

1967-72 Chevy Truck, Blazer, Suburban

1967-72 GMC Truck, Jimmy, Suburban

Dirty air filters can result in a rich mixture of fuel and air, thus, wasting expensive gasoline. This can result in a power loss and rough idle, decreasing gas mileage.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
32-3232	AIR FILTER	250 67-72	(1)	\$6.95

Fuel Filter

1967-72 Chevy Truck, Blazer, Suburban

1967-72 GMC Truck, Jimmy, Suburban

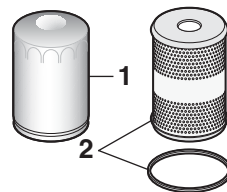

Fuel filters prevent dirt and moisture from entering the carburetor and blocking the tiny passages that could most hinder an engine's performance. A clogged fuel filter will cause the same problems as a faulty fuel pump: starting problems, stalling, backfiring and rough idling.

Oil Filter

1967-72 Chevy Truck, Blazer, Suburban

1967-72 GMC Truck, Jimmy, Suburban

A good oil filter will trap up to 90% of damaging dirt particles. It is recommended to change the oil and oil filter every 3,000 miles. If the oil filter is not changed at recommended intervals it could become clogged, allowing unfiltered oil to circulate throughout the engine, leading to expensive repairs. The cleaner the oil is, the cooler the engine will run.

Serpentine Drive Systems

LS-Series Engines

Fits LS-1,2,3 and 6 Engines; 4.8,5,3 and 6.0 Truck Engines

38-1779

38-1778

Kits include:

- 140 amp, 1 wire alternator
- Aluminum water pump with natural finish
- Sanden "peanut" style A/C compressor
- Type II (remote reservoir) power steering pump
- Power steering reservoir, bracket and mounting hardware
- Serpentine belt and tensioner
- Fluidampr® harmonic balancer
- Finished matched accessory brackets, pulleys and tensioner cover
- Stainless steel hardware
- Fully illustrated step-by-step instructions

PART	DESCRIPTION	APPLICATION	REQD	PRICE
38-1779	SERPENTINE DRIVE SYSTEM-POLISHED	CHEVY GMC 67-72	(1)	\$2399.95
38-1778	SERPENTINE DRIVE SYSTEM-BLACK	CHEVY GMC 67-72	(1)	\$2499.95

Serpentine Drive Systems are the cleanest and easiest way to mount accessories to your engine. Compact aluminum design offers improved clearance allowing for numerous cylinder head and intake manifold configurations. Made in the USA.

Available in Polished or Black Anodized Aluminum

Small Block and Big Block Engines

Polished - Models with A/C

Black - Models without A/C

Kits include:

- 140 amp, 1 wire alternator
- Reverse rotation (short) water pump with natural finish
- Sanden "peanut" style A/C compressor (where applicable)
- Type II (remote reservoir) power steering pump
- Power steering reservoir, bracket and mounting hardware
- Serpentine belt and tensioner
- Finished matched accessory brackets, pulleys and tensioner cover
- Stainless steel hardware
- Fully illustrated step-by-step instructions

Power Steering Hose Components

Designed for use with serpentine drive systems, the Power Steering Hose Kit includes all components necessary to plumb a remote reservoir power steering system. Power steering gear adaptor fitting set for inverted flare and o-ring style steering gears are sold separately, see below.

Kit includes supply and return fittings for remote reservoir, 3' of #10 AN braided stainless steel hose for supply line to pump, two 3' pieces of #6 AN braided stainless steel hose for pressure and return lines and six hose end fittings.

#38-1788 P/S Pump Flow Control Valve is for use with power rack and pinion steering systems.

Core Support Filler Panel Set

Core Support Filler Panel Set fills the gap between the grille and core support directing more air flow through the radiator rather than over it which helps improve cooling. Panels are constructed of anodized aircraft grade aluminum to ensure no fading or corrosion and are CNC cut for a precision fit. Simple bolt-in installation using existing hardware. Instructions included. Available in polished and black finishes with or without officially licensed logo.

**Core Support Filler Sets
will not fit models with
factory air conditioning.**

High Amp Alternators ... More Amperage for Today's Modern Accessories

Alternator Conversion Harness is an easy, plug-in conversion, to use for a higher output, internally regulated alternator in place of an existing externally regulated alternator. Includes detailed step-by-step instructions.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
36-2725	CHROME ALTERNATOR-100AMP 6&8 CYL	CHEVY GMC 67-72	(1)	\$169.95
36-2728	CHROME ALTERNATOR-140AMP 6&8 CYL	CHEVY GMC 67-72	(1)	\$279.95
36-2743	ALTERNATOR CONVERSION HARNESS	CHEVY GMC 67-72	(1)	\$19.95

More amperage is needed to run today's modern accessories. High amp internally regulated alternators will give your truck the charging power it needs.

Features include high output with excellent idle performance; hand-wound, custom-designed stators; gold-plated battery post for better electrical connections; and "Proof of Performance" tag.

Finned Aluminum Valve Cover Set

Quality die cast aluminum replicas of the popular finned valve covers from the '60s and '70s for a cool, nostalgic look. Includes gaskets, baffles, hardware and two 1" ID. 1-1/4" OD grommets.

Polished breather cap perfectly complements finned valve covers.

Complete Inline 6 Cylinder Single Bolt-On Exhaust Systems

1967-72 Chevy & GMC Truck

Performance Exhaust Systems have bolt-on connectors that adapt to a stock manifold with no welding needed. All parts and hardware for standard installation are included.

Performance Exhaust Systems are manufactured from 2" diameter 16-gauge aluminized steel and made with modern tube benders utilizing mandrel bends, ensuring each bend is smooth flowing and increasing exhaust flow by up to 20% over stock exhaust systems.

Performance Turbo Single Exhaust Systems

Turbo Exhaust Systems have a 2" in and out flow Turbo Muffler to reduce back pressure and give that great low exhaust tone you expect from your truck. Mounting hardware included.

PART	DESCRIPTION	APPLICATION	PRICE
36-5510	SINGLE EXHAUST SYSTEM	I6 2WD SHORTBED 67-72	\$139.95*
36-5512	SINGLE EXHAUST SYSTEM	I6 2WD LONGBED 67-72	\$139.95*
36-5492	REPLACEMENT TURBO MUFFLER	FOR 36-5512/36-5510	\$39.95

Performance Glass Pack Single Exhaust Systems

Glass Pack Performance Exhaust Systems have a bullet shaped, straight through glass packed muffler to help reduce back pressure and give that aggressive rumble you want. Mounting hardware included.

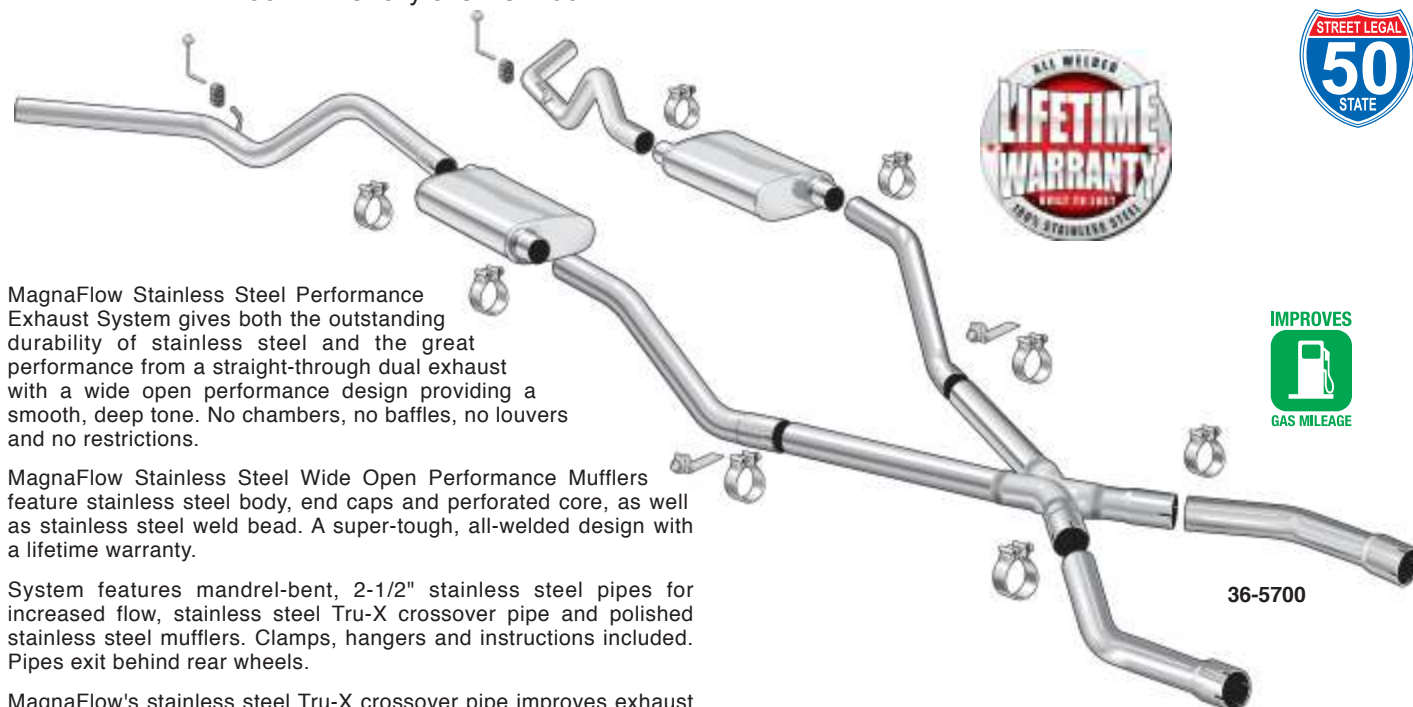

PART	DESCRIPTION	APPLICATION	PRICE
36-5530	SINGLE EXHAUST SYSTEM	I6 2WD SHORTBED 67-72	\$129.95*
36-5532	SINGLE EXHAUST SYSTEM	I6 2WD LONGBED 67-72	\$129.95*

*After the sell price means Oversize Part Charge. Your order will incur a charge of \$20.00 for each oversized part. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery.

Dual Exhaust

1967-72 Chevy & GMC Truck

MagnaFlow Stainless Steel Performance Exhaust System gives both the outstanding durability of stainless steel and the great performance from a straight-through dual exhaust with a wide open performance design providing a smooth, deep tone. No chambers, no baffles, no louvers and no restrictions.

MagnaFlow Stainless Steel Wide Open Performance Mufflers feature stainless steel body, end caps and perforated core, as well as stainless steel weld bead. A super-tough, all-welded design with a lifetime warranty.

System features mandrel-bent, 2-1/2" stainless steel pipes for increased flow, stainless steel Tru-X crossover pipe and polished stainless steel mufflers. Clamps, hangers and instructions included. Pipes exit behind rear wheels.

MagnaFlow's stainless steel Tru-X crossover pipe improves exhaust scavenging and increases rear wheel horsepower and torque with a noticeable reduction in decibel levels.

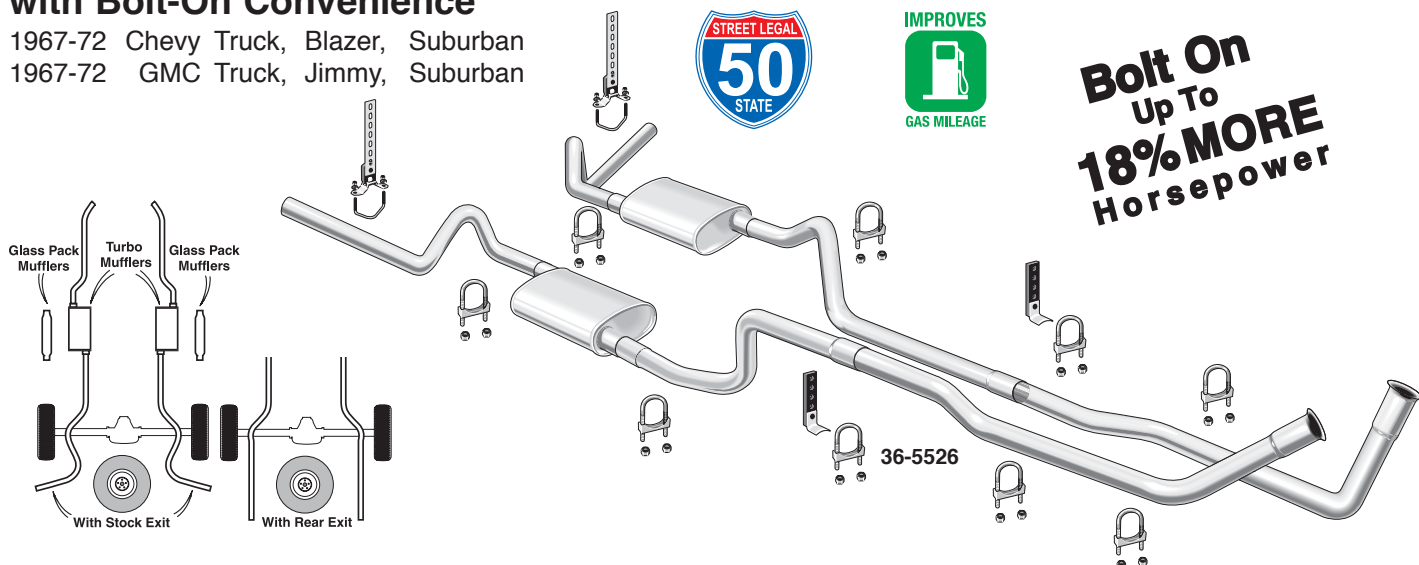

Modification and/or fabrication will be required to connect inlet pipes to existing exhaust system.

Complete V8 High Performance Dual Exhaust Systems with Bolt-On Convenience

1967-72 Chevy Truck, Blazer, Suburban
1967-72 GMC Truck, Jimmy, Suburban

Reduce exhaust restriction and back pressure for increased horsepower and better fuel economy with 2-1/4" tailpipes. Complete with bolt-on connectors that adapt to your stock manifold ... no welding necessary! All parts and hardware for standard installation are included. The standard stock exhaust system of a truck with a 350 engine is a single 2-1/2" pipe. This means that you will be getting an 80% increase in exhaust flow, increasing horsepower by up to 18%, improving fuel efficiency and low-end torque at the same time.

Increases in fuel efficiency and horsepower are based on a truck operating at factory specifications. Increases may vary according to the condition of your truck and driving habits.

Performance Turbo Dual Exhaust Systems

Turbo Exhaust Systems have 2-1/4" in-and-out flow mufflers to reduce back pressure and give that great low exhaust tone you expect from your truck. Mounting hardware included.

*After the sell price means Oversize Part Charge. Your order will incur a charge of \$20.00 for each oversized part. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery.

Manufactured from 16-gauge aluminized steel that lasts up to twice as long as conventional plain steel systems. Made with modern tube benders utilizing mandrel bends, ensuring each bend is smooth flowing, increasing exhaust flow by up to 20% over stock systems.

Rear exit exhaust systems are designed for clearance of an original size spare tire mounted underneath the bed. If you have an oversize spare, it will have to be removed to use these systems.

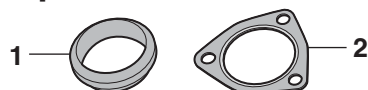

Pickup exhaust systems are for longbed models; front extension pipes will need to be cut to fit shortbed models. Exhaust systems do not fit models with Rockwell transfer case or 2wd models with Ram horn style manifolds that exit straight down.

Performance Glass Pack Dual Exhaust Systems

Glass Pack Exhaust Systems have bullet shaped, straight through glass packed mufflers to help reduce back pressure and give that aggressive rumble you want. Mounting hardware included.

Header Wrap

Increase performance by keeping hot exhaust gasses inside the headers for maximum velocity, improved exhaust scavenging and protecting sensitive engine components from high temperatures.

Header Wrap is able to withstand temperatures up to 1,200°F and is made from vermiculite-coated, textured fiberglass yarn woven into a strong, flexible wrap that can easily be cut with scissors.

Available in 25 or 50 foot rolls of 1" or 2" widths. Two 50 foot rolls of 2" wide are generally enough to wrap standard V8 headers. Stainless steel locking cable ties keep the wrap securely in place. Header Wrap can void warranty of some headers. Check header manufacturer's warranty before installing.

Headers with tight bends should use 1" wide wrap for coverage. Overlap wrap 1/4" for optimum heat dissipation.

PART	DESCRIPTION	APPLICATION	PRICE
36-6181	HEADER WRAP	1" X 25'	\$11.95
36-6182	HEADER WRAP	1" X 50'	\$19.95

Turbo Mufflers

Reduce Noise without Restricting Power

Turbo Mufflers are specially designed to reduce and control noise without excessively restricting power. They are made from the finest quality materials and can be used as OE replacements as well as on custom exhaust systems.

Turbo Mufflers have a galvanized, double wrapped muffler casing for maximum rust protection. Louvered baffles eliminate vibration and spun end caps provide a gas tight seal. Reverse flow design allows muffler to be inverted.

PART	DESCRIPTION	Inlet	Outlet	PRICE

Exhaust Headers ... Bolt On up to 20% Horsepower Increase

Limited Lifetime Warranty

Increases in fuel efficiency and horsepower are based on a truck operating at factory specifications. Increases may vary according to the condition of your truck and driving habits.

36-6010

36-6003

Hedman Headers offer excellent exhaust flow, reduced back pressure and improved performance. Includes hardware, 3" collector to 2-1/2" exhaust reducer, gaskets and instructions needed for installation. Tests have shown a 1.1 second improvement in 0 to 60 second times. Expect up to a 20% increase in horsepower and up to a 10% increase in gas mileage. Call or go online and order yours today!

New mid-length headers provide maximum ground clearance for lowered trucks and allow exhaust pipes to be tucked so they don't extend below the frame rails.

When installing #36-6010 it is necessary to cut existing lead pipe to attach new header adaptor pipe that is included with Header Set. When installing #36-6020 it is necessary to fabricate your own lead pipe to complete installation. Headers are painted black.

MT = Manual Transmission

Engine Block Heaters

A pre-heated engine saves on fuel costs, starts quicker, runs smoother, warms cab interior, defrosts quicker and reduces engine wear and tear.

Engine Block Heaters are complete with cord and detailed easy-to-follow instructions for a simple installation directly into your engine block.

Air Conditioning Systems with Front Air Only

32-0577

These are complete AC, heat and defrost systems that are controlled via cable or the more trouble free electronic operation. Cable operated units are designed for use with factory AC control head (#32-0631 sold separately, see below). The unit is interior mounted under the dash and installs to the firewall. Custom metal block off plates for the under hood side of the firewall eliminate the bulky original heater box and provide a clean, smooth appearance. AC and heater fittings pass through the mounting plates with a custom rubber grommet. Step-by-step, fully detailed illustrated instructions are included.

32-0631

AC Systems with compressor are designed for use with small block Chevrolet engines. Order the corresponding compressor mounting bracket and engine pulleys based on the water pump length and desired compressor mounting location for your vehicle. Kits supplied without compressor are ideal for vehicles that have swapped engines and/or already have installed an AC compressor as part of their engine's accessory drive system. All systems are designed for use with R134A refrigerant.

32-0580

Non-AC Cab Models

These kits are designed for use with factory style dash vents (sold separately) and include templates for cutting dash vents on non-AC cabs. Adding the optional trinary switch upgrade #32-0543 and optional dual electric fan assembly #38-4883 will increase airflow across condenser to maximize the AC system performance.

Brackets and Pulleys

When adding AC to Chevrolet V8 engines with v-belts a 2 groove water pump pulley and a 2 groove crankshaft pulley will be required. Models with power steering will require a 3 groove crankshaft pulley.

Air Conditioning Compressor Upgrade

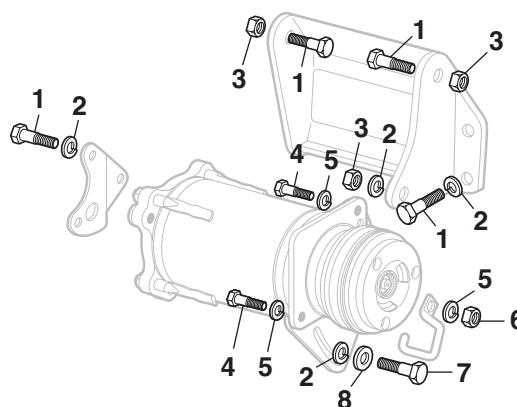

Air Conditioning Compressor Upgrade is an all new, bolt-in aluminum 10 cylinder compressor that replaces the cast iron, 6 cylinder axial A6 style compressor originally equipped. Features an aluminum body that is 52% lighter than original material and has a more efficient design that yields less engine drag thus increasing fuel efficiency and improving engine and cooling system performance. Fits original axial compressor mounting brackets and hose assemblies and is compatible with R12 and R134A refrigerant.

Radiator and Components

1967-72 Chevy Truck, Blazer, Suburban
1967-72 GMC Truck, Jimmy, Suburban

Radiator Core Size: The height and width of the central part of the radiator between the tanks and the side pieces. Consists of parallel rows of tubes and fins.

Transmission Oil Coolers: Trucks with automatic transmissions require radiators equipped with a transmission oil cooler. Radiators with oil coolers are also used on manual transmission trucks. The oil cooler portion of the radiator is simply not used.

Rows: The number of rows refers to the number of parallel rows of tubes in the core.

Dual Electric Fan Assembly

Dual Electric Fan Assembly features high performance SPAL fans with a steel fan shroud that mounts to original mounting locations. Shroud has six bypass flaps that open at highway speed to allow excess air to flow through and close at low speeds to maximize cooling capacity. Dual 13" fans flow 1,777 CFM each and are controlled by a heavy-duty relay and adjustable thermostat. Fan assembly is 5" deep and requires a minimum of a 70 amp output alternator. Includes wiring harness and installation instructions.

Electric Cooling Fan Kit Keeps Your Engine Cool

Electric Cooling Fan and high-performance motor give maximum air delivery while working off the electrical system. Fan blade and shroud are constructed of glass-filled nylon for strength and durability; includes mounting hardware as well as easy-to-follow instructions.

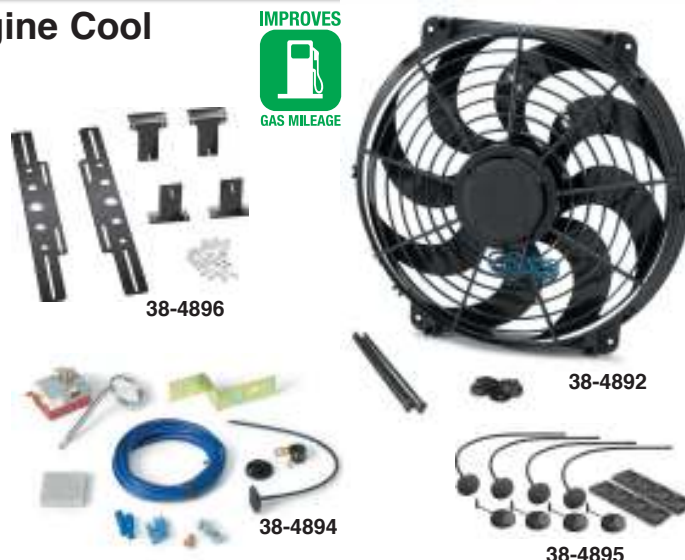

Fan Mounting Bracket Kit is recommended for optimum mounting strength and performance on all electric cooling fans.

#38-4894 Adjustable Thermostat, sold separately, operates fan only when needed. Adjustable Thermostat is adjustable from 150°-240°F.

Quick Re-Installation Kit contains everything needed to reinstall cooling fan if removed.

Dual Electric Cooling Fan Assembly

Dual Electric Cooling Fan Assembly provides increased horsepower and improved MPG. Electric fans provide increased cooling at idle when needed most and eliminate the draw of a mechanical engine-driven fan. Increased airflow across A/C condenser gives cooler, more consistent A/C temperatures at low engine speeds.

Dual Electric Fan Assemblies have a quiet S-blade design and include a wiring harness, relay, adjustable fan temperature switch, mounting brackets and installation instructions.

A/C Cooling Fan Harness activates the electric cooling fan when the A/C compressor clutch is engaged. Kit includes heavy-gauge wire harness, relay, 30 amp fuse, electrical connections and installation instructions.

Thermal Spark Plug Boot Sleeve Set

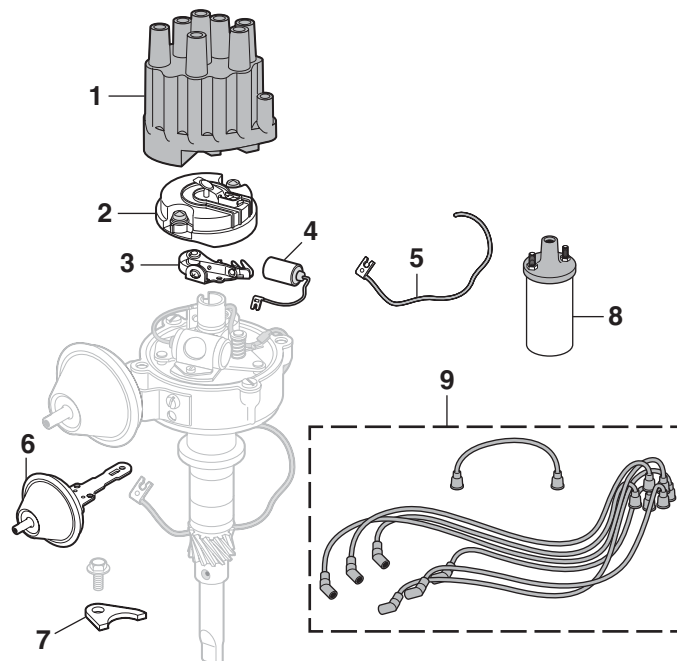

Thermal Spark Plug Boot Sleeves provide thermal protection against hot exhaust headers. Double-layer gray fiberglass sleeves are non-conductive and can directly contact hot surfaces without harmful effects. Chemically-resistant 3/4" diameter braided sleeves easily slip over any spark plug wire and boot configuration to protect from temperatures up to 1200°F. Call or go online and order yours today!

HEI Conversion Kit ... When It's Better to Be Pointless

36-2880

HEI Conversion Kit converts a mechanical breaker point ignition system into an electronic ignition for improved performance and reliability. Kit includes a new performance HEI distributor that fits small and big block Chevy engines, a high performance ignition wire set, an HEI powerlead and an ignition wire crimp tool. The higher voltage output of an HEI distributor allows larger spark plug gaps for added power, smoother throttle response and better fuel economy. Just locate a 12V power source, make the wiring connection to the included HEI powerlead with OE style connector and then plug in to the cap. The distributor is ready to install and comes complete with heavy-duty cap and rotor with brass terminals; 4 terminal ignition module and a 50,000 volt coil; low resistance, high performance 8mm black silicone ignition wire set with pre-terminated spark plug boots; all necessary distributor end terminals, boots and detailed instructions; and 1 wire hookup to ensure easy installation.

Due to varying exhaust manifold and header styles, ignition wire sets must be cut to length and the distributor end terminals must be crimped with the included ignition wire crimp tool. Choose your application based on the spark plug boot configuration (straight, 45° or 90°) that will work best for your truck. Call or go online and order yours today!

Flame-Thrower™ Billet Distributor

36-2961

The Flame-Thrower™ is a performance proven distributor. Stable timing and precise spark distribution is provided by the patented Ignitor II electronic ignition module. The Ignitor II increases performance by adjusting the dwell angle to maintain peak energy throughout the entire rpm range. For maximum high rpm performance use the low resistance Flame-Thrower II™ Coil.

Features include low torsion, tempered .500" diameter shaft for accurate timing and longer life; housings that are CNC-machined from highly polished 6061 T-6 aluminum for strength; a top roller bearing and oil impregnated bronze sintered bottom bushing that reduce friction and vibration; a machined heat treated gear to ensure durability and a tight mesh with cam to eliminate horsepower-robbing timing fluctuations; an easily adjustable proprietary mechanical advance; high dielectric strength cap with brass terminals and premium rotor; and additional springs for setting custom advance curves. Easy installation.

High Performance Spark Plug Wire Set

Upgrade current spark plug wires to these low resistance, high performance 8mm silicone wire sets with eight pre-terminated spark plug boots. Due to varying exhaust manifold and header styles, ignition wires must be cut to length and terminals must be crimped with an ignition wire crimp tool; sold separately. Choose the application based on the spark plug boot configuration (straight, 45° or 90°) that will work best for your truck. Distributor end terminals, boots and detailed instructions are included. Call or go online and order yours today!

Ignitor Electronic Ignition System ... Never Change Points Again !

30 Month Warranty

This precisely engineered solid state breakerless ignition system installs with only two wires. The entire Ignitor System is immune to dirt, oil, heat and moisture. Firing down to zero rpms it switches twice the energy of conventional systems. Installation is fast and simple; can be installed in the time required to change a set of points.

Starter Solenoid and Starter Repair Kit

1967-72 Chevy Truck, Blazer, Suburban
1967-72 GMC Truck, Jimmy, Suburban

Ignitor II Electronic Ignition System

Senses current level in the coil and adjusts dwell to maintain peak energy throughout the entire rpm range. Develops an average three times more available energy between 3,000 and 5,000 rpm and nearly doubles available plug voltage.

30 Month Warranty

High rpm performance is improved with the Flame-Thrower II™ Coil. Peak current level is reached just prior to spark, so ignition energy is sustained with less heat build up, increasing coil and module life.

Adjusts spark timing over the entire rpm range to compensate for the inherent electronic delay, resulting in more stable timing. Senses incorrectly wired or key left on and shuts down the system, protecting the coil and other components from damage.

36-0848	SIDE TERMINAL BOLT	\$.95
36-0845	TERMINAL CONVERSION SET	\$3.95

Many electrical problems can be traced to poor engine and body ground. Protect yourself from these problems by installing a ground strap between the engine and frame of your truck, this will ensure you have a proper ground for your coil, spark plugs and computer control module. For complete protection, add a ground strap from the frame to the body. Straps are made of tin coated stranded copper braid for durability and are simple to install.

AM/FM Antennas

38-1150

Universal Rubber Mast Antenna: This flexible antenna has a 180° adjustable base that makes top or side mounting easy. The removable mast measures 14" in length.

Electronic Musical Horn Plays 46 Sounds

Electronic Musical Horn plugs into a cigarette lighter or power point to play sound three times and stop automatically or can be used as a loudspeaker with included microphone. Auxiliary input allows you to play music from your MP3 player or iPod. Command module is 7" wide by 3" high and mounts using included adhesive backed hook and loop patches. No drilling is required.

Adjustable rotary on/off volume control allows for easy sound level control, five bright LED lights on control module instantly indicate system mode and a 4" diameter weatherproof horn mounts under the hood. For 12 volt negative ground systems.

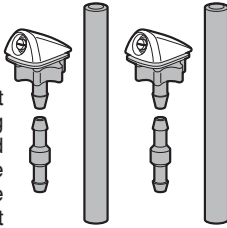

3 Modes ... Animal, Alarm or Music ... 46 Different Sounds

PART	DESCRIPTION	PRICE
38-1503	ELECTRONIC MUSICAL HORN	\$39.95

Universal Windshield Washer Nozzle Set

36-4099
\$9.95

Washer nozzle set replaces existing hood-mounted nozzles or can be added for a more effective spray. Kit includes two nozzles, connecting hose and spray adjust key. Drilling and extra hose are required on trucks not originally equipped with hood-mounted washer nozzles. Call or go online and order yours today!

Universal Windshield Washer Pump

This pump adapts to any 12-volt vehicle and installs in minutes with simple household tools.

36-4081
\$17.95

Features a gear-driven positive replacement pump to ensure a constant spray under all conditions. All necessary parts and instructions are included with pump.

Universal Windshield Washer Kit

Universal Windshield Washer Kit includes everything needed to replace worn or broken windshield washer system and adapts to any 12V vehicle. Washer bottle holds 1.5L of fluid and fluid levels can easily be read without removing the cap.

36-4083
\$18.95

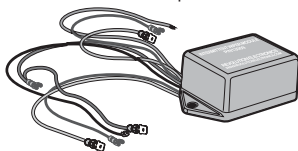

The kit includes washer bottle with attached cap, washer pump, 6-1/2 feet of washer hose, push-button switch with wire harness, nozzles and T-connector. Mounting brackets with hardware are also included.

Intermittent Wiper Module

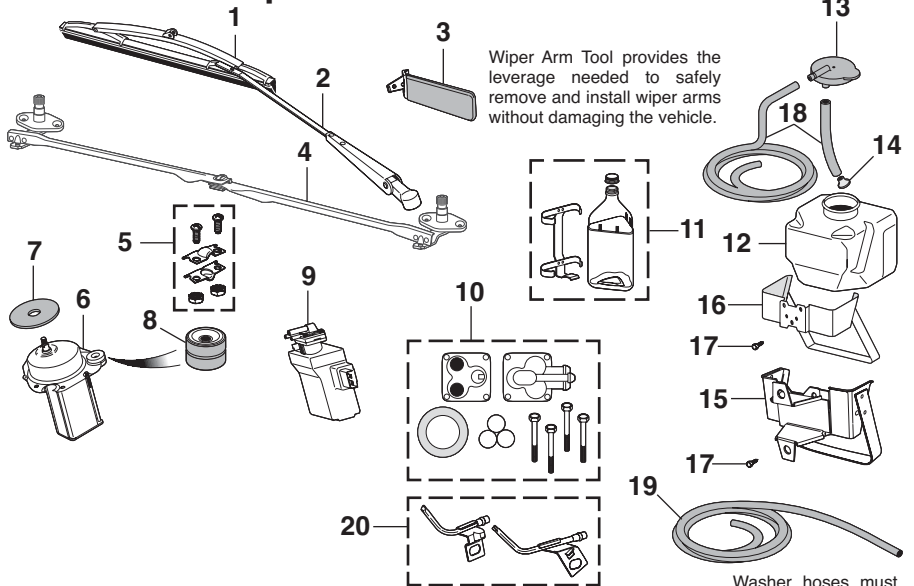

Fits trucks with two-speed wiper motors.

36-0902
\$72.95

This wiper module provides intermittent settings for 3, 5 and 8 second delay intervals. You can retain original wiper switch and motor for a factory look. Installs between the wiper switch and switch harness; includes detailed instructions for easy installation.

Windshield Wiper and Washer

Wiper Arm Tool provides the leverage needed to safely remove and install wiper arms without damaging the vehicle.

Washer hoses must be sized and cut to fit.

Heated Windshield Washer Kit

36-4085
\$99.95

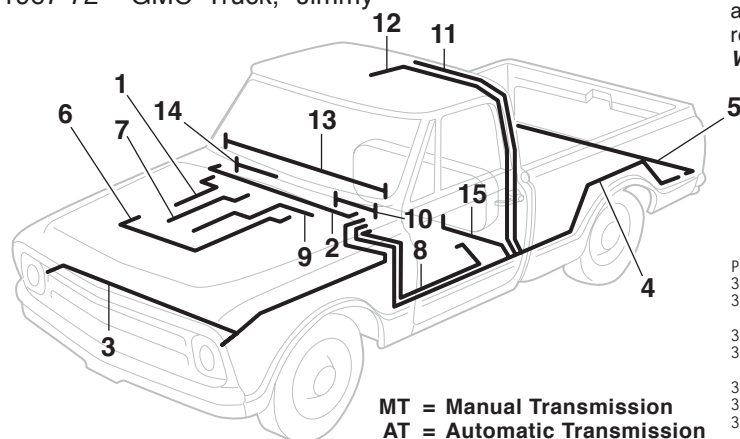

Heat your washer fluid to a temperature of 125-135°F for quick, effortless removal of frost, snow and ice this winter. Provides improved visibility for all driving conditions, while extending the service life of your windshield wipers by minimizing unnecessary wear. Ensures clog-free wiper spray nozzles for consistent spray pattern. Can also be used year-round to remove bird droppings, bugs, grime, road film and streaks.

Installs inline between windshield washer reservoir and spray nozzles. Connects directly to your battery with the included ground cable and fused power cable. Order yours today and see what a difference the Heated Windshield Washer Kit can make! Kit includes mounting bracket, hardware and instructions.

Classic Braid Flex Loom

36-2615

36-2597

Soft cloth-like 10 mil thick braided material is lightweight, flexible and retains shape and rigidity from -100°F to +250°F with a melt temperature in excess of +400°F. Features a lateral split along its entire length that closes in around the wire bundle without the need for tape or wire ties. Additional 25% edge overlap allows coverage around inline plugs, connectors and splices. Comes in 3/16", 1/2" or 3/4" diameter and sold as a 10' roll.

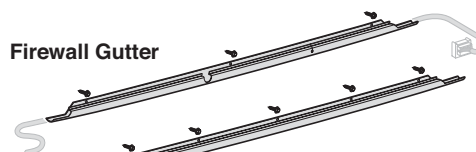

Wire Loom Installation Tool makes feeding wires into split wire looms a snap. Insert the wiring into the channel of the tool, rotate the handle to lock wiring in place and insert the loom separator into the split loom. Gently pull the tool through the loom while holding onto the wires. Available in three convenient sizes.

Wiring Harness Designed Specifically for Your Classic Truck

Wiring harness will rewire truck from headlights to tail lights and is able to add many options and accessories. The 18 fuse, 29-circuit fuse box and mounting plate install under dash. Easy-to-follow, illustrated installation manual included.

Harness is designed to accommodate truck's original switches and connections and works with many aftermarket products such as custom steering columns, electric fans, gauges, HEI distributors and more. The instrument cluster wiring disconnects from the main harness to assist service.

New switches including headlight, dimmer and ignition are supplied. Standard features include headlight connectors and parklight connectors, front harness grommets, original dome light wiring, extra underdash courtesy light wiring, original style rear light sockets, weatherproof boot and tube assemblies.

A/C wiring harness is sold separately. Harness will not work with an ammeter gauge. Does not include resistance wire for points ignition systems.

Universal Wiring Harness ... Finish the Job Right the First Time

Universal Wiring Harness is a comprehensive approach to rewiring your truck's electrical system. Factory assembled harness features a prewired fuse block with modern blade-type fuses and built-in additional circuits. Wiring Harnesses are available in 13 circuit and 20 circuit assemblies.

Highest quality terminals and color coded and labeled GXL/XLPE wire (cross-linked polyethylene, -60°F to 275°F abrasion resistant) are used. Includes conventional, GM SI internal regulated and 1-wire alternator leads; HEI distributor wiring; GM column mounted ignition switch connectors; headlight and floor mounted dimmer switches. Terminals are provided to make adapting to any aftermarket steering column easier. Standard features include starter wiring, tachometer lead, single headlight plugs, third brake light, horn relay, turn signal and 4-way hazard flashers, fuses, terminal ends and wire ties. Easy-to-follow instructions and schematics are included.

Heavy-Duty Headlight Harness
See Page 194

Wiring Harness is designed for single headlight systems only. Can be adapted for use on dual headlight models with additional wire and original sockets. Harness will not work with an ammeter gauge. Does not include resistance wire for points ignition systems.

13 Circuit Wiring Harness includes two accessory, air conditioning/heat, brake/courtesy lights, CB radio, cooling fan, gauges/instruments, hazard, headlights, parklights, radio, turn signal and wiper.

LED Headlights

LED headlights dramatically improve safety and visibility with a bright white light output for superior night-time driving. Features a cast aluminum powder-coated housing with an impact-resistant polycarbonate lens and rugged aluminum reflector.

Solid state bulb-free design is resistant to damage from shock and vibration. DOT approved headlight is energy efficient and lasts longer than conventional bulbs.

Heavy-Duty Headlight Harness

36-3580

Does not fit models with daytime running lights.

Heavy-Duty Headlight Harness draws power directly from the battery whereas the original wiring draws its power from the headlight switch. Harness has separate relays for low and high beams and features OE-style headlight sockets for easy installation. No splicing or cutting required. Call or go online and order yours today!

PART	DESCRIPTION	APPLICATION	REQD	PRICE
36-3580	HEAVY-DUTY HEADLIGHT HARNESS	CHEVY 67-72	(1)	\$24.95
36-3581	HEAVY-DUTY HEADLIGHT HARNESS	GMC 67-72	(1)	\$22.95
36-3592	REPLACEMENT RELAY-LOW/HIGH		(2)	\$4.95

Underhood Lamp Kit

Underhood Lamp Kit adapts to any 12 volt truck and helps illuminate the engine bay. Necessary installation hardware is included. No need for wiring to a switch, bulb socket base is gravity activated; lamp comes on when hood is raised and goes out when lowered. Mount underneath hood and connect lamp wire to any constant hot vehicle wire. Moisture proof in-line fuse is integrated into wire for protection.

Installation Tip: Since all hoods and mounting locations are different, a slight adjustment to mounting bracket may be needed to assure light goes out when hood is closed. After mounting bracket and wires have been installed, apply pressure to the mounting bracket to change the angle as needed.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
36-4502	UNDERHOOD LAMP KIT	CHEVY GMC 67-72	(1)	\$24.95
36-0225	REPLACEMENT BULB	FOR 36-4502	(1)	\$9.95

Driving Light Set

38-1274

Driving lights provide a longer, more focused beam pattern for improved long-range vision. Features include reinforced steel housing with black finish and adjustable chrome mounting bracket with 10mm mounting stud; and state-of-the-art reflector which gives maximum light output from a 4-1/2" diameter light. Lights are complete with illuminated push button switch, 12-volt relay, all necessary wiring, mounting hardware, protective lens covers and high efficiency halogen 12V 55W replaceable bulbs.

For added style, replace the white halogen bulb with a halogen blue-coated bulb. The blue-coated bulb creates an intense white light which gives the cool look of HID (high intensity discharge) lighting without the high price.

Custom Headlights ... Brighter Light for Greater Distance

These OE-quality headlights feature an aluminum die-cast housing with a protective finish coating, making the housing corrosion free. Maximum light output is produced by brighter light focused on the road for a greater distance.

The strong, semi-hardened, crystal clear glass lens does not diffuse the light like traditional headlight lenses. A high-efficiency white halogen 12V 60/55 watt replaceable bulb is included. DOT and SAE approved.

Electronic Flasher ... For LED Lights

An Electronic Flasher is recommended when upgrading to LED bulbs or light assemblies. Due to the lower current draw of LED lighting, the factory flasher may cause inconsistent flash rates, no flash or indicate that a bulb is out.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
36-0356	ELECTRONIC FLASHER	67-72	(1)	\$11.95

Custom Light Bulbs

Custom Bulb Sets

36-0275

Custom high-performance light bulbs feature the latest breakthrough in interference coating technology which gives a cool, iridescent appearance when unlit and street legal amber light when illuminated. Sold in sets of two. The best effect is achieved when installed with white sockets; check yours before ordering.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
36-0275	CUSTOM BULB SET-AMBER	PARKLIGHT 67-72	(1)	\$7.95

LED Bulbs

36-0362

36-0368

36-0367

36-0209

36-0205

LED bulbs have no filament, making them less sensitive to vibrations, and illuminate 140 times faster while lasting up to 20,000 hours, much longer than conventional incandescent bulbs. They emit less heat and use only 15% of the energy required by incandescent bulbs, reducing the load placed on a vehicle's electrical system.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
36-0362	LED BULB-AMBER	PARKLIGHT 67-72 (2)	(2)	\$24.95

Note: "A" Models with standard rear bumper.

Superwhite Bulb Set Produces 30% More Light

36-0310

Superwhite headlight bulbs produce 30% more light while retaining the street legal wattage. Superwhite bulbs use a proprietary mixture of premium gases that includes Xenon, which cools the light filament, improving the efficiency and light output of the bulb, unlike standard halogen bulbs which use less efficient argon gas.

36-0298

Superwhite bulbs operate in the Kelvin color temperature range of 4000-4200K, producing a brighter, white light. Traditional halogen bulbs operate at 2600-3000K, emitting a more yellowish appearance. Sold in sets of two. Call or go online and order yours today!

PART	DESCRIPTION	APPLICATION	REQD	PRICE
36-0310	SUPERWHITE SET FOR HEADLIGHT	#36-0281 67-72	(1)	\$19.95
36-0298	SUPERWHITE SET FOR HEADLIGHT	#36-0299 67-72	(1)	\$23.95

Halogen Blue-Coated Headlight Bulbs

36-0291

Replace the white halogen bulbs with a halogen blue-coated bulb. Blue-coated bulb creates an intense white light, giving the cool look of HID (high intensity discharge) lighting without the high price; call or go online and order yours today!

Halogen Bulb Tech Tip: Always handle halogen bulbs by the plastic base to prevent contaminants on the glass from shortening the life of the bulb.

LED Lighting

New technology previously only on high-end luxury cars is now available for trucks! LEDs quickly alert other drivers of your intentions with LED bulbs that illuminate 140 times faster than conventional incandescent bulbs, which translates to a gain of 20+ feet of reaction distance.

Additional LED benefits:

LED lights have no filament, which means they are less sensitive to vibrations, and they can last up to 20,000 hours. They use only 15% of the energy required by incandescent bulbs, reducing the load placed on your truck's charging system, and less heat is emitted.

An Electronic Flasher is recommended when upgrading to LED bulbs or light assemblies. Due to the lower current draw of LED lighting, the factory flasher may cause inconsistent flash rates, no flash or indicate that a bulb is out.

Collector's Guide

GMC Light-Duty Trucks: By James K. Wagner. Book takes an in-depth look at the distinctions between GMC models and significant technical features over the last 100 years. It details the expansion of models prior to World War II, GMC's contributions to the military effort, and the major postwar styling and functional redesigns between 1947-55. Highlights breakthrough engineering efforts with the V-6 engine program that set GMC apart from other brands and summarizes the past 30 years of the GMC brand describing the diversity of models including compact pickups, vans and sport utility vehicles. Softbound, 128 pages, 130 b&w illustrations.

38-0448

Loctite Ready Gasket makes leak-proof gaskets for temperatures from -75°F to 450°F. Blowout resistant, sensor-safe and ideal for sealing differential covers, valve covers, water pumps, thermostat housings and more.

PART	DESCRIPTION	PRICE
38-0767	4 OZ CAN	\$14.95

Loctite Copper Anti-Seize Stick protects against high-temp seizing and galling of fasteners up to 1,800°F. Perfect for spark plugs, exhaust manifold bolts, thermostat housing bolts and oxygen sensors.

PART	DESCRIPTION	PRICE
38-0765	20 GRAM STICK	\$5.95

Strip Caulk is a non-hardening, non-shrinking waterproof black caulking material with great adhesion properties

and is temperature resistant from -400°F to +500°F. Perfect for sealing around hoses, tubing, wiring or any other hole, joint, seam, void or gap to prevent fumes, moisture or noise penetration. Easy to apply and can be painted immediately. Contains twelve 1/4" x 12" strips.

PART	DESCRIPTION	PRICE
38-0779	STRIP CAULK	\$3.95

Loctite RTV Red is a high-temperature silicone gasket maker and adhesive. It forms a tough, flexible seal that is resistant to most chemicals without hardening, shrinking or cracking. RTV Red has a temperature range of -75°F to +600°F and is sensor-safe.

PART	DESCRIPTION	PRICE
38-0774	2.7 OZ TUBE	\$6.95

Loctite Threadlocker prevents loosening of threaded fasteners caused by vibrations. Seals and protects threads from rust and corrosion. Allows disassembly with standard hand tools.

PART	DESCRIPTION	PRICE
38-0771	.2 OZ TUBE	\$6.95

Penetrating Graphite Oil is a waterproof lubricant for all metal products. Keeps brake cables, speedometer cables, hinges, locks and other metal applications working smoothly. Helps prevent corrosion and rust.

PART	DESCRIPTION	PRICE
38-0747	.5 OZ TUBE	\$3.95

Loctite LB 8108 is a high-performance synthetic grease that provides superior lubrication and protection on bearings, hinges, latches, linkage, seat tracks, slides, springs and other automotive applications. Available in a 10.1 ounce aerosol can.

PART	DESCRIPTION	PRICE
38-0748	10.1 OZ AEROSOL	\$5.95

Loctite Dielectric Grease extends the life of electrical components by protecting them from moisture, salt and corrosion. Also prevents spark plugs from fusing to boots. Use on fuses, battery terminals, ignition components and other electrical connections.

PART	DESCRIPTION	PRICE
38-0770	.33 OZ TUBE	\$4.95

Loctite Spray Adhesive dries clear with superior bonding strength. Excels at attaching upholstery cloth, carpeting, insulation and has many other uses. Not recommended for use on headliners.

PART	DESCRIPTION	PRICE
38-0798	10.5 OZ CAN	\$7.95

Permatex Windshield and Glass Sealant is a silicone sealant for windshields, windows and other glass. Flows into leaks like water and dries to form a flexible, tough, clear seal that is resistant to extreme temperatures, vibration and most chemicals.

PART	DESCRIPTION	PRICE
38-0783	1.5 OZ TUBE	\$5.95

Seam Sealer provides superior adhesion and flexibility without cracking or peeling. Its self-leveling qualities make it an excellent sealer on cowl, floor, doors and wheel house seams. Skin time is 1-2 minutes and can be painted in 30-60 minutes. Applies with a standard caulking gun.

PART	DESCRIPTION	PRICE
38-0781	11 OZ TUBE	\$9.95

Loctite Rubberized Undercoating is a heavy-duty undercoating that seals, protects and insulates frames, floor pans, wheel wells and other body panels. Rubberized for maximum durability.

PART	DESCRIPTION	PRICE
38-0766	16 OZ AEROSOL	\$6.95

Vinyl Edge Sealer Pen is an ultraviolet light-blocking, fast-drying, clear acrylic sealer that protects the edges of vinyl decals, graphics and the ends of adhesive chrome body moldings. It features a wedge applicator tip for a smooth, even application.

PART	DESCRIPTION	PRICE
38-0921	.3 OZ PEN	\$14.95

Castrol Brake and Clutch Fluid exceeds DOT 3 and DOT 4 specifications and is recommended for all vehicles with these requirements. Unique synthetic formulation provides maximum protection against vapor lock failure. Available in a 12-ounce bottle.

PART	DESCRIPTION	PRICE
38-0785	CASTROL FLUID	\$5.95

Loctite Weatherstrip Adhesive is a strong and flexible waterproof adhesive for bonding all types of rubber weatherstripping. Withstands vibration and extreme temperature variations; dries black.

PART	DESCRIPTION	PRICE
38-0792	5 OZ TUBE	\$6.95

3M™ Adhesive Tape is a high-performance, double-sided tape for all types of accessories, both interior and exterior. The tape's foam core allows it to expand and contract with temperature changes and to conform to surface irregularities and gaps. Includes three 1" x 12" strips.

PART	DESCRIPTION	PRICE
38-0788	3M TAPE	\$8.95

Silicone Brake and Clutch Fluid meets DOT 5 requirements and is best for extended use; it won't absorb water that can cause corrosion. Silicone Brake Fluid will not harm painted surfaces. Available in a 32-ounce bottle. **Not compatible with DOT 3 or DOT 4 brake fluid. Not for use in vehicles equipped with ABS.**

PART	DESCRIPTION	PRICE
38-0787	SILICONE FLUID	\$29.95

What You Need to Know Before Ordering:

We are excited that you've decided to make us a part of your journey! Whether you are rebuilding from the ground up or just adding some distinctive touches to your vehicle, we are proud to give you a hand.

In addition, we'd love to see what you've been up to with your projects, so please log on to lmctrucklife.com and share your stories and pictures.

Understand that we are not trained automotive technicians. We want you to consult with mechanics regarding technical advice. Technical information is also included in the workshop manuals shown in this catalog. Please take the time to consult these resources if you feel you need to.

On those occasions that we've run out of a part on your order, chances are that it's already on its way to us. These items are listed as backordered on your invoice and will be sent your way as soon as possible. If you're not interested in waiting for your backordered product, just call our customer service line at (800) 562-8782, and we will cancel it and refund any money that has been paid.

You can also write "No Backorders" on your order form before you send it to us, and we'll make sure only to ship the products we currently have in stock.

Some parts have extra charges. Please consult below to make sure you understand these charges and so you aren't surprised later.

Part Number Definitions

- T** - After a part number means that part must be shipped Truck Freight. The prepaid order will include a \$125.00 charge for delivery in the 48 contiguous United States. Orders outside of 48 states will be quoted. Due to packing and/or transportation requirements, please allow additional time for delivery.
- * - After the sell price means Oversize Part Charge. Your order will incur a charge of \$20.00 for each oversized part. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery.
- Z** - After a part number means Remanufactured Part. Core charge will be applied then refunded after receipt of a rebuildable core.
- R** - After a part number means Remanufactured Part. No core charge.

And one more thing, the part our lawyers make us say: We reserve the right to refuse service or shipment to anyone. We reserve the right to collect a service charge of \$20 for a returned check and to hold any shipments until the fee is collected.

Thank you for your support. Best of luck with all your projects!

What You Need to Know Before Returning:

If only we lived in a perfect world! Unfortunately, we don't, and things can go wrong. When that happens, we do our best to try to make things right again. But we need your help as well.

All returns must be in like new condition and in the original packaging. Please include a copy of your invoice, as that will make the process quick and easy.

We refund your payment the same way you paid. Refunds of less than \$1 will not be made except by customer request.

We can't be responsible for damages, so please package your returned items carefully.

If you can ship the item back to us ground or USPS within the 48 contiguous United States, you don't need to call for authorization. Just send it to us at:

15450 W. 108th St. Lenexa, KS 66219

If we shipped you the wrong item, send it back, and we'll send the right item and reimburse you the ground rate for your return.

We can't accept anything that has been installed (unsuccessful attempts do count), disassembled, drilled, welded, cut, painted, or modified in any way, so please make sure to check and doublecheck the fit before starting any work.

If you are returning a kit, it needs to contain all the parts you received. No partial kits may be returned.

Electronic media (CDs, DVDs) cannot be refunded once they are opened. However, if it is not working properly, it can be exchanged for the same part number.

Please call our customer service line for a return authorization if your part was delivered outside of the 48 contiguous United States.

If you want to return something you bought over a year ago, please call our customer service line for return authorization.

You must call Customer Service when returning a Truck Freight item.

Customer Service Line: (800) 562-8782

¿Habla Español? (855) 456-2288

A 20% non-refundable restocking fee will be added to anything that's over a year old (unless the extended manufacturer warranty is still in effect, of course) as well as to any unauthorized Truck Freight returns.

And the legal part again: We have the right to refuse any return we deem unfit for resale. We also have the right to refuse any shipments where the shipping charges, duties, customs, etc., are not prepaid.

**California Prop 65 Warning**

- Orders must be pre-paid. Orders received before 3:00 p.m. Central Time will ship same day.
- Gift Cards can now be redeemed through the mail or by phone.

What You Need to Know About Shipping within the 48 Contiguous States

We do our best to keep our shipping charges as low as we can. However, some items we carry need some extra space or special handling, so these may require extra charges to ensure they get to you in the most reliable, safest way. Please check your shipment as soon as you can to make certain that everything is accounted for and nothing is damaged. We do everything in our power to ensure your product arrives undamaged.

Shipping charges are based on the "Parts Total" on your order. This chart shows the basic charges for Ground, 2nd Day Air (for delivery the second business day after the order is placed), and Next Day Air (for delivery the next business day) for shipments to the contiguous 48 states. Exceptions are listed below. Limitations may apply.

New Shipping Prices

Order Parts Total	Ground Delivery	2nd Day Air	Next Day Air
Up to \$10.00	\$ 4.00	\$ 23.00	\$ 43.00
\$10.01 to 25.00	6.00	27.00	50.00
25.01 to 50.00	8.00	32.00	57.00
50.01 to 100.00	15.75	43.75	70.75
100.01 to 150.00	23.75	60.75	86.75
150.01 to 250.00	29.75	69.75	96.75
250.01 to 350.00	34.75	78.75	112.75
350.01 to 500.00	37.25	83.25	125.75
500.01 to 999.99	40.75	Quote	Quote
1000.00 and Up	Free Ground ▼ Free Truck Freight ▼	Quote	Quote

If you are ordering Oversized Parts (indicated with a * throughout this catalog), or if you are placing an extra large order, please allow for extra packing and delivery time.

In order to qualify for the free Ground shipping or free Truck Freight, your entire \$1000+ order must be placed at one time. We may have to split your shipment, but we will pick up the shipping charges.

If you want delivery by 2nd Day or Next Day Air, your order must be in by 3 p.m. Central Time, Monday through Friday. This service is available only within the 48 contiguous states and not allowed to P.O. boxes or APO/FPO addresses. There are some limitations on what we can ship by air, based either on size of the products or the items themselves (ORM, Other Regulated Material, such as adhesives are not allowed on air shipments, for example). Oversize Parts (*) are not available for air delivery. Delivery can't be guaranteed on holidays. Backorders will be shipped ground when those products arrive at our warehouse unless other arrangements are made.

Truck Freight and Oversized Parts are not available for Saturday delivery.

Customer Service Line: (800) 562-8782

¿Hable Español? (855) 456-2288

If you are shipping within Kansas, you will be charged state and local taxes. This also applies if you pick up your order in person at the City Counter, unless you have a Kansas State Resale Exemption form on file with us.

What You Need to Know About Shipping to APO and FPO Addresses

We are thrilled to be able to ship to those who are serving our country; however, there are some limitations on these shipments. We are unable to ship Truck Freight items to you at this time. All orders will be shipped complete, via Insured Priority Mail through the USPS. Size limitations will apply. Please make sure before you place your order that what you are ordering will be accepted and is deliverable to you in your location.

What You Need to Know About Shipping USPS Priority Mail to Alaska, Hawaii and the U.S. Territories

This chart shows shipping charges on orders up to \$500 that qualify to ship USPS Priority Mail. Parts must be 108 inches or less and weigh 70 pounds or less to qualify for USPS Priority Mail. If any part does not meet these qualifications, your order will be delivered by ground for additional charges.

Order Parts Total	USPS Priority Mail Alaska, Hawaii & U.S. Territories
Up to \$20.00	\$ 19.95
\$20.01 to 50.00	25.95
50.01 to 75.00	36.95
75.01 to 100.00	41.95
100.01 to 150.00	45.95
150.01 to 250.00	54.95
250.01 to 350.00	65.95
350.01 to 500.00	71.95
500.01 and Up	Quote ♦

All orders will ship complete. Any additional delivery charges will be added to your total as needed, including Oversize Part charges or overweight charges.

♦ You will be contacted with charges.

We will need a daytime phone number with your order. If there is a problem with your order, we will attempt to contact you three times. If we are unsuccessful, your order will be cancelled 5 days after that third failed attempt.

What You Need to Know About Shipping to Canada

Your orders will be shipped ground "Door to Door," which includes brokerage, duty and tax. Charges will be based on the value of your shipment. Document and preparation fees are included. Please call our customer service line for assistance.

What You Need to Know About Shipping Internationally

All international orders ship complete. Shipping charges must be prepaid in U.S. funds. Brokerage, duties, taxes, and fees associated with the order are paid by the customer. We do not accept personal checks on international orders.

What You Need to Know When Shipping Problems Occur

Please open your package(s) as soon as possible and make certain that everything is accounted for and nothing was damaged in shipment. Damaged shipments are the responsibility of the carrier and must be reported to the carrier within 15 days of receipt.

If the package looks damaged when it arrives, open it with the delivery person present, so that they can make an immediate report of damages and discrepancies. If the damage is not obvious at the time of delivery, or if the package was left for you by the shipping company, contact their customer service as soon as possible to make your claim.

On Truck Freight shipments, it is your responsibility to check your order and have the driver note any damage on the freight bill before you sign for your item(s).

Please keep all packing, packaging and contents until your claim has been settled with the shipping company.

What You Need to Know About Shipping a Rebuildable Core Part

Without the constant inflow of rebuildable cores, items can become discontinued and unavailable.

Some items carry a Core Charge which can be reimbursed by your sending in a core that can be rebuilt into a usable part for someone else. These items are marked throughout the catalog with a -Z in the part number. In order to get your Core Charge refund, the part you send in must be clean, complete and rebuildable according to the standards set on that item's catalog page.

Please send us the core part back with a copy of your invoice. If your core is acceptable, we will refund your money in the same way that you paid the Core Charge plus any shipping charges. To be reimbursed for your core return shipping charges, please include a copy of your shipping receipt.

New Rules for Out-Of-State Sales Taxes

On June 21, 2018, the United States Supreme Court fundamentally changed the rules for collection of sales tax on out-of-state transactions. In its decision the Court effectively stated that individual states can require online sellers to collect state sales tax on their transactions. Many states already have, and more will continue to, impose sales tax collection on companies.

Based on this ruling we will be collecting taxes if you reside in a state that requires us to do so.

If you are planning on sending an order by mail, please be sure to check your State and Local Sales Tax rates.

NEW**Holley Sniper Electronic Fuel Injection (EFI) for 2 Barrels**

Not legal for use on pollution controlled vehicles.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
38-4514	HOLLEY SNIPER EFI KIT-BLACK	2 BARREL	(1)	\$999.95

Holley Sniper EFI provides one of the best and most economical ways to update the performance and drivability of your classic truck. Put an end to cold start issues, hesitations, vapor lock and poor throttle response. Sniper EFI gives you all the power and reliability of electronic fuel injection with none of the tuning issues commonly associated with carburetors.

With the self-tuning abilities of the Holley Sniper EFI, installation is as simple as removing your carburetor, installing the EFI, running fuel lines, answering a few simple setup questions on the handheld tuner, starting the truck and letting the EFI tune itself as you drive.

Wiring doesn't get any easier. It's a simple four-wire connection, and you don't have to be a computer whiz to use it. You don't even need a laptop. Just answer a few simple questions about your engine, and the Sniper EFI system automatically creates the base map and starts tuning on its own.

PART	DESCRIPTION	APPLICATION	REQD	PRICE
38-4515	HOLLEY SNIPER EFI KIT-SHINY	2 BARREL	(1)	\$999.95

Features an integrated ignition timing control and coil driver. A high resolution, color 3.5" touchscreen is used for initial setup, tuning, and gauge display. Includes all necessary sensors, brackets and wiring, along with a thoroughly detailed instruction manual to ease installation and setup. Available in black or shiny, ceramic finish.

38-4514 and 38-4515: Fits 2 barrel 6 cylinder and V8's that came with a Rochester 2GC small bore carburetor. Supports up to 350 horsepower with two injectors. Installs directly to the factory Rochester 2GC intake manifold, no adapter required. The Sniper EFI air cleaner flange matches the Rochester 2GC so it accepts most factory air cleaners.

A high pressure fuel delivery system is required for operation of the Sniper EFI; #38-4510 Inline Fuel Delivery Kit is sold separately, see page 118.

The Big Blue Jacked Up Girl

Nate Gobeyn and His 1971 Chevy Blazer

When I was younger, I always wanted a lifted truck, but never got one. When I got older, I wanted a convertible to go out cruising with my wife and kids. The K5 Blazer was the answer, a convertible lifted truck.

I looked into these Blazers, years 1969-1991, and narrowed it down to 1969-1975 because these were the full convertibles. After talking to my father, I decided to find a first generation 1969-1972. First generation is my dad's favorite style as well as mine. He said, "I know they are more money but that's the style that you should get. You won't regret it." We had a 1972 Chevy wood cutting up truck back in the day, so this will bring back some good memories!

I looked for months for a Blazer. I could not find anything that was not rusted out, beat up or out of my price range. Living in Michigan makes it hard to find a Blazer in good shape, and traveling out of state was not an option.

We have a small tow truck service and I needed to get a seat re-upholstered. I took it to our friend, Jay, to get it done. Jay does interiors of vehicles and a lot of old car interior restorations. I asked him if he knew of any first-generation Blazers around. He said his friend Brian (who has a body shop about 30 miles away) used to have one in storage that he thought was still there.

I called Brian and he said he still had it and would sell it. He advised me he did all the body and paint work and ran out of time because of other projects. He had owned it for eight years. He also had all the original seats redone and a lot of new stuff for the inside, including the carpet. He sent me some pictures. When I got the pictures, the grille was hanging on the wall, the seats and inside misc. was on a shelf. It looked rough, but I saw potential in it to become an awesome machine.

My buddy Chris volunteered to help me put the Blazer together. I showed him the pictures and he agreed it was worth going to look at. The truck was solid, but needed a lot of work. There was no gas tank hooked up, so we put some gas in a Mountain Dew bottle to hear it run. Chris gave it his blessing, but I still had to get the blessing of my wife and girls. I knew this would be tough

Your Truck ... Your Story

Imctrucklife.com

with the condition it was in. The next day, I took the wife and kids to look at it. I got the reaction I expected. I told them what the end result would be. They had enough confidence in me, so they gave me their approval!

I purchased the truck August of 2017 and we got it road worthy summer of 2018. We painted and undercoated the entire underneath and did all brakes and brake lines. We also installed a 4-inch lift with 35-inch tires. We changed all the fluid gaskets, replaced all new u-joints as well as a lot of little things and fabrication that came along. Under the hood was cleaned up and painted and wiring cleaned. We changed the intake, valve covers, belts and hoses, distributor cap and rotor. Inside, we fabricated a roll bar, reinforced and installed the seats and new

seat belts, installed the carpet, and put on a soft topper. Almost all the parts that Brian (the old owner) and I purchased were from LMC. And the parts all look great!

Since the truck is completed and we are driving it, everyone in the family agrees it was a good investment. I am now 44 years old and finally have my lifted truck and my wife and girls (4, 5 and 7 months old) have a convertible they love. With all the hustle and bustle, technology and electronics in the world today, it's nice to see that something simple from 1971 can put such big smiles on our faces as well as others. My 4- and 5-year-old daughters get so excited to ride in the Blazer and named it "The Big Blue Jacked Up Girl".
