

2018 CATALOG

Here at FMB CHOPPERS, we pride ourselves on custom handmade all American motorcycle parts. At FMB you can change the height, pullback, or width of any of our bars for a truly custom handlebar. All of our handlebars come with a lifetime warranty! Even if you drop your bike and bend them, just send them back to us and we will fix them or replace them for free. Our handlebars are made out of .120 Dom steel tubing, hand tig welded, sanded and polished. If you are interested in our handlebars for a motorcycle that is not listed in our catalog, we have no problem changing any of the bars to fit your bike. If you have any questions, please feel free to call us at 707-706-FMBC Or email us at FMBCHOPPERS@gmail.com
